GENERAL EXPLANATION OF THE COUNTY BUDGET FORMAT

The format of the County's budget is determined primarily by Chapter 167 of the Westchester County Charter and Local Law No. 4 of 1986. Accordingly, the County Budget consists of:

County Current Operating Budget (Section C), which provides funds for current governmental services.

Westchester County Airport Special Revenue Fund (Section D), which provides funds for current operations of the County Airport.

Special Revenue District Current Operating Budget (issued as a separate document), which provides funds for current operations of county-managed sewer, water and solid waste districts.

Capital Budget (issued as a separate document), which provides funds for long-term physical improvements, i.e., the acquisition or construction of buildings, roads, etc.

The Community College Operating and Capital Budget, as established by Local Law No. 4 of 1986, is adopted in August of each year and is issued as a separate document at that time.

Supplementary and explanatory information for the County and for the Airport Special Revenue Fund is provided in the following sections of the budget document:

Budget Message by the County Executive, which reviews the budget development policy and highlights the budget's major aspects.

A - Enabling Acts.

B - Summaries of the County operating budgets, expenditures and revenues, and supporting schedules.

C - Operating Budgets, including trusts and grants for informational purposes.

D - Airport Special Revenue Fund established January 1, 1998.

E - Salary scales in effect at the time of budget submission.

GENERAL EXPLANATION OF THE COUNTY BUDGET FORMAT

The County Operating Budget is supported by a combination of Federal and State aid, departmental revenues from fees and charges for services, a County-wide tax on real property, reduced by the proceeds of the 1.5% basic County-wide sales tax, the County's 55.33% share of the additional 2.5% sales tax levied in the towns and cities of Peekskill and Rye, a Hotel Occupancy Tax, Motor Vehicle Use Fee, a Mortgage Recording tax, balances and reserves from prior years' operations (surplus or fund balance), and other miscellaneous revenues.

Special Revenue District Operating Budgets are supported by a district tax on real property within the boundaries of the district serviced, limited state aid, balances and reserves from prior years' operations, charges to other budgets or funds for services rendered, fees collected for special services to the public and other miscellaneous revenues.

The Capital Budget is financed by direct contributions from both county and district current operating budgets, federal and state aid, municipal or private contributions, and borrowing. The amortization and interest charges resulting from approved borrowing are provided for the debt service sections of the appropriate county and district current operating budgets in the years in which payments are due.

The County's fiscal year is January 1st through December 31st except for the Community College where the fiscal year is September 1st through August 31st. The appropriations for current operating budgets expire at the end of each fiscal year. Any excess of revenues over expenditures is used to finance subsequent budgets. Capital budget appropriations, however, do not expire until the project is completed or otherwise ended.

County and district budgets have the same basic detail. Each department or district is captioned with the name of the unit, followed in parenthesis by a code number unique for that unit. Appropriations are subdivided to show Personal Service (Annual Regular and Other Personal Service), Purchase of Equipment, Materials and Supplies, Expenses, Expenditure Transfers and Reimbursements. In addition, the County budget has Relief and Debt Service detail. Within these categories is a further breakdown showing the objects of expenditures. Six columns of information are provided from left to right:

"Expended", showing the actual expenditures for the last completed fiscal year.

"Adopted", showing the amounts originally adopted for each account as of January 1st of the current year.

"Appropriated", showing the amounts allotted in the current budget for each account as of September 30 of the year in which the budget is presented by the County Executive to the Board of Legislators. It thus represents the budget as originally adopted but with all amendments and transfers subsequently made up through September 30, 2022.

GENERAL EXPLANATION OF THE COUNTY BUDGET FORMAT

"Projected", representing estimates only of current yearend figures based upon financial data for nine months of the current year. These estimates do not include post closing adjustments and/or audit adjustments to expenditures or revenues which occur each year as a result of the examination of the County's financial records by the independent auditors only when the fiscal year is "closed out". Traditionally post closing and other audit adjustments have substantially changed the County's actual year end position when compared to the projected year end position.

"Requested", lists the amounts requested by each department for the ensuing fiscal year.

"Allowed", represents in the Proposed Budget the amounts recommended to be allowed by the County Executive and in the Adopted Budget the amounts actually appropriated or allowed by the Board of Legislators for the ensuing year.

The Personal Service section shows position titles, the job groups in the pay plans to which those positions are allocated, and the numbers of each position. To determine the compensation of a particular position, find the Roman numeral job group next to the position title. Then, using the salary scales printed at the end of the budget document, find the corresponding Roman numeral job group and applicable salary scale. Salaries of flat rated positions are shown opposite their respective titles. The salaries of elected officials have been budgeted at the maximum of the job group indicated. The actual compensation paid is dependent upon appropriate provision of law.

The appropriations for Annual Regular in the Requested and Allowed columns reflect the salary scales in effect and the compensation for which the incumbents of the titles are eligible at the time the budget is prepared. Savings have been taken to reflect part year increments to produce the total appropriation required. Adjustments may be made to reflect funding for current union contracts. Certain annualized positions are budgeted under Expenses. County wide position totals in all categories by department are presented in tabular form in Section B.

The Capital Budget, which is issued as a separate document, details the amount authorized and/or appropriated for the current and past year for each of the capital projects and the amount allowed for the ensuing year. The total of these amounts may not be the ultimate cost of these projects, but only that which is appropriated during the particular years cited. The method of financing these appropriations is shown in a similar manner. In addition, the County's capital and debt policies are enumerated in the Capital Budget introduction.

The Statement of Pending and Proposed Capital Projects consolidates information concerning estimated ultimate total cost, funds appropriated and expended to date, amounts allowed in the newly adopted budget as well as the financing. As required by the Charter, the Planning Board recommendations concerning each project are noted. The report of the Capital Projects Committee is also included.

GENERAL EXPLANATION OF THE COUNTY BUDGET FORMAT

In addition, a summary table of the Capital Budget expenditures and planned financing is presented to aid in analysis.

In 1991, the State Legislature authorized an additional one percent sales tax for the County on localities outside the cities and a corresponding spending cap limitation on all County non-mandated expenditures. This authorization has been extended through November 2023. County budgets for the years 1992 through 2023 comply, in all respects, with the spending cap limitation.

In 2011, the State Legislature enacted Chapter 97 of the Laws of 2011 to limit the annual increase in the tax levy to the lesser of 2% or the rate of inflation. The 2023 Budget complies, in all respects, to the "Tax Levy Limit Law."

Board Of Legislators (10)

Mission Statement

The Board of Legislators is the legislative branch of Westchester County government and is responsible for setting county policy through the enactment of all local legislation and appropriations. The Legislature is comprised of 17 members. The specific powers and duties of the Board that constitute its responsibilities and purpose are contained in the Westchester County Charter and in the Laws of the State of New York. Chief among those is the adoption of annual operating, special district, capital and community college budgets; levying taxes; setting fee schedules for certain county services; and authorizing the issuance of debt. The Board also approves appointments made by the County Executive. Additionally, the Board provides oversight of all government functions as managed by the Executive Branch of County government. The Westchester County Board of Legislators is responsible for managing the size and cost of government, while making critical investments which create jobs, protect the environment and provide essential services for all County residents. The Legislators also serve as a first point of contact for residents to engage with the various aspects of County Government.

Youth Bureau (11_0400)

The mission of the Westchester County Youth Bureau is to ensure equity and access to formal and informal services, supports and opportunities for children, youth and families to thrive. The Westchester County Youth Bureau invests the time, talent and financial resources to ensure high quality programming, support and opportunity to Westchester's children, youth and families. Recognizing the extensive diversity and urgency of needs within our community, we are committed to fostering collaboration, integrating youth voice into our work and demonstrating effectiveness within funded programs. By developing comprehensive networks and strategies that integrate prevention, intervention, monitoring and assessments, the Youth Bureau will achieve its goals of preparing children and youth for self-sufficiency and good citizenship, while making formal and informal resources accessible to residents and families.

Youth Bureau (11_0400)

PROGRAM AREA AND SERVICES:

The Youth Bureau deploys financial, technical and relevant resources that promote the social, emotional, physical, psychological and educational well-being of young people throughout Westchester County. Using evidenced based strategies and evaluative tools, the Youth Bureau is responsible for increasing youth access to programs and initiatives that respond to the needs and problems of children and youth from birth to twenty-four and their families. By partnering with local Youth Bureaus, educational institutions, non-profits, units of government, faith based organizations and business, the Youth Bureau ensures that there is a cross-system approach to improving outcomes amongst young people, and in particular, special populations of youth who may be runaway or homeless, LGBTQIA, economically disadvantaged, at risk of placement, or in foster care. In 2022, the Youth Bureau managed 185 programs through 96 agencies and 163 contracts.

Recognizing the extensive diversity and urgency of needs within the entire community, the Youth Bureau is committed to fostering collaboration, integrating youth voice into our work, and demonstrating effectiveness despite complex challenges such as COVID-19, social unrest, and changes in day to day norms. The Bureau has intentionally adopted an equity lens, which is consistent with the County's philosophy and subsequent policy efforts to create justifiable gains across race, ethnicity, gender, sexual orientation, gender identity, class, and economic backgrounds. By developing comprehensive networks and strategies that integrate assessments, prevention, intervention and monitoring, the Bureau will achieve its goals of preparing children and youth for self-sufficiency and good citizenship, while making formal and informal resources accessible to all residents and families.

Strategic goals of the Bureau include increasing formal and informal resources that lend to children and youths' growth from early childhood

through adolescence to young adulthood. The Bureau is interested in opportunities that lend to the following results:

- Mental health and well-being - Improving outcomes related to youth mental health and social and emotional skills development and connectedness
- Employment - Increasing qualifications and skills, such as collective problem solving, teamwork, and dispute resolution, that help prepare youth for suitable employment
- Educational connection and achievement - More youth attending and completing school with increased attainment, including programs that have collegiate placement success
- Physical health and well-being - Increasing physical activity and positive relationships to one's body and physical activity

Community cohesion - Breaking down barriers to reduce discrimination, crime, and violence in communities and help young leaders emerge

To ensure that the Youth Bureau's fingers are on the pulse of the community's needs, and innovative, promising practices are integrated into our work, the staff remain active on 40+ committees, taskforces, and/or workgroups. Below is a sample of some of the committees that the Executive Director serves on:

FUNDING

The Youth Bureau leverages financial resources to ensure that high-quality offerings are made available to children youth and families throughout the county. Westchester County tax levy dollars have been judiciously used to support Invest in Kids programs along with pilot opportunities for new organizations who are hyper local and have demonstrated effectiveness in serving special populations. The New York State Office of Children and Family services provides annual resource allocations based on a formula created by New York State and the completion of a comprehensive children and families plan. Below please find a description of the various funding sources:

NEW YORK STATE CHILDREN & FAMILY SERVICES

Youth Development Funding (YD)

Grounded in the Positive Youth Development (PYD), the Youth Bureau administers funding and technical support for the New York State Office of Children and Family Services-Bureau of Youth Development (BYD). The BYD suggests that funded programs be categorized by the following life areas: Economic Security; Physical and Emotional Health; Education; Citizenship and Civic Engagement; Family; and Community. All programs incorporate the eight features of Positive Developmental Settings that the National Research Council has found are essential for quality youth development programs for children and youth. These are:

- ✓ Physical and psychological safety
- ✓ Appropriate structure that provides clear limit setting, rules and expectations
- ✓ Supportive relationships
- ✓ Opportunities to belong
- ✓ Positive social norms
- ✓ Support for efficacy and mattering
- ✓ Opportunities for skill-building
- ✓ Integration of family, school and community efforts

NEW YORK STATE CHILDREN & FAMILY SERVICES

Runaway and Homeless Youth Act Funding (RHY):

RHYA funding supports services to reach, temporarily house and, whenever possible, reintegrate runaway and homeless shelter residents back into their families and communities. A designated Youth Bureau staff serves as the RHY Coordinator. The RHY Coordinator arranges residential and non-residential services and supports in collaboration with the Children's Village Sanctuary Program staff. Services and supports include:

- ✓ An assessment of the need within the County for services to assist runaway and homeless youth and youth in need of crisis intervention or respite services.
- ✓ Ensuring access to public and private resources available to serve runaway and homeless youth using hotlines, street outreach and drop-in centers.

County Executive (11)

Youth Bureau (11_0400)

- ✓ Review/Approve extensions for youth to remain in the shelter.
- ✓ Convening of the RHYA Council

NEW YORK STATE CHILDREN & FAMILY SERVICES

NEW-Youth Sports and Education Opportunity Funding (Sports Opportunity Funding):

- ✓ The Sports Opportunity Funding supports programs that provide a variety of sports/physical fitness opportunities for a broad range of youth ages 6-17 in under-resourced communities. Funded programs implement service, opportunities and supports that target specific areas of positive youth development and are guided by the following principles:
- ✓ Sports are effective tools in positive youth development and family engagement, when delivered well by programs and minimum quality measures are met.
- ✓ Sports improve the lives of young people by promoting positive social, emotional, health, and educational outcomes and have important life-long impacts.
- ✓ Sports enable opportunities for young people to succeed economically through leadership roles.
- ✓ Coaching education greatly improves the sports experience and development outcomes of young people.

NEW YORK STATE CHILDREN & FAMILY SERVICES

Sexual Risk Avoidance Education Program

- ✓ The Sexual Risk Avoidance Education Program (SRAEP), a teen pregnancy prevention and work readiness skills program, was made possible from a state legislative grant received in 2021. The program expanded to serve the communities of Mt. Vernon, New Rochelle, White Plains, Yonkers, Peekskill, Port Chester and Ossining in an attempt to ensure educate youth on good decision making as it relates to their physical, emotional, and social health.

GOVERNOR'S OFFICE/ NEW YORK STATE CHILDREN & FAMILY SERVICES

Gun Violence Prevention Program

- ✓ As a result of the increased rate of gun violence and crime involving youth, this initiative was designed with a positive youth development approach that affords strategic partnerships with the grassroots organizations that have demonstrated the capacity to implement engaging, nontraditional, prevention services, supports, and opportunities within the communities of Mount Vernon and Yonkers. The Youth Bureau was awarded funding to ensure that organizations create opportunities to reduce the rates of gun violence, physical fighting, weapons carrying, gang affiliation, and youth victimization.

WESTCHESTER COUNTY TAX LEVY

Invest in Kids Funding

- ✓ The Bureau leverages local tax levy dollars through the Invest in Kids (IIK) Program to achieve its' aims of addressing the physical, economic, social, financial, institutional, and/or other problem(s) impacting Westchester County's youth. Through this competitive funding, local organizations are enlisted to create safety nets that interlock the physical, intellectual, psychological, emotional, and social assets and skills needed for success. The IIK Program legislatively prioritizes "at-risk" youth ages 21 and under in 11 urban communities: Elmsford, Greenburgh, Mount Vernon, New Rochelle, Ossining, Peekskill, Port Chester, Sleepy Hollow, Tarrytown, White Plains, and Yonkers. However, given the recent demographic and socio-economic shifts, along with the salient needs of mental health awareness, physical and socio-emotional health determinants, and the effects of COVID-19 on households throughout Westchester County, service provision to at-risk youth residing outside of the 11 targeted communities has occurred.

Youth Bureau (11_0400)

PRIVATE SECTOR FUNDING

- ✓ The Youth Bureau has been fortunate to develop public-private partnerships with local entities to include financial and in-kind support. An example of these types of partnerships include the New York Presbyterian Hospital, which affords Summer Youth Employment opportunities.

DEPARTMENT ACCOMPLISHMENTS:

NEW

- ✓ The Youth Bureau received \$385,000 in grant funds to support the Governor's Office's Youth Gun Violence Prevention Initiative targeting Yonkers and Mount Vernon. 11 programs with blended funding have supported youth violence and crime prevention efforts.
- ✓ The Youth Bureau received \$41,214 in new funding from the New York State Office for Children and Family Services to provide a variety of sports/physical fitness opportunities for a broad range of youth ages 6-17 in under-resourced communities through programs that target specific areas of positive youth development.
- ✓ The Executive Director secured additional funding in the amount of \$260,000 for NYSOCFS to expand the Sexual Risk Avoidance Education Program (SRAEP), which addresses the need for teen pregnancy prevention utilizing the concept of healthy relationships and future self-workshops as well as work readiness supports utilizing the READI curriculum.
- ✓ The Executive Director secured a third year grant from New York Presbyterian Hospitals to support the placement of 45 youth in summer jobs.
- ✓ The Executive Director was highlighted in 914 Magazine as a 2022 Women in Business awardee and was honored at the luncheon on November 17, 2022.
- ✓ The Executive Director received the "Women who Serve" Award at the unveiling of the Harriet Tubman Statue.
- ✓ The Youth Bureau team received the Community Partner Award during Student Advocacy's Overcoming the Odds Ceremony.
- ✓ Youth Program, Gun Violence Prevention, and My Brother's Keeper Administrator was honored by ENU Builds Inc.
- ✓ The Youth Bureau staff has monitored \$600,000 in new funding made possible through the Board of Legislators to local Youth Bureaus for infrastructure and needs assessment funding.
- ✓ The Youth Bureau began the countywide Community Youth Needs Assessment to identify existing resources, assess persistent needs, emerging trends and challenges due to COVID-19 pandemic, detect gaps in services, and provide results-based recommendations to improve conditions for children, youth, and families in the County in order for the Youth Bureau to be better equipped to make recommendations for policy, system or environmental changes to improve the quality of life for County children, youth and families.
- ✓ The Invest in Kids Program Request for Proposals was developed and released in July, 2022. 76 programs applied for funding, yielding a 33% increase in applications.
- ✓ The Youth Development Program Request for Proposals was released in July, 2022. Up to 20 non-profit programs are eligible for funding
- ✓ The Youth Empowerment Council for Change (YECC) expanded to include 50 youth who reside throughout Westchester County. In August 2022, the YECC authored a report concerning the salient youth priorities in Westchester County. The YECC presented their findings and recommendations to the County Executive and Deputy County Executive. The YECC's recommendations were also integrated as priority areas to be addressed into the 2023 Invest in Kids Request for Proposals.
- ✓ A call for a new Youth Poet Laureate was released and a new Youth Poet Laureate was announced.
- ✓ Six pilot programs were funded to support local after-school and mentoring programs
- ✓ A new Youth Services directory was enhanced to demonstrate services supported by Municipality.

County Executive (11)

Youth Bureau (11_0400)

- ✓ In accordance with the Youth and Young Adult section of the Child and Family Service Plan (submitted for 2018-2023), the Youth Bureau funded two mentoring programs addressing court involved youth.
- ✓ The Youth Bureau contracted with Brannan Solutions Group (BSG) to deliver a number of initiatives focused on girls and women, including creating a directory of STEAM programs, developing entrepreneurship and pay equity webinars, and investigating codes of conduct of the schools with the highest suspension rates for Black girls. Further, BSG conducted qualitative and quantitative research and analysis of the condition of minority girls in several Westchester communities. The resulting report will be used to develop strategies and recommendations to close any gaps in services.
- ✓ The Youth Bureau coordinated meetings with students and New York State elected officials to discuss issues important to them including support for youth programming. This year the meetings were virtual rather than in-person in Albany due to Covid-19 precautions.
- ✓ The Youth Bureau collaborated with the Israeli Consulate to create a new program for underserved Westchester youth with Israeli technology entrepreneurs speaking to youth about technology, innovation, and business.
- ✓ The Executive Director participated on multiple panels and workgroups addressing the status of women and girls.
- ✓ The Youth Bureau collaborated with AperioNY, Inc., a Westchester-based program evaluation and impact measurement firm, to conduct qualitative and quantitative research and analysis of the condition of minority boys in several Westchester communities. The resulting report will be used to develop strategies and recommendations to close any gaps in services.

NEW TRAININGS

The Youth Bureau leverages its relationships between community stakeholders and staff to afford training on a wide range of topics including best practices concerning emergent youth matters, program evaluation, staff development, grant writing, and positive youth development (PYD). Each year, the Bureau introduces professional development training for executive and line level staff. Highlights in 2022 included:

- ✓ Covid Protocol and Guidance for School Aged Children
- ✓ Diversity, Equity, & Inclusion
- ✓ Youth Mental Health
- ✓ Board Development 101
- ✓ Grant Readiness
- ✓ Budget ABC's
- ✓ Outcome Measurement
- ✓ Meanings and Milestones: A Brief Introduction for Emerging LGBTQ+ Allies

Additional coaching is provided to non-profit organizations that require capacity building to address the highest risk children and youth. The staff has a mix of expertise, which lends to coaching external staff on best practices when serving at risk populations that include youth who may:

- ✓ Be involved or at risk of becoming involved in the child welfare system (i.e., foster care or aging out of foster care);
- ✓ Be court involved (i.e., Persons in Need of Supervision (PINS), Persons involved with PINS Diversion, Juvenile Delinquents (JDs), Adolescent Offenders (AO) or at risk of coming into contact with the juvenile justice system;
- ✓ Have current or previous adverse childhood experiences;
- ✓ Have perpetuated or have been a victim of gun violence;
- ✓ Be returning to the community from a detention center or incarceration;

- ✓ The Educational Advocate/Food Security Coordinator served on the Board of Legislators Families Task Force and the Community Organizations Active in Disasters (COAD).
- ✓ The Youth Bureau partnered with the Girl Scouts Heart of the Hudson and New York Medical College to offer Making Family Nutrition Fun & Easier, a training for parents and service providers.

ON-GOING LOCAL AND STATE INITIATIVES

- ✓ The Youth Bureau continues to afford funding provisions through the state and local tax levy for expanded use of the positive youth development model in addressing the needs of at-risk youth under the age of 21 in all 43 county jurisdictions. The Youth Bureau supports programs that make equitable access to available and appropriate supports and services that respects gender and sexual orientation, and cultural, physical, social, emotional and linguistic needs of children, youth and families.
 - ◆ 14,300+ youth were reported as served through funded agencies through the Invest in Kids Urban Initiative.
 - ◆ 93,300+ children and youth were reported as served through nonprofit and public agencies through the NYS OCFS YDP Program.
 - ◆ 1,700+ children and youth were reported as served through 16 community based programs.
- ✓ Administration and oversight responsibilities continue to be provided. All funded programs are required to be assessed and monitored by Youth Bureau staff throughout the course of the funding year. Monitoring includes site visits inclusive of Program Quality Assessments, monthly and quarterly narratives and annual reports. The Youth Bureau assesses the extent to which programs are meeting goals and objectives through the web based data reporting on performance measures.

County Executive (11)

Youth Bureau (11_0400)

- ✓ The Youth Bureau continues to meet its obligation of developing a Youth Bureau Annual Administrative Summary inclusive of service provisions for runaway and homeless youth. This summary verifies the use of Youth Bureau Administrative state aid and ensures compliance with YDP and RHYA regulations. The summary provides the opportunity for the Youth Bureau to describe staffing, structure and reporting, procedures for allocating state aid and procedures for monitoring and evaluating funded programs. This also allows the Youth Bureau to capture and provide information regarding the numbers of youth served, significant accomplishments, additional funding leveraged by the agency and initiatives for which the Youth Bureau collaborates with other departments and/or serves on committees designed to address population level issues. Examples include:
 - ◆ The Executive Director is a member of GRIP (Gender Responsive Interventions and Partnerships), formerly known as the Westchester Girls Justice Initiative Advisory Council (GJI) led by Judge Kathie Davidson and the New York State Unified Court System and in partnership with the New York State Permanent Judicial Commission on Justice for Children, the New York University Steinhardt School of Culture, Education and Human Development and the New York State Division of Criminal Justice Services. This initiative addresses policy issues concerning girls within the juvenile justice system through the collection of data in the examination of trauma informed and gender specific interventions. GJI is currently working to establish a Girls Court.
 - ◆ The Youth Bureau serves as a resource for community stakeholders for the newly created Emerging Adult Justice Initiative in the city of Mt. Vernon. The initiative seeks to design age appropriate solutions to justice for this emerging adult population who comes before the courts in the City of Mt. Vernon as an alternative to incarceration.
 - ◆ The Executive Director is a member of the Criminal Justice Advisory Board which is led by the Department of Probation and comprised of 30 members representing various criminal justice and community agencies including the judiciary, law enforcement (police, correction, probation, parole), district attorney, mental health, youth bureau, legal aid, drug/alcohol treatment and educational providers. The aim of the CJAB is to develop strategies and programs that ensure alternatives to incarceration.
- ◆ The Executive Director is a member of the mid-Hudson regional youth Juvenile Justice Team. This team aims to increase and enhance positive youth development by deterring juveniles from becoming involved in delinquent behavior. Schools, faith based organizations, local youth centers, social service providers, etc. are all integral to the constructive development of all children in the Mid-Hudson Region. Another aim is to investigate the effectiveness of law enforcement support for youth at the entry points into the criminal juvenile justice system to avoid further consequences.
- ◆ The Program Administrator serves as the President of the Hudson Valley Youth Bureau Association and the regional representative of the Association of New York State Youth Bureaus.
- ◆ The Executive Director serves on the Hudson Valley My Brother's Keeper Alliance, designed to improve academic, social and employment outcomes for males of color.
- ◆ The Program Administrator serves on the Westchester Co-occurring System of Care Initiative along with the Departments of Community Mental Health and Social Services.
- ◆ The Program Administrator oversees the RHY Advisory Committee.
- ◆ The Youth Bureau participates in the DSS operated Westchester Building Futures initiative which is a youth and community driven

County Executive (11)

Youth Bureau (11_0400)

two year planning process designed to prevent homelessness amongst youth emerging from the County's child welfare system.

- ◆ The Program Administrator continues to participate in the Westchester Coalition for Drug and Alcohol Prevention.
- ◆ The Program Administrator participates in the Bureau of Youth Development monthly call series for Positive Youth Development information from across NYS.
- ◆ The Program Administrator participated in and is a member of the NYSOCFS RHY Advisory Committee.
- ◆ The Program Administrator serves as the key convener for the 10 Gun Violence Prevention Initiative partners and represents the department at GVP community events.
- ◆ The Executive Director serves on the E-board for the One Love Foundation's federal grant program that aims to prevent domestic violence and educate 4,000 Yonkers youth on healthy relationships. The grant was awarded in the amount of \$500,000 and will operate from 10/1/2019 to 9/30/2022. The Executive Director serves on the Coordinated Community Response Team (CCRT).
- ◆ The Executive Director continues to provide technical assistance to various elected officials and municipal leaders concerning the process of establishing municipal Youth Bureaus.
- ◆ Four new Youth Board members were appointed this year.
- ◆ The Executive Director serves on the Westchester-Putnam Workforce Development Board by Westchester County Executive Latimer and Putnam County Executive Odell.
- ◆ The Bureau's Youth Empowerment Council for Change (YECC), continued to advise the Youth Bureau and Youth Board.
- ◆ The Youth Bureau continues to work with the Westchester County DSS Family First Initiative Team to help implement specific Family First initiatives by creating and funding multiple Positive Youth Development programs targeted to at risk youth that are being re-integrated to local communities through the Family First Initiative.
- ◆ The Youth Bureau, in conjunction with its International Day of the Girl (IDG) planning committee is continuing its work in supporting

youth who identify as female with a digital checklist and webinar to support this year's theme, "Moving Forward: A Call to Serve, Support and Act." Inspired by the United Nations' International Day of the Girl Child, which is observed on October 11, the County is celebrating the observance and collective investment in Westchester County's girls. The 2022 theme will inspire girls and young women to be empowered and drive progress to overcome unique burdens and effects of Covid-19. The webinar which will be hosted by youth, will feature speakers from Volunteer NY as well as videos from elected officials and key stakeholders.

- ◆ The Executive Director joined the UNA-Westchester's Working Group on the implementation of The Committee on the Elimination of Discrimination against Women (CEDAW).
- ◆ The Program Administrator continues to play an integral role in the planning of the 8th Annual Westchester County Fatherhood Conference, scheduled for the Fall of 2022.
- ◆ In partnership with the Lower Hudson Valley MBK Alliance, the Program Administrator plays an integral role in the planning of the Annual MBK Youth Leadership Summit. The virtual summit targets young men of color from across Westchester and neighboring counties, providing skill building activities and guest speakers.
- ◆ The Youth Board held the Rosemarie Siragusa Award Ceremony in January.
- ◆ The Youth Board hosted the 4th annual virtual "Sheroes" Awards Ceremony in March, honoring three key women in the community.
- ◆ The Bureau has partnered and supported the harris project for multiple youth events addressing Co-Occurring Disorders Awareness (CODA) including the virtual Youth Summit in partnership with DCMH.
- ◆ The Youth Bureau collaborated with medical professionals from Boston Children's Health Physicians (formerly CWPW) and New York Medical College to illuminate Children's Environmental Health Day
- ◆ The Youth Service Awards acknowledged 10 youth for their community service.

County Executive (11)

Office Of Economic Development (11_0710)

Mission Statement

The mission of the Westchester County Office of Economic Development (OED) is to support and strengthen the county's economy through job creation generated by retention and expansion of existing businesses and attraction of new businesses.

In 2020 the OED developed a long-term comprehensive economic development strategy (CEDS). The primary recommendation in the CEDS report was to implement workforce and business development strategy that focused on four key sectors: Biosciences, Advanced Manufacturing, Clean Energy and Technology (health tech, fin tech and other technologies.)

The sector-based approach allows OED to focus human and financial resources in a targeted way to ensure a comprehensive and coordinated process to attract and retain businesses, create and retain jobs, and to provide incentives to businesses that align with the strategy. It also allows to focus key messages to promote economic development within the County and market Westchester County to external markets.

OED acts as a central business hub for companies accessing a variety of opportunities including: financial assistance (Westchester County Industrial Development Agency CWIDA), employee training and recruitment (Westchester-Putnam Workforce Development Board), access to state benefits (Empire State Development). OED acts on behalf of nonprofit entities as well as through the County's Local Development Corporation (LDC) which affords tax free status to bonds issued by private lenders to such entities. Ultimately, OED is the main link between businesses and Westchester County government.

PROGRAM AREA AND SERVICES:

GENERAL GOVERNMENT SUPPORT

- ✓ Provide assistance to businesses seeking to remain, expand or relocate within Westchester.
- ✓ Communicate available resources to businesses and to assist start-up, small, minority- and women-owned businesses, service-disabled, veteran-owned businesses and disadvantaged business enterprises.
- ✓ Promote Westchester as a premier business location through external outreach, such as digital communications, advertising, events, public relations, seminars, etc.
- ✓ Promote Westchester as a great place to live, work and play to talent of all ages, but specifically to a younger workforce.
- ✓ Communicate and meet with businesses to offer all available resources and services.
- ✓ Work closely with Westchester-Putnam Workforce Development Board in their efforts to train and employ Westchester residents and make employers aware of these opportunities.
- ✓ Respond to individual requests from County residents and businesses for business information and assistance.
- ✓ Collaborate with business and community leaders to respond to and address concerns regarding business opportunities.
- ✓ Coordinate and act as support for the Westchester County Industrial Development Agency and the Local Development Corporation.

DEPARTMENT INITIATIVES:

NEW

- ✓ Develop and implement a strategy for ensuring broadband access throughout the County.
- ✓ Continue to implement recommendations from the Comprehensive Economic Development Strategy (CEDS).

Small Business Sector

- Continue to improve the ED website so it is easier for small businesses to find the resources they need.
- Coordinate with the County Clerk to better understand their interactions with small businesses and determine ways to leverage that process. For example, when a business registers with the County Clerk, perhaps the Clerk could provide them with information about the services available through the Office of Economic Development.
- Continue to enhance our ability to provide access to capital for small businesses.

Biosciences Sector

- Define and implement a suite of funding opportunities for startups and businesses in this sector.
- Identify workforce needs of biosciences companies and implement programs/training to meet those needs.
- Develop a plan to address the real estate needs in the biosciences.

Clean Energy

- Focus on increasing Westchester County's role in Offshore Wind.

Advanced Manufacturing

- Support Advanced Manufacturers as they pivot and expand their businesses to provide products as part of the clean energy supply chain.
- Continue to grow the pre-apprenticeship program to train entry-level workers to be prepared to work in this sector. Look for other ways to build this sector.

County Executive (11)

Office Of Economic Development (11_0710)

Technology

- Continue to grow our tech startup community through the Element 46 Accelerator program
- Engage the investment community in understanding the wealth of tech startups here in Westchester, through the Element 46 Accelerator program pitch events, to draw more investment capital into the County.
- ✓ Expand our inventory of parcels in Westchester County that are suitable for Biosciences and/or Advanced Manufacturing companies, or companies in other sectors. This will allow us to readily respond to site selectors as well as opportunities from Empire State Development.
- ✓ Enhance and evolve the Launch1000 program. Participants cannot succeed in the program if they are homeless, or have ongoing childcare or mental health needs.
- ✓ Continue to grow the Westchester County Biosciences Accelerator by adding another cohort of 12 startups.
- ✓ Continue to implement a marketing plan to attract businesses and talent to Westchester. This includes paid advertising in the region, social media marketing and updates to the website.
- ✓ Continue to expand the use of IncuTrack, a customer relationship management system, to track all our interactions with businesses and residents in Westchester County. This will allow us to do reporting on activity in this area, identify trends, etc

ON-GOING

- ✓ Communicate economic development events, programs and information to the Westchester business community through outreach through social media, email newsletters, the strategic placement of articles in business publications and distribution of press releases to the media.

- ✓ Communicate business resources to small, startup, minority- and women-owned businesses, service-disabled, veteran-owned businesses and disadvantaged business enterprises through workshops and communication efforts cited above through our Catalyst for Diversity events.
- ✓ Gather and communicate economic, demographic and real estate trends on Westchester County and the Hudson Valley region.
- ✓ Promote Westchester County as a premier business location through multiple media outlets and news publications.
- ✓ Work with local, regional and state economic development offices.
- ✓ Respond to and direct small business inquiries to resources that provide access to capital.
- ✓ Represent the County Executive in any and all initiatives and before any Boards and Councils to communicate OED goals, strategies, opportunities and efforts.

DEPARTMENT ACCOMPLISHMENTS:

ACCOMPLISHMENTS

- ✓ Began the implementation of the recommendations in Comprehensive Economic Development Strategy (CEDS) report. (In final stages of approval.) The primary recommendation was to implement a workforce and business development strategy that focused on four key sectors: Biosciences, Advanced Manufacturing, Clean Energy and Technology (health tech, fin tech and other technologies). We established Biosciences and Advanced Manufacturing sector desks which are a single point of contact for businesses in these sectors. We also created task forces with employers and other key stakeholders in these sectors to better understand what is needed to help these businesses grow. The initiatives for Clean Energy and Technology are in progress.
- ✓ The sector-based approach allowed OED to focus human and financial resources in a targeted way to ensure a comprehensive and coordinated process to attract and retain businesses, create and retain jobs. It also enables us to focus key marketing messages to promote economic development within the County and market Westchester County to external markets.

County Executive (11)

Office Of Economic Development (11_0710)

- ✓ Pivoted Element 46, to become the County's business accelerator for startups in the tech sector to build our relationship with investors who are focused on Westchester Businesses, to rebuild our network of mentors. We will have a Pitch Day for the companies in the Accelerator program in December of 2022.
- ✓ Continuing from 2020, implemented and grew the Launch1000 program. Launch1000 provided up to 1,000 Westchester residents the opportunity to participate in a self-paced, remote program to help them turn concepts and ideas into business plans and start-ups. Free loaner laptops and Wi-Fi were provided to those in need. In 2022 we implemented a dual language (English/Spanish) program.
- ✓ Continued the Westchester County Biosciences Accelerator by adding another cohort of 12 startups.
- ✓ Developed and implemented additional programs to foster the biosciences sector in Westchester. Held seminars/panels to showcase the breadth of organizations and resources in this sector in the County. Implemented a biosciences-focused weekly newsletter.
- ✓ Attended and exhibited at the BIO International conference and the International Partnering Forum for offshore wind with the goal of increasing visibility of Westchester County with companies in these 2 sectors.
- ✓ Developed and implemented a marketing plan to attract businesses and talent to Westchester. This included paid advertising in the region, social media marketing and updates to the website.
- ✓ Developed and implemented new sections of the ED website. Added Business Relocation page consisting of data and information desired by site selectors. Added pages with content on our four key sectors. Updated the Resources page to be streamlined and more useful to our businesses.
- ✓ In response to requests from our employers conducted career fairs in Construction, Health Care, Transportation and Advanced Manufacturing. Conducted Catalyst for Diversity events to help our MWBEs learn how to obtain contracts with County Departments, NYPA and the MTA. Conducted a job fair for People with Disabilities connecting them one-on-one with employers. Conducted a job fair for the formerly incarcerated, in partnership with ConConnect.

ON-GOING

- ✓ Continue to be a clearinghouse for businesses and employers to contact for information on all resources and services from the County to the public and private sector.
- ✓ Communicate economic development events, programs and information to the Westchester business community via outreach through social media, email newsletters, the strategic placement of articles in business publications and distribution of press releases to the media.
- ✓ Participate in regional promotional efforts with the Hudson Valley Economic Development Corporation, Hudson Valley Regional Council, New York State Economic Development Council and Empire State Development.
- ✓ Continue to inform local Chambers of Commerce, employers of all sizes and individuals about County business assistance resources.

Mission Statement

Westchester County Tourism, the County's official tourism marketing organization, is dedicated to building Westchester County's economy and positive image through tourism marketing for growth in business and leisure, meeting, group tour and convention development, major events and promoting the County on a regional, national and international basis.

To accomplish this mission, Westchester County Tourism is responsible for the destination marketing and promotion of hotel rooms and convention attendance within the County; working with tourist related organizations within the County to coordinate advertising, promotion and programming; working with state and regional organizations which are responsible for the promotion of the Hudson River Valley; and finally, coordinating activities within County government which directly or indirectly impact tourism. Westchester County Tourism is funded solely through the 3% Westchester County Hotel Occupancy Tax. In accordance with the Westchester County Hotel Occupancy Tax law, 15% of the 3% revenue is allocated to Tourism and represents the annual tourism budget. For Film, we encourage and promote film and media productions, facilitate location scout inquiries, permit County-owned properties and provide assistance and support/solutions to production companies and municipalities. Partner with state and regional film organizations to further advance the County as a location.

PROGRAM AREA AND SERVICES:

GENERAL GOVERNMENT SUPPORT

- ✓ Promote Westchester County for business and leisure travel, generating \$1.6 billion into the County's economy.
- ✓ Promote Westchester County for film and TV productions, permitting County-owned properties, providing assistance and support to location scouts and municipalities, helping to generate economic impact of more than \$45 million.
- ✓ Attend trade shows with hotel partners to gain leads for new business; host familiarization trips for meeting planners, group tour operators and travel writers.
- ✓ Market and advertise Westchester County through print and digital media in association with I Love NY branding.
- ✓ Enhance Westchester County's visibility through Hudson Valley and other regional tourism organizations.
- ✓ Assist in developing the area's travel and tourism industry by providing research, creating marketing partnerships and synergy between hotel properties and attractions, and by providing a forum and acting as a catalyst to stimulate tourism product development.

DEPARTMENT INITIATIVES:

NEW

- ✓ As business travel and in-person meetings slowly return, we pilot new LinkedIn ads and direct mail to target meetings and event planners. To build awareness among the select audience with the intention to book group business and re-engage with users who have previously visited the site or engaged with a post.
- ✓ Building on Westchester's strengths, create new content of what pent-up travelers are yearning for to increase social community, followers and engagement to Westchester County Tourism & Film social media accounts on Facebook, Twitter, YouTube, Instagram and Flickr. Launching new Instagram stories and reels featuring curated itineraries with tourism partners to collectively inspire visitation.

- ✓ Create new virtual reality (VR) itineraries with virtual 360° tours for business and leisure tradeshow booth activation to provide unique experiences and connections that will motivate travel to the County. The VR immersive presentation adds value to our partners and will drive qualified leads.
- ✓ New Westchester golf tourism initiative, "Fore Westchester," working with County Parks to help increase attention on golf in the county to a regional and national tourism stage. Golf and its link to enjoying the outdoors became an instant cure-all for many during the pandemic. That bounce is expected to continue and encourage new visitors.
- ✓ Specially design and produce dedicated meetings and group business section for visitwestchesterny.com that will support paid geotargeted ads at tradeshow and social media Beyond Expectations campaign extension.
- ✓ Develop accessible tourism itineraries to increase consideration and intent to travel to Westchester by promoting accessible hotels and attractions. In addition, produce educational B2B workshops for tourism partners to help ensure Westchester properties accommodate guests of different abilities and create memorable and positive experiences.
- ✓ Plan and execute DEI photo shoot across the County to improve and update the tourism photo gallery to capture a true view of Westchester's diversity, including ethnic, racial, gender age and physical ability.
- ✓ Enhance film section of the website with new blogs, resources and location images for film scouts, location managers and producers. Produce an industry event vignettes to increase visibility for Westchester as a premiere stage for filming.
- ✓ Explore and build promotional partnerships with film-qualified production facilities, sound stages, hotels, and other locations in the County to further promote the industry.

ON-GOING

- ✓ Continue focused multi-tiered marketing and promotion campaign in a 250-mile radius showcasing Westchester County as a short getaway escape and premier regional destination.

County Executive (11)

Office Of Tourism (11_0720)

- ✓ Produce and distribute official visitor publications, including the Westchester Official Meeting & Travel Guide and other niche brochures.
- ✓ Generate awareness and visibility regarding Westchester County at meetings, corporate, consumer and group tour tradeshows. Drive advertising responses to a landing page that complements the messaging and asks for an online RFP to increase awareness and conversion for our biggest tourism segment.
- ✓ Manage tradeshow program with hotel and attraction partners and the New York State DMO consortium, partnering to leverage resources and increase reach.
- ✓ Increase consumer/business data acquisition for leads, newsletters and social media channels.
- ✓ Participate in Hudson Valley Tourism (travelhudsonvalley.com) and I Love NY programs to build Westchester County Tourism visibility and branding.
- ✓ Maintain and expand the visitwestchesterny.com website in partnership with Simpleview and I Love NY.
- ✓ Westchester County Tourism & Film's Instagram work also earned gold this spring in the 2021 Hospitality Sales and Marketing Association International's (HSMAI) Adrian Awards in the Digital Marketing-Social Media Campaign category. For 65 years HSMAI has recognized travel marketing excellence through its Adrian Awards, and Westchester Tourism's Instagram work was judged among the best practices and innovations in the hospitality industry that will empower recovery. The Instagram campaign was also a finalist in PR Daily's 2021 Digital Marketing & Social Media Awards.
- ✓ Secured Federal EDA Tourism Recovery & Resiliency grant to support tourism research, stakeholder engagement, strategic planning and prioritization of initiatives and projects that will help the tourism sector recover from adverse impacts of the COVID-19 pandemic.
- ✓ Hosted a Tourism & Hospitality Job Fair at the Marriott Westchester Tarrytown to showcase employment opportunities from across the county and offered hundreds of job seekers the opportunity to connect with employers and learn about the various career paths available. The event was sponsored by Westchester Tourism & Film, in conjunction with the Westchester County Office of Economic Development, Westchester-Putnam Career Center Network, Westchester Hotel Association, the Westchester Marriot and The Business Council of Westchester. Complimentary transportation provided by Red Oak Transportation.
- ✓ New promotional marketing and content provider partnership with the re-branded MNR/LIR getaways and itineraries to align under the new MTA Away umbrella platform.
- ✓ Hosted familiarization press trips with regional writers and targeted influencers to promote openings and the seasonal tourism activities of the County.
- ✓ Developed promotional partnerships with the Westminster Kennel Club and Harry Potter Experience in FDR Park to leverage collective marketing resources to raise awareness and promote their major events being held in the County.
- ✓ Placed prominent feature to showcase Westchester as a place to film in Variety, the premier publication for influential producers, executives and talent.

DEPARTMENT ACCOMPLISHMENTS:

NEW

- ✓ In a competitive category that spanned all industries, Westchester County Tourism & Film's organic Instagram work-designed to position the County as a destination "Beyond the Everyday" and support tourism recovery during the pandemic-won Best Use of Social Media in the Bronze Anvil Awards, as presented by the Public Relations Society of America (PRSA). The nation's leading professional organization serving the communications community, PRSA has been conducting its Bronze Anvil Awards for 79 years. The award program recognizes the best of the best in public relations tactics that contribute to the success of overall programs or campaigns.

County Executive (11)

Office Of Tourism (11_0720)

- ✓ Launched Film Instagram and produced new testimonial videos of film professionals talking about why they enjoy working in Westchester County to build the story of a growing and thriving film industry in the County.

ON-GOING

- ✓ Publish and distribute copies of the Travel & Meeting Guide and online digital version plus produce official tourism brochures and content.
- ✓ Produce and distribute monthly leisure (circ. 37,161) and quarterly business (circ. 2,000) newsletters that highlight and feature the latest tourism and film happenings, events and packages to raise awareness and interest.
- ✓ Partner with regional organizations for Hudson Valley Restaurant Week, twice annually in March and November; Westchester Wine & Food Festival, JazzFest, YoFi film festival, Winter Wonderland, Revolutionary Westchester, and other events.
- ✓ Maintain and update Westchester Tourism & Film and Hudson Valley Tourism and I LOVE NY websites.
- ✓ Maintain and expand Film section on visitwestchesterny.com to integrate tourism and film activity and awareness.
- ✓ Maintain and expand social media targeted to film industry including locations photo catalog on Flickr, and new Westchester County Film Instagram page with current film news and blogs.
- ✓ Promote film and media productions, facilitate location scout inquiries, permit County-operated properties and provide assistance and support/solutions to production companies and municipalities.
- ✓ Promote hotel incentives and packages and tourism events on seasonal basis to tourists.
- ✓ Provide tourism partners with meeting and travel leads and inquiries received from trade shows and direct contact.

classifications outside the competitive class, conduct public hearings and prepare documentation for State approval.

- ◆ Meet and work closely with departmental representatives to review proposals, provide advice and facilitate staffing changes and discuss opportunities for budgetary savings.
- ◆ Administer various provisions of negotiated labor agreements for all County departments.
- ◆ Conduct layoff analyses for all County departments including the Westchester Community College and Westchester Medical Center as needed.

✓ Employee Records and Data Management

- ◆ Audit and maintain required detailed employment and position records for all County and local employees and perform payroll certification for civil service compliance.
- ◆ Ongoing support and oversight of various applications used in Human Resources for services throughout the County such as the HR/Payroll system, the Building Access Control system, background check applications, and OnBase Document Management system.
- ◆ Oversee Countywide compliance with the Family Medical Leave Act by centralized administration of the provisions of this law. Provide training to departmental representatives as needed to ensure on-going compliance.

✓ Local Government Services

- ◆ Administer New York State Civil Service Law and Westchester County Civil Service Rules for 122 local government agencies (Towns, Villages, Cities of Rye and Peekskill, school and special districts) under the County's civil service jurisdiction.
- ◆ Meet and work closely with local governments and school districts to study positions, review proposals for new positions and department reorganization, train contacts in basic civil service reporting requirements, provide advisement on both routine and complex civil service issues, assist employees of these agencies

Human Resources (12)

who have basic questions concerning civil service, and facilitate requests.

- ◆ Maintain the classification plan and create, prepare, modify and review all job specifications for titles used in local jurisdictions.
- ◆ Make recommendations for jurisdictional classifications outside of the competitive class, conduct public hearings and prepare supporting documentation for review and approval by New York State Civil Service Commission.
- ◆ Review documentation to determine eligibility of candidates for reinstatement or transfer in accordance with Civil Service Law and Rules.
- ◆ Assist local agencies with resolving discrepancies revealed as the result of the annual payroll audit and certification process.
- ◆ Conduct layoff analyses for local municipal governments, school and special districts due to reductions in the work force.
- ✓ Talent Management and Exam Administration
 - ◆ Arrange and administer required written, performance, agility and medical examinations which conform to all civil service and civil rights laws. Approximately 12,000 applications are reviewed annually.
 - ◆ Prepare, certify and audit all civil service eligible lists and audit all eligible list appointments for compliance with civil service law for all County departments and local municipal agencies.
 - ◆ Develop recruitment campaigns for difficult to recruit positions and expand the candidate pool with targeted populations.
 - ◆ Lead Countywide staff development and planning initiative to enhance employee professional development, meet State mandates for workplace violence and harassment prevention training, develop supervisors, enhance customer service, orient new employees, improve employees' job skills, and to develop employees' career growth with the government through tuition reimbursement and reduction programs.

DEPARTMENT INITIATIVES:

NEW

- ✓ Work with NYS Office of Civil Service to revisit development of a pilot program for on-line testing of civil service examinations; if successful and adopted for a large number of exams, this could have significant reduction on expenses.
- ✓ In accordance with the new Ethics Code adopted by the Board of Legislators in 2021, the Human Resources department is charged with managing the annual Financial Disclosure Statements for all officers and employees required to file. The department will also collaborate with IT to launch an automated disclosure system for the future.
- ✓ Develop and coordinate supervisory training on new topics each year such as Mental Health 101, and Interviewing Techniques including strategies to avoid "like Me" hiring bias; assist in delivering annual Ethics training as required by new Legislation.
- ✓ Coordinate and implement recent provisions of sexual harassment prevention training and expansion of other programs in accordance with New York State mandates.
- ✓ Coordinate County's compliance with newly-launched Federal Motor Carriers Administration's Clearinghouse on CDL drivers.
- ✓ Seek ways to make the website more intuitive and user friendly by encouraging candidates to apply on line, allow candidates to view exam history and eligible lists on line.
- ✓ Continue to work with the Drug Free Workplace work group to review the County's Drug Free Workplace Policy including Reasonable Suspicion procedures, Pre-Employment Testing policy and clarifying/updating testing protocols and policy in response to any new legislation, (i.e., recreational marijuana).
- ✓ Collaborate with DoIT on HR/Finance/Budget system upgrade to include Applicant Tracking System and Employee Self Service.
- ✓ Develop more efficient and modern processing tools to facilitate mandated processes. Future projects include creating an automated exam request workflow, exploring Internet workflow tools to facilitate mandated process with County and local jurisdictions outside of the

Human Resources (12)

County network, creating an automated personnel transaction workflow and exploring a new module in NEOGOV for Succession Planning.

- ✓ Participate in the review, testing and configuration of our HR/Payroll system in a significant system update and upgrade which is expected to continue into 2023.

ON-GOING

- ✓ Review Continuous Recruitment exams regularly and adjust frequency based on need.
- ✓ Continue to look for ways to process work more efficiently in order to control expenses.
- ✓ Provide individualized training to new Personnel contacts in County departments and local jurisdictions on how to administer civil service within their agencies, such as eligible list usage and civil service reporting requirements.
- ✓ Review and update of Human Resources Policies posted on the County intranet.
- ✓ Administer Workplace Violence Prevention program to meet state mandates with standardized forms, evaluation and training, new hire training, annual training and worksite evaluation.
- ✓ In collaboration with various other departmental representatives, develop and provide semi-annual supervisory training to managers and supervisors on various topics covering County policies and Communication Strategies to further enhance their skills in effective employee management.
- ✓ Organize Service Award ceremony for employees who reached milestone anniversaries of 25 years of service.
- ✓ Work with all County departments on ways to restructure and reorganize staff as a result of staff turnover; consolidate positions and broaden classifications to allow for more flexibility in staff assignments.
- ✓ Manage and administer third party contracts for Countywide services such as medical and drug testing and temporary personnel.

DEPARTMENT ACCOMPLISHMENTS:

ON-GOING

- ✓ Implemented State mandates and short and long term County policy in response to COVID's impact on the workforce, Sexual Harassment Prevention, Family Medical Leave Act, Earned Sick Leave and Safe Act.
- ✓ Recruited and on-boarded temporary COVID Contact Tracers and Vaccine Center workers; also coordinated County employees scheduled to serve as Contact Tracers and employee staffing at Vaccine Centers.
- ✓ Implemented personnel and payroll changes as a result of amendments to the collective bargaining agreements and pay plan amendments.
- ✓ Enhanced exam system further to provide valuable functionality such as electronic admission notices, grade notifications and email alerts to registrants.
- ✓ Continued resolving civil service compliance matters and address the backlog from prior years, particularly as it relates to Westchester Medical Center where a significant cleanup of over 5 years of activity is mostly complete.
- ✓ Expanded our role in assisting departments to recruit during a time of significant resignations/retirements in key positions.
- ✓ Ensure ADA compliance requirements are met for all documents on the Human Resources website including all job specifications.

REVENUES:

Departmental Revenues:

- ✓ Continued to expand drug and medical testing program to remain in compliance with OSHA standards and to cover more safety-sensitive positions.

Board Of Elections (14)

PROGRAM AREA AND SERVICES:

GENERAL GOVERNMENT SUPPORT

- ✓ Voter registration in person, centrally, by mail or electronically from NYS DMV transactions.
- ✓ Change party enrollment and residence addresses for registered voters as requested or needed.
- ✓ Cancel registration as needed due to death, out-of-county moves and incarceration for a felony offense.
- ✓ Maintain record of registration and voting history.
- ✓ Certify voting record on request.
- ✓ Accept and process absentee ballot applications for all elections and distribute ballots to qualified voters for these.
- ✓ Provide nine (9) days of early voting for all primary, general and special elections in Westchester County at 23 locations for eight (8) hours each day.
- ✓ Recruit, train and employ poll workers to conduct elections.
- ✓ Record and certify an official canvass of every election.
- ✓ Have custody of, purchase, repair and maintain all voting equipment used to conduct elections.
- ✓ Accept, review and certify petitions for public office, party positions and propositions for ballot placement.
- ✓ Maintain maps of political subdivisions and polling locations within Westchester County.
- ✓ As needed, assist school, fire, water and library districts with training on election procedures, the use of optical scan voting machines, lists of certified Election Inspectors and programming assistance.
- ✓ For school, fire, water and library districts with agreements with the Board of Elections, lend voting machines and have Board of Elections technicians on call to assist on election days.

DEPARTMENT INITIATIVES:

NEW

- ✓ In 2022, the Board of Elections expanded weekend early voting from five hours a day to eight hours a day for a total of 72 hours of early voting for the two Primary and one General Election held. Early Voting takes place at 23 sites around Westchester, and thanks to on-demand printing of the ballot, a voter may choose any site to vote at while the Board saves on printing costs. All sites are ADA compliant, provide secure overnight storage of voting machines, and support materials.
- ✓ Redistricting: The decennial redistricting process is underway. The Court of Appeals voided new lines for Congress and the State Legislature that were enacted by the state government resulting in the redrawing of districts for Congress and the State Senate by a Special Master for Federal District Court forcing a second Primary Election for those offices in August. In 2023, the redistricting process will continue for the County Board of Legislators and local legislative bodies where not all members serve at-large and perhaps for Members of the State Assembly. The Board of Elections may have to make changes to election district boundaries (cf. Election Law 4-100) and update its voter registration data to reflect these changes. Changes in any district boundaries will also require updates to mapping and almost all other Board of Elections systems.
- ✓ State Legislation Affecting Process: The State Legislature was busy considering dozens of introduced bills affecting election processes. A number of bills signed into law by the Governor in the past year have significant impact:
 - ◆ Chapter 763 of the Laws of 2021 requires the canvassing of absentee, military, special and affidavit ballots every four days. Once the ballot is open and set aside for tabulation, the voter may not vote at the polls and can only vote in person by affidavit ballot.
 - ◆ Chapter 781 of the Laws of 2021 sets a minimum of one early voting polling place for every 40,000 registered voters in counties with 500,000 registered voters or more. Westchester's 23 early voting sites exceed this standard.
 - ◆ The 2022 Budget Bill for Public Protection and General Government has two parts amending Election Law:

Board Of Elections (14)

- Part O mandates polling places on college campuses or a nearby site chosen by the college if 300 or more voters are registered on campus;
- Part HH requires that mailed absentee ballot applications and ballots include a return envelope with postage pre-paid or if delivered in person, the package must include the offer of a return envelope with postage pre-paid.
- ◆ Chapter 226 of the Laws of 2022, the John R. Lewis Voting Rights Act of New York, will have far-ranging and long-lasting implications for the conduct of elections. Any aggrieved person, organization or the Attorney General may file an action against a political subdivision in New York State Supreme Court to enforce its provisions and ask for remedies.
- ◆ Chapter 228 of the Laws of 2022 holds that canvassers may not use stray marks or writings on an absentee ballot to void the ballot if the express intent of the voter is “unambiguous.” The term “unambiguous” is undefined in this law.
- ◆ Two more bills passed both houses of the State Legislature but are not yet before the Governor as of September 15th:
- ◆ A642 would require counting the affidavit ballots of eligible voters, for those offices for which such voters are eligible to vote, if cast at a polling place in the correct Assembly District even if cast at the wrong polling place or Election District.
- ◆ S2951 would cut the deadline for the timely filing of registration applications from 25 days to 10 days before an election.

ONGOING

- ✓ COVID-19 response: Unfortunately, the pandemic persisted and spiked again in 2021 and as of the deadline for preparations for the November general election, the CDC had rated Westchester as at moderate risk of transmission with areas of high risk remaining. Therefore, precautions put in place for the 2020 general election continued. As of this writing, the CDC describes Westchester's community COVID level as “medium” recommending protective

measures indoors for those at higher risk of contracting COVID. The Board will continue precautions that protect the health and safety of its workforce and the voting public as needed.

- ✓ Cybersecurity: In June 2021 the NYS Board of Elections promulgated a new regulation: Part 6220 of NYCRR Cyber Security Requirements for Boards of Election. The regulations require the Board of Elections to establish a cybersecurity program consisting of 19 different elements and to certify compliance with it annually but no later than August 1st of any given year. Working with the Department of Information Technology, which has lead responsibility for managing the Board's networks, data storage, systems cybersecurity and incident recovery efforts, inter alia, the Board of Elections submitted its first compliance statement on August 1, 2022.
- ✓ Online Training: In addition to in-person classes, the Board of Elections offers online training for potential poll workers since 2021. The Westchester County Election Inspectors Examination System is an online platform for qualified Westchester County residents and registered voters wishing to become Election Inspectors to train for and take the Poll Worker Procedure Exam and Bilingual Exam (if Spanish speaking), for a possible poll worker assignment. Westchester County residents and registered voters can register from their mobile devices, desktops, or laptops: <https://boeie.westchestergov.com>. The stipend for completing the online training is \$25, the same as for in-person training. On completion of this training, machine-training videos are available on the site for the Poll Pad E-Poll Books, the Image Cast Scanner Voting Machine (referred to as “Plan A” machine) and the Image Cast Evolution Scanning Machine (a ballot marking device).

DEPARTMENT ACCOMPLISHMENTS:

- ✓ Asset management: The Board successfully tracks all voting machines, electronic poll pads, election supplies and equipment for accessibility through delivery and then pick up by contracted movers to the 23 early voting and 330 or more election day polling sites thanks to the Asset Management Inventory System. In between elections, voting machines are tested, prepared and repaired if necessary.

Board Of Elections (14)

- ✓ Election Inspector Recruitment, Training and Support: The implementation of online training in procedures followed by an online examination, allowed the Board to concentrate in-person training during the pandemic's second year to operating the electronic poll pads and voting machines. As a result, polling places remain adequately staffed despite recurring recruiting difficulties in the COVID era.
- ✓ Polling Places: Despite the reluctance of many traditional polling places to accommodate in-person voting during the spikes in the pandemic, The Board nonetheless opened and operated 330 polling places for its 942 Election Districts in June, August and November.
- ✓ Serving the Spanish-speaking: The 2020 Census reports that 27% of Westchester residents are of Hispanic origin, up from 22% in 2010, demonstrating the continuing need for the Board of Elections' aggressive efforts to assist Hispanic voters and employ bilingual poll workers named HOLA VOLANTES!
- ✓ Unofficial results: To offer unofficial results on election night, it takes the cooperation of town and city clerks, polling site agents, election inspectors, temporary Election Day workers and the Board's own staff. Almost 1,000 memory cards come back to either the Board of Elections central office in White Plains or the Ardsley warehouse data center to produce the results within hours after the polls close.
- ✓ Voter outreach: While most in-person outreach programs have been paused during the pandemic, communicating with voters stepped up through mailings and the use of county and state websites. Forms and up-to-date information are available at all local public libraries and at the offices of village, town and city clerks. Information on becoming a poll worker and video demonstrations for operating the electronic machinery used for voting are available on the Board's website.
- ✓ Voter registration: Maintaining accurate voter registration records is a year-round process with daily tasks. Forms come from multiple sources - mail, in person, electronically, etc. The Board receives changes of address and information about moves out-of-county and deaths of registered voters year-round and make the maintaining of accurate records a process with daily tasks. Slower mail delivery standards of the USPS makes timely processing of new registrations just prior to an election more and more challenging.

REVENUES:

- ✓ Departmental revenues derive from fees based on a published rate chart for services such as production of registration and enrollment lists (printed and on digital media), political subdivision maps, verification of voter registration and photo copies of documents such as petitions, acceptances and declinations.
- ✓ Other than fees, the Election law permits billing municipalities for the costs of elections to include poll workers, the printing of ballots, the moving and storage of voting machines and the rental of polling places.

PROGRAM AREA AND SERVICES:

GENERAL GOVERNMENT SUPPORT

- ✓ Software & Business Process Improvement: Thematically divided development teams work with departments to create and implement solutions for all areas of government, including Public Safety, Environment and Social Services.
- ✓ Infrastructure: Manages the network, data center, cyber security and recovery efforts; ensures constant connectivity and smooth County operations.
- ✓ Desktop Support: Responsible for office productivity software, all employee PCs, the IT Help Desk and implementing new hardware and software.
- ✓ GIS: Develops, maintains and distributes digital data and map related information, services, and programs in County and local governments.
- ✓ Archives: The central repository for the County's records from 1680 to present; benefits community, conservation and historical record.
- ✓ Communications & Westchester Telecom Network: All telecommunications services (video, voice, data) for the County and many municipalities.
- ✓ Records Management: Program for assuring County's compliance with state and federal regulations regarding records retention and disposition, including new Federal Rules for Civil Procedure, Freedom of Information Law requirements and legal discovery of e-records.
- ✓ Administration: Responsible for municipal shared services, contracts management, procurement/requisitions, financial analysis and budgeting.
- ✓ Graphics: Provides professional, original and creative graphic, web, advertising and marketing-arts solutions through cooperation with the County Executive's Office of Communications, department executive staff and public information officers to promote County programs and services.

PUBLIC HEALTH & SAFETY

- ✓ Deliver and manage the computer systems for the management and operation of the key executive public health and safety departments: Health, Public Safety, Emergency Services, Correction, Probation, Labs (forensics).
- ✓ Manage the system for handling all 911 calls from land-line phones and the 911 network.
- ✓ Deliver and manage the systems that provide for electronic public notifications.

DEPARTMENT INITIATIVES:

GENERAL GOVERNMENT SUPPORT

NEW

- ✓ Implementation of an enterprise-wide e-signature solution to streamline processing of internal and external documents requiring signature.
- ✓ Upgrade of the system that helps manage the identities and access privileges of Westchester County Airport employees and contractors.
- ✓ Implementation of a web-based program that will allow constituents to go online and ask questions regarding County Government services.
- ✓ Upgrade to the system responsible for monitoring and controlling water and wastewater facilities operated by DEF.
- ✓ Upgrade to the current Kronos Workforce Timekeeper application that is used by various County departments for workforce management.
- ✓ Implementation of a new cloud-based software system solution for the County's Paratransit operations.
- ✓ Development of an online dashboard for the public to view the County's open space data and filter by municipality.
- ✓ Development of a Residential Food Scrap Transportation and Disposal online application.

Information Technology (16)

- ✓ Development of a mobile application to support bus stop field inspection activities.
- ✓ Major upgrade of CGI/AMS Finance, Human Resources and Budget systems.

ON-GOING

- ✓ Implementation of a new web-based software solution that enhances government transparency by automating business processes and workflows for County Boards & Commissions.
- ✓ Replacement and upgrade of multi-function devices (copier/printer) throughout the County.
- ✓ Continued rollout of Webex Video Conference Units throughout the County to support virtual meetings.
- ✓ Continued expansion of the County's Kronos Timekeeper enterprise solution in additional County departments.
- ✓ Implementation of a Cyber Security Risk Remediation Plan in collaboration with the Board of Elections for the New York State Board of Elections.
- ✓ County website enhancements including improvements to the site's design and integration of social media, video and photos.
- ✓ Expansion of security platform for the County including the implementation of new security products and services.
- ✓ Expansion of DoIT's cyber security awareness program to include additional resources and programming for County employees.
- ✓ Assistance with the evaluation and expansion of wireless and radio site leasing opportunities on County properties.
- ✓ Creation of new print and web media projects as determined by the County Executive's Office and County departments.
- ✓ Consolidation of file servers through virtualization to save operating system licenses and electricity, and to minimize downtime.
- ✓ Assistance to local municipalities in building geospatial programs which benefit both County and municipal business functions.

- ✓ Expansion of WestchesterShares, the County's Shared Services portal to facilitate the sharing of goods and services between local municipalities in the areas of GIS, printing, network infrastructure/e-mail, public safety, etc.
- ✓ Ongoing network management and connectivity support for all County departments, including the build-out of new infrastructure as required.

PUBLIC HEALTH & SAFETY

NEW

- ✓ Replacement of the Case Management System used by the Department of Community Mental Health.
- ✓ Development of a new form within the Law Enforcement Sharing Portal to allow police departments to report overdose incidents to the Westchester County District Attorney's Office.
- ✓ Update of the Cooling Towers Registry application that DOH uses to provide detailed information on registered cooling towers in Westchester.
- ✓ Upgrade of the Computer Aided Dispatch (CAD) system used by various emergency response, police and fire agencies throughout the County. The new web-based Oncall Dispatch application will include new mapping functionality and enhance call-taker and dispatcher performance.
- ✓ Implementation of a countywide Records Management System (RMS) for the Department of Public Safety that will provide greater transparency and collaboration between the County and local police agencies.
- ✓ Implementation of a new module in DOC's Organization, Scheduling and Logistical system to optimize overtime calls so that all staff have the opportunity to receive an equal amount of calls for overtime.

ON-GOING

- ✓ Maintenance of Covid-19 dashboards that provides daily case updates, vaccination data, local test site information, data trends and zone hotspots.

Information Technology (16)

- ✓ Replacement of large mission critical voice radio communication systems currently utilized for police, fire, EMS and transit (Bee Line) operations in the County.
- ✓ Maintenance and enhancements to public health & safety systems supporting daily operations in County departments.

DEPARTMENT ACCOMPLISHMENTS:

NEW

- ✓ Named one of the "Top 10 Digital Counties" in the United States (1 million+ population category) for 2022 by the Center for Digital Government and National Association of Counties (NACo).
- ✓ Worked with Airport staff to implement WiNRADiO, a multichannel monitoring system to record air traffic control frequencies. This replaced the antiquated Airband radio system previously used at the Airport.
- ✓ Added kiosks to the Westchester County Jail to provide inmates with the ability to use their inmate accounts to place commissary orders, thereby increasing the efficiency of the ordering process.
- ✓ Developed an application to accept application forms electronically for COC grant applicants within Westchester County. COC is an emergency grant the County offers to assist eligible organizations for economic recovery in 2021.
- ✓ Developed an application to electronically accept Launch1000 grant application from interested applicants. The County offered the Launch1000 program to support economic recovery, build skills and entrepreneurial capacity in Westchester.
- ✓ Developed an application to receive not-for-profit grant applications from eligible organizations. The County provided this grant to assist eligible organizations with their economic recovery due to the ongoing impacts of the Covid-19 pandemic.
- ✓ Made changes to the application to accommodate appeals made by students related to missing documentation required to prove residency and receive the residency certificate. This change makes it easier for students to obtain the resident discount at participating community colleges.
- ✓ Completed the IP Telephony Migration Project that began in 2016 and entailed the configuration and replacement of over 6,000 telephone devices from the old Lightpath Centrix service to a County managed and operated platform, known as Cisco Unified Communications Manager (CUCM). Project benefits include the creation of customer friendly contact centers, unified messaging, ability to reach remote facilities, and use of the County's enhanced networking infrastructure.
- ✓ Completed engineering changes to the County's Cisco Telephone System and dialing operations at all 39 Public Safety Answering Points to be in compliance with the FCC's ten-digit dialing plan that was implemented in 2021.
- ✓ Worked with Pictometry International Corp for the acquisition of new county-wide digital oblique aerial imagery. Imagery was made available to local municipalities, assessors, police, and fire personnel.
- ✓ Provided guidance to Labs staff as they worked with the vendor to develop an automated interface to send Covid-19 test results to NYS. This interface increased staff efficiencies by sending the data securely to NYS and freeing up Labs staff to perform other functions.
- ✓ Expanded the Kronos Westchester County Timekeeper environment to include Probation and DCMH.
- ✓ Developed an application to list registered haulers on the Solid Waste Commission's web page.
- ✓ Rolled out BOE Online Election Inspector Procedure Training to 5,072 poll workers required for the 2021 general election.
- ✓ Customized the 2022 Point in Time (PIT) survey to perform the HUD-required count of unsheltered homeless on January 26 and 27, 2022.
- ✓ Developed a Story Map available through the Westchester County GeoHub named Community Climate Resilience: Climate Adaptation in Westchester County, NY. This Story Map provides geospatial guidance for County and municipal climate mitigation and adaptation efforts.
- ✓ Developed an online application to receive religious grant applications from eligible organizations impacted by the pandemic.

Information Technology (16)

- ✓ Worked with Health, Parks and DPW to set up the Pediatric Vaccination Clinic and Covid-19 Testing Center at the County Center. This included networking and IT hardware support (PC's, printers, phones, etc.).
- ✓ Developed an application to support the Office of Economic Development efforts to promote the advanced manufacturing industry.
- ✓ Worked with Health and the vendor to upgrade the County's Clinic Management Software to a newer version with enhanced functionality.
- ✓ Upgraded the application that gives fire and EMS agencies the ability to access and update information (e.g., Building Construction, Life Safety Hazards, Hazardous Materials, etc.) that is stored and used in the Emergency Services Computer Assisted Dispatch (CAD) system.
- ✓ Worked with DOH to implement and support the CommCare Contact Tracing Application required by NYS for Covid-19 case investigations and contact tracing.
- ✓ Installed and integrated new software for latent print specific case management, documentation, image enhancement/annotation and preservation, to be used by the Forensic Investigative Unit.
- ✓ Deployed a new application to allow police departments throughout Westchester to report bias and hate crimes to the Westchester County District Attorney's Office.
- ✓ Developed a web-based mapping application to support the Westchester County Minority and Women-Owned Businesses Program. The application provides a comprehensive view of all businesses registered in the program.
- ✓ Developed a new monthly report to increase transparency around procurement from Minority and Women Owned Business Enterprises (MWBE) and Service-Disabled Veteran-Owned Business (SDVOB).
- ✓ Maintenance and support, including upgrades and/or expansions to all computer applications being used to support the daily operations of almost all County departments.
- ✓ Continued to virtualize and consolidate server infrastructure in order to provide the County with a more cost-effective and energy-efficient solution.
- ✓ Continued to assist local municipalities in building geospatial programs which benefit both county and municipal business functions.
- ✓ Continued to support the County's Shared Services initiative to augment local government services in the areas of GIS, printing, network infrastructure/e-mail, public safety, etc.

REVENUES:

- ✓ Almost all costs of the department are charged back to other County departments, to grant programs and to municipal agencies that use IT services and systems.

ON-GOING

- ✓ Continued to expand and attract additional visitors to the County's award-winning website as well as support and enhance the security of the content management system supporting County websites.

Department Of Law (18)

The County Attorney is appointed by the County Executive, subject to confirmation by the Board of Legislators.

Department Of Law (18)

Mission Statement

The Law Department, Office of the County Attorney, is charged by law to serve as legal counsel to the County Executive, the Board of Legislators, and to the County and all of its constituent departments, agencies and boards. Under the direction and supervision of the County Attorney, the Law Department is currently organized into four bureaus: the Litigation Bureau; the Appeals, Opinion and Legislation Bureau; the Contracts and Real Estate Bureau and Family Court Bureau. Each bureau has the responsibility for handling specific types of legal matters on behalf of the County, including providing legal advice to County officials and employees in order to assist them on various projects the County is undertaking or contemplating undertaking; preparation and review of legal documents, drafting of legislation; researching and preparing legal opinions; and advocating on behalf of the County in trial and appellate courts, including special administrative proceedings.

The Office of Risk Management is responsible for managing a comprehensive risk management program for the County, which includes the formulation, implementation and monitoring of the policies as they relate to insurance, safety, claims and the settling of losses. The office continually determines and analyzes all casualty risks of loss to which the County's assets are exposed and evaluates such risks to determine whether they can be eliminated or minimized; investigates and manages claims of general, automobile, public officials and malpractice liability and administers the County's self insurance program.

Department Of Law (18)

PROGRAM AREA AND SERVICES:

Litigation Bureau

- ✓ Represent the County in litigation relating to allegations of deprivation of civil rights.
- ✓ Advise departments on risk mitigation based on the results of state and federal litigation.
- ✓ Draft legislation to effect settlements and/or the initiation of lawsuits.
- ✓ Advise departments on Covid related personnel issues.
- ✓ Defend County in personal injury claims and property damage litigation.
- ✓ Provide training and guidance and advice to departments on civil service, employment and labor issues.
- ✓ Review and manage property executions and seizures, warrants, evictions, attachments, pistol permit matters, etc.
- ✓ Defend challenges to decisions of certain departments providing services to children and families.
- ✓ Handle assisted outpatient proceedings, guardianship proceedings and review of Supplemental Needs Trusts.
- ✓ Supervise outside counsel when needed on various matters including personal injury cases involving Liberty Lines bus accidents.
- ✓ Represent the County in litigation relating to breaches of County contracts including, but not limited to construction projects or rides/ services at Playland, environmental review or remediation under Federal and State law.
- ✓ Handle administrative proceedings on behalf of County Departments and/or Department heads including employee disciplinary matters, contract grievances.
- ✓ Advise all County departments regarding subpoenas for documents for pre-trial or trial testimony in non-County litigations.
- ✓ Review matters relating to authorizations for release of records, audits, collective bargaining contracts, liens, foreclosures,

bankruptcies, workers compensation claims, income executions and collection matters.

- ✓ Initiate litigation when appropriate to challenge regulations or decisions of New York State affecting the County.
- ✓ Advise all County departments on environmental cases and administrative proceedings involving the Environmental Protection Agency, New York State Department of Environmental Conservation and New York City Department of Environmental Protection.
- ✓ Defend the County in state litigation relating to compliance with the State environmental conservation laws.
- ✓ Advise County departments on Freedom of Information Law (FOIL) requests.

Specific Accomplishments

- ✓ Gained the dismissal of twenty-three federal and thirty-eight state lawsuits through motion practice, from August 1, 2021 to August 1, 2022.
- ✓ Implemented new guardian ad litem program to assist respondents in residential eviction proceedings.
- ✓ Through the employment of paraprofessionals, centralized the Law Department's handling of cases brought under the New York Mental Hygiene Law and the enforcement of Medicaid liens, which resulted in an annual savings of approximately 909 attorney-hours.
- ✓ Continuing to monitor and work with outside counsel on the litigation against the manufacturers and distributors of opioids seeking damages for treatment, education, prevention and other measures as a result of the opioid epidemic in the County. To date, the County has received \$2,561,476. Additional distributions are expected over the next ten years.
- ✓ The 6-N fund continues to see favorable results in its reserve liabilities, with savings continued to be seen in older, more mature years. That said, and not at all unique to the County, recent economic market downturns have largely impacted assets across all industries, especially insurance/self-insureds. While the unallocated reserve in the fund has decreased from last year, the recent Court decision granting Summary Judgment to the County in the Metro-North cases

Department Of Law (18)

involving a train accident in Valhalla in 2015, allowed \$4,250,000 in reserves to be taken down. Accordingly, the unallocated reserve in the fund stands at \$4.61 million. Even though there has been a decrease in the unallocated reserve, we believe there remains a large amount of equity in 6N based upon the eventual bounce back in assets when the markets turn. Overall, we have been advised that the County can forego funding the 6-N fund in 2022 but may want to consider partially funding beginning in 2023 or 2024.

- ✓ New York State Social Services Law enables the County to procedurally enforce its substantive right to pursue repayment from the responsible third parties by the placement of a lien for public assistance on personal injury claims and suits against third parties to the extent of the expenditures made on the recipient's behalf. The Social Services Law also authorizes the placement of claims on estate assets for any assistance received by the decedent ten years prior to the date of death. DSS' recovery is realized when the claim of the public assistance recipient is resolved and/or when the estate is settled by the executor or administrator. The Law Department's pursuit of these liens and/or claims resulted in the recovery of \$2,585,560.52 in Medicaid expenditures; \$104,324.24 in public assistance funds from August 1, 2021 to July 31, 2022.

Appeals, Opinions and Legislation Bureau

- ✓ Represent the County in all Appeals to the Appellate Term and the Appellate Division of the New York State Supreme Court, the New York State Court of Appeals and the United States Court of Appeals for Second Circuit.
- ✓ Draft legislation to protect the health, safety and security of the residents of Westchester County, including legislation related to:
 - amending County Identification Card law,
 - amending various Laws of Westchester County to change language regarding individuals with intellectual/developmental disabilities and to use person-centered language,
 - clarify retention of outside counsel,

- requiring posting of minimum and maximum salaries in job listings,
- Food Allergy Restaurant Safety law,
- requiring local municipalities to report all incidents involving conduct motivated by actual or perceived membership in a protected class,
- Disclosure of Safety Risks related to Weapons or Firearms,
- Reproductive Health Care Facilities Access,
- Flood History Disclosure law,
- Authorization for use of videoconferencing for meetings of the Board of Legislators and Committees and the public bodies of the County Executive,
- Establishment of Office of Housing Counsel;
- Building Code enforcement;
- Establishment of Independent Police Accountability Board;
- Employment protection for pregnancy related conditions;
- Amendments to Solid Waste Law;
- Single Use Foodware;
- Tax Exemptions for low income Senior Citizens and Disabled persons;
- Increasing number of consecutive terms for members of the Women's Advisory Board;
- Appointments of County Commissioner and Directors;

 - ✓ Advise departments regarding Open Meetings Law.
 - ✓ Appear before the Board of Legislators to discuss the status of ongoing litigation & legislative matters and provide information requested by members of the Board.
 - ✓ Represent the County in Administrative appeals including FOIL appeals.
 - ✓ Advise the County regarding the appointment and removal and the terms of certain County personnel and members of County Boards and Commissions.
 - ✓ Provide legal counsel to the County Executive, Board of Legislators, Department of Health and other County Departments, Boards and Commissions regarding issues related to the COVID-19 pandemic including interpretation and compliance with related federal and state laws and Executive Orders issued by the Governor.

Specific Accomplishments

- ✓ Advise Departments on the Americans with Disabilities Act requirements with regard to the County website;
- ✓ Provide legal counsel to the County Police and Training Task Force established by the County Executive pursuant to the Governor's Executive Order No. 203, which will provide recommendations on modifications, modernizations, and innovations to police policies and

Department Of Law (18)

practices in furtherance of development of a County plan to reform County police procedures to improve relationships between the police and community and reduce racial disparities in policing. Working with Task Force officials on implementation strategies related to the County Plan.

- ✓ Working with the administration to establish the Independent Office of Assigned Counsel as required by Chapter 186 of the Laws of Westchester County including: appointment of Board of Directors, assisting in advertising and hiring of an Administrator and other Office personnel, assisting in scheduling of Board of Director meetings, obtaining office space in White Plains, establishing a County electronic vouchering systems for payments to 18b attorneys and working with the New York State Office of Indigent Legal Services on the transition of funding and duties from the Legal Aid Society of Westchester County to the Independent Office of Assigned Counsel.
- ✓ Enacted Legislation: Local Laws to allow more flexibility for providing identification, LL-1 of 2022; Local Law amending sections of the Laws of Westchester County to change the language used regarding individuals with intellectual/developmental disabilities, LL-2 of 2022; Clarification of use of Outside Counsel LL-3 of 2022; prohibiting Employers from posting job listings without minimum and maximum salary information, Local Law -5 of 2022; Food Allergy Restaurant Safety Law, LL-6 of 2022; Requiring all municipal police departments in the County to report all hate incidents involving conduct which is motivated by a person's actual or perceived membership in a protected class, LL-7 of 2022; Disclosure of Safety Risks Related to Weapons or Firearms, LL-8 of 2022; Reproductive Health Care Facilities Act, LL-9 of 2022; Flood History Disclosure Law, LL-10 of 2022; Authorization for Use of Videoconferencing for members of public bodies of the County Executive branch, LL-11 of 2022; Authorization for Use of Videoconferencing for members of the County Board, its committees and subcommittees, LL-12 of 2022.

Department Of Law (18)

- ◆ Child Victims Act Cases-In conjunction with the twenty-three Child Victims Act lawsuits for which liability insurance policy coverage was discovered in ancient County records, an exhaustive analysis of numerous policy documents was conducted. A thirty-three page compendium, by year and insurance policy, inclusive of effective and expiration dates, policy limits of liability and other information, was prepared for all liability insurance policies issued to the County from 1958 -1986. Negotiations with the dominant insurance company, Liberty Mutual, were initiated and consummated to procure coverage commitments for all lawsuits for which coverage was applicable. Liberty Mutual appointed outside counsel to defend the County in all of the lawsuits when the County had Liberty Mutual insurance coverage.
- ◆ Liberty Lines Bus Accident Cases-A dedicated attorney was assigned to handle and monitor all Liberty Lines bus accident cases. The entire portfolio of open Liberty Lines bus accident cases - - currently 121 - - was re-examined to check current litigation status and confirm proper handling by outside counsel. In addition, all open cases were individually analyzed to set individual case reserves. In 2022, seven cases have been settled and submitted to either the Board of Legislators or the Board of Acquisition and Contracts for settlement approval. The internal process for the processing of Liberty Lines bus accident Notices of Claim was revised and the dedicated attorney now participates in the weekly Liberty Lines meetings to review all accidents that occurred during the past week. In conjunction with the County Director of Risk Management Created and presented a training session for Law Department on the practice of properly reserving claims.
- ◆ Re-Activation of the Vehicle Safety Review Board-At the request of the County Attorney, the County's Vehicle Accident Review Board (VSRB) was reconstituted and its meetings were reinstituted. Working with Risk Management, the Law Department reviewed and revised the outdated Procedures Manual that governs the meetings and practices of the VSRB.
- ◆ Supervising outside counsel in the PFAS litigation referred for pretrial purposes to the U.S. District Court for the District of South Carolina.

Contracts and Real Estate Bureau

the administration and operation of a duly licensed and accredited health sciences college or university.

- ✓ Provided extensive legal advice and services to the Westchester Community College in connection with alleged fraudulent uses of student's credit cards, including but not limited to researching the New York Gen Bus Law § 899-aa, a/k/a the Stop Hacks and Improve Electronic Data Security Act (the "SHIELD Act"), which imposes affirmative obligations onto an entity in connection with an electronic systems breach. Legal advice was also provided in connection with revisions to the College's credit card policies and procedures in order to make them become Payment Card Industry Data Security Standard (PCI) compliant.
- ✓ Provided legal advice, drafted and negotiated multiple funding agreements and IMAs with counsel for the New York State Department of Environmental Conservation, New York State Environmental Facilities Corporation and City of Mt. Vernon in connection with the funding, design and construction of sanitary sewer and storm sewer system improvements within the City of Mt. Vernon.
- ✓ Participated in extensive discussions and consideration with the Department of Information Technology, and provided legal advice, related to the procurement and future implementation of electronic signatures for contracts, which could be used in order to simplify and expedite those processes.
- ✓ Assisted Department of Environmental Facilities in negotiating, drafting and working on an easement agreement with ARCO Remediation LLC for sewer upgrade work at the Anaconda Superfund site, including attendance at meetings with the Village of Hastings-on-Hudson and the New York State Department of Environmental Conservation.
- ✓ Assisted the Commissioner of Emergency Services in the preparation of an RFP to solicit proposals from EMS agencies to provide supplemental EMS coverage in the County.
- ✓ Assisted the Departments of Public Works and Transportation, and Environmental Facilities to respond to several emergencies created by natural disasters and other causes, by preparing emergency declarations and the related contracts to address the following:

- 1) Grasslands/Radio Tower Cooling System
- 2) Labs and Research/Uninterruptable Power Supply
- 3) County Center/Emergency Electrical Services
- 4) Airport/Storm Drain Replacement
- 5) Ossining Wastewater Plant/Main Power Feed Replacement
- 6) Emergency Hauling of Hurricane Debris.

- ✓ Assisted the Department of Environmental Facilities with procurement of an agreement to begin a Textile Collection and Recycling Program. This program will increase the amount of material removed from the County's solid waste stream.
- ✓ Assisted the Department of Environmental Facilities to create a Food Waste Collection Program. This involved drafting IMAs with various municipalities and authorizing legislation to collect such waste on behalf of local municipalities at a subsidized rate, as well as procuring an agreement with a contractor to transport and dispose the food waste. Through this program, the County may potentially remove up to 22% of waste from the solid waste stream and turn it into mulch and/or energy.
- ✓ Assisted the Planning Department to amend an agreement with the New York State Department of Environmental Conservation for the design of the Mamaroneck and Sheldrake Rivers Flood Risk Reduction Project. This project will address chronic flooding in southern Westchester.
- ✓ Provided legal advice and assistance to the County Executive Office, in connection with the negotiation of agreements with Community Capital New York, for the transfer of American Rescue Plan Act funds to certain local businesses and not for profit corporations grantees affected by the COVID-19 pandemic who qualified under the Business FIRST and the Launch1000 Programs.
- ✓ Provided legal advice and assistance to the Department of Parks, Recreation and Conservation, in connection with the negotiation of a management agreement for the renovation and operation of an

Department Of Law (18)

existing restaurant building facility, formerly known as La Cantina Restaurant, at the County's V.E. Macy Park, located in Irvington, New York, as a modern American grill restaurant.

- ✓ Provided legal advice and assistance to the Department of Community Mental Health, in connection with the negotiation of contracts and the implementation of eight (8) Mobile Crisis Response Teams, comprised of specialized trained staff with experience in addressing mental health, developmental disabilities, substance abuse and co-occurring issues which do not involve known threats of violence or medical emergencies, in order to address and assist police in addressing a wide range of behavioral health related crisis including conflict resolution, suicide threats, wellness checks, substance misuse, and more, relying on a trauma-informed deescalation and harm reduction techniques. This initiative ("Project Alliance Initiative") is part of the County's far reaching plan to "Reimagine Policing" in Westchester County.

CHILDREN AND FAMILY SERVICES

Family Court Bureau (FCB)

Child Welfare

- ✓ FCB provides legal services for all Department of Social Services (DSS) child welfare district offices.
- ✓ Responsible for representing DSS in child welfare proceedings in the County's three Family Courts;
- ✓ Presents cases on behalf of DSS in Family Court, Supreme Court and before administrative tribunals;
- ✓ Represents DSS in child abuse and neglect cases, multi-disciplinary team cases, extensions of placement, termination of parental rights, foster care review approvals, kinship guardianship, adoptions, fair hearings, orders of protection and custody and visitation and court ordered investigations;
- ✓ Handles Persons In Need of Supervision (PINS) matters and extensions involving DSS;
- ✓ Responsible for providing legal advice and training to all child welfare program areas;

- ✓ Attend monthly meetings with senior DSS staff to review ongoing matters;
- ✓ Provides input into agency policies and legislation;
- ✓ Assist DSS with issues involving compliance with court orders, expediting provision of services, guidance on agency policies, federal and state regulations, immigration issues, and other issues affecting permanency and the well-being of children. The FCB obtains court orders and legal documents to support claims for federal and state reimbursement for foster care and adoption; and
- ✓ Member of both the County's Child Fatality Review and the Multi-Disciplinary Teams.
- ✓ Child Support
- ✓ The FCB provides representation at child support proceedings to DSS and private petitioners under both the Uniform Interstate Family Support Act (UIFSA) and Section 111-g of the New York State Social Services Law;
- ✓ Initiates thousands of proceedings against non-custodial parents who fail to meet child support obligations owed either directly to the County or to individual custodial parents;
- ✓ Establish paternity to seek initial support orders;
- ✓ Modify existing support orders;
- ✓ Prosecute non-custodial parents who willfully fail to meet their support obligations;
- ✓ Present Uniform Interstate Child Support cases in Family Court on behalf of out-of-state custodial parent petitioners who are seeking to establish paternity and obtain child support from Westchester residents.

Juvenile Justice

- ✓ Investigates and present juvenile delinquency, juvenile offender and adolescent offender cases and extensions on behalf of the people of Westchester County in Family Court;
- ✓ Prosecute violations of probation in Family Court on behalf of the Department of Probation (DOP);

Department Of Law (18)

- ✓ Provide information to victims of youth crime on available community-based services, including counseling, crisis intervention and safety planning;
- ✓ Maintain a network of community based and county agencies who can help to provide diversion services for juvenile justice involved youth to be held accountable without disrupting their ability to lead productive lives and contribute to their community;
- ✓ Serve as a liaison and collaborate with various community based service providers, juvenile justice stakeholders on issues involving juvenile delinquency;
- ✓ Provide legal training to DOP on violations and various police departments throughout Westchester at in-service training; and
- ✓ Review certain DOP procedures to ensure compliance with state and federal law. Respond to all requests for formal opinions regarding probation issues.

Specific Accomplishments:

2022 Ongoing Initiatives: Updates

Community Outreach

- ✓ In 2021, the FCB established a community outreach program and in 2022 endeavored to expand the program that involves a long-term, proactive partnerships among the Law Department, law enforcement, the community and public and private organizations. The purpose is to use the authority of the FCB to solve problems, improve public safety and enhance the quality of life of community members. Community out-reach represents a distinct departure from the case and conviction orientation of traditional prosecution. Instead, community outreach initiatives seek ways to prevent and reduce youth crime and improve public safety. This past year the FCB has presented at various schools and community network meetings. It has also formulated partnerships with various Youth Courts and was instrumental in aiding the Mt. Vernon Po-lice Department with designing their own Youth Court. Additionally, the child support, child welfare and juvenile justice teams presented to stakeholders at the County's Domestic Violence Counsel. In 2022, for the second year,

the FCB participated in National Night Out Against Crime events throughout the County.

Diversion Services

- ✓ Diversion programs are alternatives to initial or continued formal processing of youth in the juvenile delinquency system. The FCB has worked with various Youth Courts and mediation programs to divert cases from formal prosecution in 2022. The FCB has expanded its partnerships with community based programs in order to meet more of the needs of our court involved youth and to off ramp them from form prosecution and perhaps deeper into the justice system. One such endeavor was the partnership with the Mount Vernon Police Department in forming their own Youth Court. In 2022, the FCB was instrumental in helping to get this Youth Court operational and has recently used the program for diversion services.

Victim's Services

- ✓ In 2022, the FCB was successful in collaborating with community based partners such as WESTCOP and other county agencies to expand the network of services offered to victims of youth crime, including, but not limited to: safety planning, therapeutic interventions, assistance with victim services applications, medical bills and counseling expenses, lost wages and other types of assistance. The Bureau is now able to routinely refer crime victims for services.

Youth Part Collaboration

- ✓ Over the past few years, the FCB implemented the groundbreaking Raise the Age legislation incorporating youths who are 16 and 17 years old youths into the juvenile justice practice and worked closely with all stakeholders. The FCB endeavors to work in conjunction with the Westchester County District Attorney's Office to develop a plan to screen and draft cases involving youth who are accused of felony crimes. Since the vast majority of Youth Part County Court cases are transferred to Family Court, the FCB endeavors to have early access to these cases and, when appropriate, draft and appear in the Youth Part prior to transfer. This will ensure that the proper charges are drafted and the transfer occurs expeditiously and efficiently. In 2022, the County Attorney's Office and the County District Attorney's Office

Department Of Law (18)

have formulated a memorandum of understanding to outline the parameters of the collaboration and we are hopeful it will be implemented in 2022. Even without the formal agreement, the FCB has appeared in the Youth Part many times in 2022 in order to aid the Court.

Juvenile Delinquency Discovery

- ✓ On April 1, 2019, New York State passed sweeping criminal justice reform legislation, including discovery reform, requiring prosecutors to disclose their evidence to the defense earlier in case proceedings. The discovery reforms went into effect January 1, 2020 and were amended in April 2020. Similarly, the New York State legislature is proposing a similar bill for juvenile delinquency proceedings that will affect the FCB significantly. The reformed law requires significantly greater openness and establishes specific timeframes for the sharing of evidence between the Presentment Agency and defense during the pretrial period. As a result of the prior legislation, District Attorney's Offices created electronic and digitized methods for dealing with the volume of evidence and the ensuing disclosures to defense counsel. In 2022, in anticipation of the change in law and based upon the FCB's close collaboration with the District Attorney's office regarding Youth Part cases, the FCB, the Information Technology Department and the District Attorney's Office have collaborated to develop a digital discovery process for juvenile delinquency cases using a portal to collect and distribute discovery.

Training Opportunities

- ✓ Throughout 2021 and 2022, the FCB continued to provide extensive training for attorneys, continual updates on judicial decisions and changes in the law and ongoing training for all legal staff, including training in ethical responsibilities. The FCB instituted a monthly Lunch and Learn series which has covered numerous topics throughout the year. The FCB will continue to develop additional training opportunities for both attorneys and support staff. In 2022, the FCB has already completed seven separate trainings.

Family First Legislation

- ✓ The Family First Prevention Services Act was signed into law as part of the bipartisan budget act and went into effect in New York in late

2021. This act reforms the federal child welfare financing streams, Title IV-E and Title IV-B of the Social Security Act, to provide services to families who are at risk of entering the child welfare system. The bill aims to prevent children from entering foster care by allowing federal reimbursement for mental health services, substance use treatment, and in-home parenting skill training. It also seeks to improve the well-being of children already in foster care by incentivizing states to reduce placement of children in congregate care. In the New York implementation of the act, the Family Courts are now charged with additional duties to review the congregate placements. This review has added additional court appearances and litigation in both the child welfare and juvenile justice areas. In addition, the FCB has trained and worked with the Department of Social Services on the new law.

2023 New Initiatives

Cross Over Youth Initiative

- ✓ The Crossover Youth Practice Model (CYPM) is a multi-agency, cross-system practice model that aims to address the needs of youth involved in both child welfare and juvenile justice systems. Its core goal is to reduce further youth involvement in the juvenile justice system in a manner that is consistent with the needs and best interests of the youth and the need for the protection of the community. The FCB will endeavor to begin a CYPM model in Westchester County by engaging the Department of Social Service, the Department of Probation and the family court system to create a model, which seeks to achieve the following four overarching goals:
 1. Reduction in the number of youth crossing over and becoming dually-involved;
 2. Reduction in the number of youth placed in out-of-home care;
 3. Reduction in the use of congregate care; and
 4. Reduction in the disproportionate representation of youth of color, particularly in the crossover population

Risk Management and OSHA Safety Standards

Department Of Law (18)

- ✓ Coordinates and monitors the County's Property and Casualty Self Insurance Program with the County Attorney's Office, Budget Department and Finance Office.
- ✓ Participates in the administration of the County's Self Insurance Programs and 6N Fund, including reserves established for funding self-insured losses and/or self insured retentions and deductibles.
- ✓ Administers the processing of all losses and claims, both insured and self insured, under the Risk Management program.
- ✓ Establishes and maintains working relationships with consultants, insurance brokers, carriers agents, actuaries and auditors regarding the County's Risk Management Program.
- ✓ Maintains a Risk Management tracking system for all 6N claims against the County.
- ✓ Creates and prepares all reports utilizing data systems for the purposes of cost analysis and actuarial processes.
- ✓ Reviews and evaluates all County contracts for compliance with insurance and indemnity and hold harmless requirements.
- ✓ Monitors and negotiates the insurance needs of the County: i.e. as it relates to its property and boiler, Liberty Lines Buses, Business Automobile, Aviation, Hull Protection and Indemnity, Crime, Volunteer, Fine Arts, Builder's Risk, Cyber Security, Flood, and Special Events exposures
- ✓ Evaluates and monitors coverage issues pertaining to the County's Para Transit and small bus fleet.
- ✓ Coordinates and negotiates the placement of special insurance needs of the County as they arise.
- ✓ Coordinates the subrogation collections for damage to County owned property.
- ✓ Manages the motor vehicle abstracts and reviews applications of County employees eligible to operate a County vehicle pursuant to County policy.
- ✓ Risk reduction and training, OSHA management, reporting, inspections, remediation, fire safety program, building inspections and safety training.

- ✓ Develops, coordinates, oversees and plans training and drills for evacuation plans for all facilities where County employees reside.
- ✓ Evaluates new and emerging risk exposures and recommends the needed insurance, and risk management measures.

Specific Accomplishments

- ✓ To significantly reduce the County's incurred premiums, facilitate insurance renewal programs and ensure the County received improved carrier and broker underwriting and claims handling on a going-forward basis, the Fine Arts, Crime and Westchester Community College Auto Insurance programs were restructured during Fiscal Year 2022. Specifically, the various Fine Arts and Playland Carousel & Organ policies were bundled by placing them under 2 separate Fine Arts policies, the stand-alone crime policy was rolled under our New York Municipal Insurance Reciprocal (NYMIR) Property program, the Westchester Community College Auto policy was cancelled and the corresponding vehicles that were thereunder were rolled under the County's Paratransit motor vehicle policy.

REVENUES:

- ✓ Departmental Revenues consist of charges to the 6-N Fund, to Sewer, Water, Refuse Disposal District Funds and the Westchester Community College Fund for legal services.
- ✓ Interdepartmental Revenue received from those departments for which the Law Department performs required legal service. These charges are made by hourly rates derived from the Law Department's operating costs, which are adjusted annually.

Department Of Planning (19)

The Department of Planning is required to prepare and administer all environmental reviews for County actions including legislation, real estate transactions, capital projects, and building and site improvements in compliance with the New York State Environmental Quality Review Act (SEQRA) and National Environmental Protection Act (NEPA). The Department of Planning, as staff to the County Planning Board, must prepare an annual report with recommendations on capital projects proposed to be undertaken by County departments and prepares reports on land use matters referred to the County Planning Board by municipalities. Also, as staff to the County Planning Board, the Department reviews certain land use applications that may impact County or State properties. The Department of Planning represents the County in federally mandated transportation planning activities in order to maintain the County's eligibility for federal transit and federal highway funds. The Department of Planning performs these reviews under the following New York State Laws and State Codes, Rules and Regulations:

Programs and Services

The preparation and administration of all environmental reviews for County capital projects, County building and site improvements and actions before the Board of Legislators and Board of Acquisition and Contract.

Review any action referred to the County Planning Board by a municipality and report back recommendations accompanied by a statement of reasons for such recommendations.

Prepare and submit annually a County Planning Board Report on the physical aspects of proposed capital projects.

Mission Statement

The mission of the Department of Emergency Services is to protect lives, property, and the environment in Westchester County through the provision of comprehensive Training, Communication Services, Mitigation, Emergency Preparedness, Response and Management to support municipalities and emergency service agencies. The Department supports first responders as we work together to build, sustain, and improve our capability to mitigate, prepare for, protect against, respond to, and recover from all natural and human caused hazards.

The Fire Services Division focuses on fire training, fire inspection, special operations, fire prevention and protection. The division administers, coordinates, and maintains the fire training program, and manages the County Fire Mutual Aid Plans and Program.

The Emergency Communications Center provides primary dispatch services for 52 fire departments and 31 EMS agencies in Westchester. The center is staffed 24 hours, seven days a week to dispatch and handle fire and EMS mutual aid requests.

The Emergency Medical Services division collaborates with local, regional, and state agencies to enhance the effectiveness and the county's Emergency Medical Services System, by providing emergency preparedness training, mutual aid coordination, and incident management assistance during large-scale events, Basic Life Support First Response (BLSFR) services, and oversight of the supplemental EMS services contract in support of mutual aid and specialty response initiatives.

The Office of Emergency Management works with local, county , state and federal government agencies before, during, and after natural and human caused emergencies to mitigate, prepare for, respond to, and recover from emergencies and disasters. During a major emergency , OEM may activate the county's Emergency Operations Center, a state-of-the-art facility where the county, the State, municipalities, hospitals, utilities, and others work together to keep the County safe.

Emergency Services (20)

PROGRAM AREA AND SERVICES:

PUBLIC HEALTH & SAFETY

The Department of Emergency Services (DES) is comprised of four Divisions: Fire Services; Emergency Communications Center (60 Control); Emergency Medical Services (EMS); and Emergency Management (EM).

Fire Service/Training:

- ✓ Coordinates fire training programs and seminars including educational and practical hands-on skill evolutions utilizing live fire simulations.
- ✓ Performs fire inspections of all County facilities to ensure employee and visitor safety.
- ✓ Maintains and coordinates County Fire Mutual Aid planning and emergency scene support through County Deputy Fire Coordinators and DES staff members.
- ✓ Manages the County's specialized Hazardous Materials Response Team (HMRT); Technical Rescue Team (TRT); and the Grasslands Fire Brigade.
- ✓ Coordinates the activities of the County Arson Task Force; hosts meetings of the Arson Task Force Executive Board and provides oversight of the Cause and Origin (C&O) Arson Investigation Teams, and provides training for fire investigators.
- ✓ Oversees maintenance, new construction projects, and repairs to the training center and supporting facilities.
- ✓ Provides support to the Fire Advisory Board.
- ✓ Provides support to Emergency Operations Center (EOC) staffing.

Emergency Communications Center (ECC) "60 Control":

- ✓ Provides primary dispatch services for 52 of the 59 (88%) fire departments and 31 of the 50 (62%) EMS agencies that operate in County. Coordinates all Fire and EMS Mutual Aid for requests in and out of county for assistance utilizing Computer Aided Dispatch (CAD) equipment and radio communications systems.

- ✓ Dispatches specialized response resources: Field Communications Unit (FC1), Portable Radio Towers, Mass Decontamination Units, Weapons of Mass Destruction (WMD) squads, Mass Casualty Incident (MCI) Trailers, HMRT, TRT, C&O, Fire and EMS Mutual Aid Coordinators, as well as Emergency Management personnel and equipment.
- ✓ Trained to perform Emergency Medical Dispatch (EMD) that includes providing pre-arrival medical instruction offered to callers so life saving medical care can be initiated prior to the first responders arrival. The program includes an effective Quality Assurance/Quality Improvement program.
- ✓ Coordinates communications system utilization and supports special equipment needs during emergent and pre-planned events, including the use of radio patches, mobile communications unit, mobile tower sites, CAD, Westchester Radio Amateur Civil Emergency Services (RACES), and radio cache management.

Emergency Medical Services (EMS) Coordination-Training:

- ✓ Conducts specialty training programs in support of EMS provider continuing education requirements as well as skills maintenance and development.
- ✓ Supports the Westchester Regional EMS Council (WREMSCO) Program Agency and manages the day to day business of the Council and Regional Emergency Medical Advisory Committee (REMAC).
- ✓ Coordinate EMS Mutual Aid requests for long duration out of county EMS support and ensure the local day to day EMS needs are met in each community, including the provision of emergency scene support through the EMS Zone Coordinator program and DES team members.
- ✓ Administers Respiratory Fit Test Equipment Loaner Program that supports Fire, EMS, and Law Enforcement agencies' compliance with regulatory Respiratory Protection programs.
- ✓ Manages the County Public Access Defibrillations (PAD) program. Over 160 Automated External Defibrillators (AEDs) are located at County facilities such as offices, parks, and safety vehicles.

Emergency Services (20)

- ✓ Manages the County's Cardio Pulmonary Resuscitation - Automated External Defibrillator (CPR/AED), and 'Stop The Bleed' Training Program. Over 1,700 County employees have been trained and retrained since the program's inception.
- ✓ Coordinates the Special Needs Registry and administrative partnership with the Hudson Valley United Way 2-1-1 to assist local and county planning for residents that may require special assistance during disasters.
- ✓ Provides support staff to the EMS Advisory Board.
- ✓ Coordinate the Basic Life Support - First Responder Program, including the day-to-day oversight of the Emergency Medical Technicians that provide vital services at many of the County Parks and support other County functions in an effort to provide immediate medical care when required.

Emergency Management (EM):

- ✓ Coordinates emergency management planning, mitigation, response, and recovery for Westchester County including sustainment of associated training and exercise programs.
- ✓ Coordinates with local municipalities, emergency response agencies, utilities, hospitals and schools on a daily basis.
- ✓ Manages the County Radiological Emergency Preparedness Program for Indian Point Energy Center.
- ✓ Coordinates on a daily basis with emergency management counterparts in NYC, counties throughout the region, and State partners that include the New York State Office of Emergency Management (NYSOEM) and Federal agencies.
- ✓ Coordinates with volunteer organizations, Community Emergency Response Team (CERT) programs and other disaster volunteer groups.
- ✓ Provides staff assistance to the Local Emergency Planning Committee (LEPC) on regional hazardous materials emergency preparedness.
- ✓ Manages the Westchester County EOC.

- ✓ Coordinates Hazard Mitigation and Disaster Recovery with County departments and local municipalities.

DEPARTMENT INITIATIVES:

NEW

Department Wide:

- ✓ WCDES is working in collaboration with the City of New Rochelle Youth Bureau (NRYB) and the New Rochelle Fire Department to support their Girls on Fire: Firefighter Program. The program provides job readiness skills training and actual work experience. This is a six (6) week program to learn about potential career opportunities in emergency services. Each DES Division introduces the girls to the different job opportunities of Emergency Services from firefighting, EMT and paramedic services, emergency management, and fire investigation.
- ✓ Social media campaigns and videos to promote Fire prevention and safety tips, Emergency preparedness and response, EMS activities, 60 Control accomplishments; participation in local Family Days to promote safety for kids and families.
- ✓ Developed and administering the Higher Education Recruitment and Retention Opportunities (HERRO) tuition and student loan reimbursement pilot program designed to help volunteer fire departments and EMS agencies recruit and retain volunteers.
- ✓ The initial program amount for 2022 is \$500,000 and each approved volunteer is eligible for up to \$6,000 annually in tuition reimbursement or student loan repayment assistance.
- ✓ As of July 2022, the successful program has awarded over \$229,000 in higher education cost assistance and will continue to promote much needed volunteers in emergency services.

Fire Services/Training:

- ✓ Working on a capital project to replace 30 year old training Smoke House Calls A Burn Building which is used for live burn training and other various fire and police training.

Emergency Services (20)

- ✓ Established committee for the purchase of a new replacement for our 1988 ladder truck which is used for Grasslands Campus fire protection as well as training county fire departments in ladder company operations.
- ✓ Working on a capital project to replace a 2000 fire pumper engine.
- ✓ Creating arson training classes for required annual training needed to be a fire investigator.
- ✓ Researching solutions to staff our Special Operations volunteer teams as a solely volunteer response is not sustainable for the long term.
- ✓ Working with local business association to identify potential volunteers from appropriate industries (chemical, manufacturing) who could advise the HazMat team on incidents they are likely to respond to.
- ✓ Work with municipalities, local first responders, schools, community organizations, etc., in partnership with DPS, to train and build local leadership command structures, response teams, and provide civilian Stop-the-Bleed and CPR training.
- ✓ Develop, train, and coordinate rescue task force teams to respond around the county; DES would also assist in the funding of ballistic gear and other equipment for Fire and EMS agencies that are willing to participate in these teams.

Emergency Communications Center (ECC) “60 Control”:

- ✓ Applied for funding from the 2020 New York State Interoperable Communications Grant. The County will install a limited number of 700MHz transceiver sites to support the local 7TAC National Interoperability Channels. To enhance remote radio site security, the County will have the sites evaluated and updated with enhanced technology.
- ✓ Improve intercounty communications with the City of New York and Hudson Valley region to assist with the coordination of incidents or in time of need for mutual aid. A number of new transmitters will be installed to accommodate access to these systems.

- ✓ In partnership with the Department of Information Technology, the Computer Aided Dispatch (CAD) system hardware and software will be updated to address speed and reliability.

Emergency Medical Services (EMS) Coordination-Training

- ✓ Work with the County's EMS Advisory Board (EAB) to support the EMS system in the County. The County will look to contract with an EMS vendor to support the EMS mutual aid system when local agencies are unable to meet the large demand of call volume.
- ✓ Work with the EAB to hire an EMS consultant, assess the current system and provide best practices and recommendations to support a fiscally responsible, professional, and sustainable EMS system in the future.
- ✓ Working with the Regional EMS Council, assist with developing a program to identify stroke symptoms and transport to the most appropriate level of care.
- ✓ In collaboration with the Fire Division, assist with supporting Active Shooter Hostile Event (ASHE) awareness and tactical training programs.
- ✓ Transitioned the former Parks EMS unit into our EMS division which expanded the role of the countywide support of the NYS Certified Basic Life Support First Responders (BLSFR) program; the EMTs support special events around the county and the EMS services at Playland Park.

Emergency Management (EM):

- ✓ Secure contractor support for the development and delivery of advanced training and exercise opportunities for first responders to improve readiness for major emergencies.
- ✓ Begin the process of an update to the County's Comprehensive Emergency Management Plan (CEMP).
- ✓ Act as a resource for local municipalities on emergency planning.
- ✓ Transition the County Radiological Emergency Preparedness (REP) Program for the Indian Point Energy Center to reflect Indian Point as defueled nuclear power plant in decommissioning.

Emergency Services (20)

- ✓ Enhance preparedness for natural gas transmission pipeline hazards in cooperation with the private sector and local emergency services.

DEPARTMENT INITIATIVES:

ON-GOING

Fire Services/Training:

- ✓ Host and support the Mount Vernon, Yonkers and Career Fire Chiefs Association's Academies each year.
- ✓ Continue to deliver Firefighter I programs through several types of schedules to meet the needs of volunteer schedules; i.e. night/ weekend, blended (online) learning, and summer daytime schedules.
- ✓ Continue to work in partnership with the Westchester County Municipal Training Officers and NYSOFFPC to provide monthly training sessions for the career fire service to assist departments in meeting the NYSOFFPC 427.7 standards.
- ✓ Partner with Con Edison to develop a new training prop and curriculum that simulates over 30 different types of gas emergencies that firefighters may encounter.
- ✓ Continue to develop regional coordination and response capabilities associated through the NYS Hazardous Materials Targeted Grant Program for state funding that includes Dutchess, Putnam and Westchester County teams.
- ✓ Maintain, store and track resources to support the Hazardous Materials and Technical Rescue response, including monitoring and detection, mitigation and decontamination.
- ✓ Coordinate and support capital projects to rehabilitate training structures, training yard, main facility and equipment storage building.
- ✓ Continue to work with individual fire departments to ensure compliance with the OSHA Best Practices for the fire service.
- ✓ Established and maintain the Fallen Firefighter Memorial Committee to oversee the process of the Fallen Firefighter Monument and the addition of names.

- ✓ Continue to coordinate the Westchester County ASHE Integrated Response Committee to develop more training programs and template of standard operational guidelines for each emergency response discipline to standardized procedures for response to these types of incidents county-wide. Also began to include civil unrest situations as one additional hostile event item to be added to training programs.

Emergency Communications Center (ECC) "60 Control":

- ✓ In coordination with DoIT, support the countywide radio communications systems that provide services to fire, EMS, police headquarters, hospitals and the county bus transportation system and upgrade the trunk radio system infrastructure and equipment. Continue to work on replacing the existing system infrastructure and equipment to a state of the art P25 digital radio system to enhance reliability and functionality.
- ✓ Maintain and coordinate emergency communication systems and equipment, plans and procedures during special pre-planned events, exercises and large scale emergency responses including a Field Communications Unit, transportable radio towers and portable radio caches.
- ✓ Coordinate and support activities with RACES amateur radio operators and facilitate maintenance and enhancement of radio equipment.
- ✓ Work with the New York City Interagency Communications Committee, Hudson Valley Interoperability Communications Consortium and the New York State Communications Interoperability Working Group, to develop plans and partnerships to enhance awareness and ability to communicate across county borders.

Emergency Medical Services (EMS) Coordination-Training:

- ✓ Maintain Hospital-EMS Diversion Program/Website.
- ✓ Ongoing support of the 50 EMS agencies that operate in the county.
- ✓ Support ongoing specialty EMS training and MCI preparedness, Active Assailant response through the sustainment and enhancement of supply and equipment resources.

Emergency Services (20)

- ✓ Administer WREMSCO and REMAC initiatives such as Advanced Life Support provider credentialing and the annual EMS awards ceremony
- ✓ Sustain an enhanced protocol with United Way 2-1-1 to update and maintain the Special Needs registry.
- ✓ Support the county's PAD program to include adult and pediatric CPR, utilization of an AED, and how to utilize the Stop the Bleed (Hartford Consensus) supplies provided as part of the AED equipment.
- ✓ Support the County's EMS BLSFR program which provides EMTs to County Parks and other County properties and programs when needed. The team provides immediate access to emergency healthcare services during events.

Emergency Management (EM):

- ✓ Continue to conduct training and exercise activities to support readiness for major emergencies.
- ✓ Continue to host various emergency management meetings for County departments, municipal liaisons, non-county organizations and hospitals to facilitate disaster planning and response coordination.
- ✓ Continue to maintain emergency preparedness information, including informational programs for the County website, printed materials and delivery of preparedness presentations.

County Clerk (21)

The County Clerk is the oldest elected office in Westchester County, having been established in 1683. For over 300 years, the County Clerk has served the people of our County by maintaining and preserving the official documents and records of its rich history. The Westchester County Clerk is the Registrar of County land transactions and liens, as well as the Clerk of the Supreme and County courts. The position is both a County Official and a New York State Constitutional Officer. The department is required to operate under the following state and federal laws, codes, rules and regulations:

County Clerk (21)

PROGRAM AREA AND SERVICES:

GENERAL GOVERNMENT SUPPORT

- ✓ Serves as the registrar of County land transactions, recording and preserving documents such as deeds, mortgages, assignments and satisfactions.
- ✓ Serves as the Clerk of the Supreme and County Courts accepting and maintaining filings in these courts.
- ✓ Performs non-court related County legal functions including, but not limited to, registering a business, filing a lien, registering a domestic partnership, filing Military discharge papers, and accepting Small Claims Assessment Review petitions.
- ✓ Hosts naturalization ceremonies on a bi-monthly basis and administers the Oath of Allegiance to newly naturalized United States citizens.
- ✓ Maintains pistol license applications and supports the Justices and Judges of the Supreme and County Courts respectively in their role as licensing officers pursuant to New York State Law.
- ✓ Issues Personal Identification Cards to Westchester County residents.
- ✓ Serves as agent of the Federal government to accept United States passport applications.
- ✓ Allows for free public access to land and legal documents at the White Plains Office.
- ✓ Collects fees for the filing of land and legal records.
- ✓ Processes New York State Mortgage Tax, New York State Transfer Gains Tax, Federal Tax Liens and Uniform Commercial Code filings.

DEPARTMENT INITIATIVES:

NEW

- ✓ **Renovation of Office Space:** Plans are being implemented under the leadership of the County Executive and Department of Public Works and Transportation for the complete renovation of the thirty-two thousand (32,000) square feet of office space currently occupied

by the Clerk's office. With the automation of department functions and the resultant reduction in staffing needs, space has been opened up for adaptive reuse by the County Public Safety department and the Westchester County District Attorney. The renovation will not only generate a savings in rental costs incurred by other County departments, it will also enhance the efficiency and the environment for an improved staff and visitor experience.

- ✓ **Website Design:** In conjunction with the County IT department, the County Clerk's website was re-designed to comply with the ADA and Web Content Accessibility Guidelines (WCAG) standards. The re-design has improved the accessibility and ease in navigation of the website. While the pages of the site can be accessed in many languages through the Google Translate tool provided at the top of each page, this office is exploring a means of similarly translating pdf forms in other languages instantaneously. Assistive technology tools are continuously being explored and added by the County Clerk to further improve the website and its content.
- ✓ **COVID-19 Initiatives:** In accordance with State and County guidelines, the County Clerk's office developed a plan for adherence to and the provision for safety of the staff and the general public. This Office has significant challenges insofar as it must provide administrative efficiency and effectiveness while handling all public interaction with the Supreme and County courts, the county's entire real estate transactional business as well as a high volume of licensing-type functions such as pistols, passports and business licenses. Changes were made to the Office physical layout to allow for distancing of six feet between each staffer, to ensure distancing between staffers and the public at the counter and Plexiglass shields were installed at all public counters; appointments through the County Clerk's scheduling software program are requested of visitors whenever practical; and a locked dropbox has been placed in the courthouse lobby for document delivery other than USPS, FedEx, and UPS. These initiatives have been carried over into the renovation plans to ensure continued office preparedness.
- ✓ **Westchester County Personal Identification Card Expansion:** The Licensing Division had experienced a significant increase in the number of Westchester County Identification cards issued, with 30 cards issued in 2014 to 896 in 2021 and 457 in 2022 for the period of January 1 through July 31, 2022. The popularity of these cards grew

County Clerk (21)

as municipalities across the country began to issue them to the most vulnerable community members to assist them in varied ways, such as providing access to a library or establishing identification with law enforcement. Growth in Westchester County has been fueled by Board of Legislators' Hispanic Affairs Task Force and outreach events sponsored by board members. These ID cards have opened doors to benefits by providing an option to Westchester residents who, due to citizenship status, poverty, or other circumstances, cannot obtain state-issued photo IDs. Obtaining "a certified copy of a birth certificate" as required by subdivision 2 of section 265.181 of the Laws of Westchester County had been a major obstacle in qualifying for the ID card. Proofs of identity and date of birth are expanded in New York State and New York City agencies to allow other documents, in lieu of or in addition to the birth certificate, to establish date of birth and identity. Accordingly, this Office proposed an amendment to eliminate the birth certificate requirement and in March 2022, the amendment was adopted by the Board of Legislators and approved by the County Executive.

- ✓ **Language Assistance Services:** In 2017, the County Clerk installed the Google Translate module to enable the translation of the text of the County Clerk's website in over 100 languages. Language assistance is provided by the New York State Court system in the provision of services by the County Clerk in his capacity as the clerk of the Supreme and County courts. In furtherance of the County Clerk's commitment to providing services to individuals of limited English proficiency, the County Clerk expanded the language assistance services to include interpretation services to meet the needs of individuals utilizing the County Clerk's non-court related services in the Clerk's legal, licensing and land records divisions. Language assistance services are available on site as well as in the mobile office.
- ✓ **Community Outreach:** The County Clerk's office has been running a very successful Community Outreach program featuring a custom built truck throughout Westchester since 2002. The Community Outreach program stops in every town and city in the County. The mobile office staff includes a passport agent who is authorized to accept applications and can answer questions about passport applications and renewals. In addition, the mobile office staff is available to take passport photos. In 2021, the mobile office resumed

operations after the easing of COVID restrictions and expanded the services to include notary, veterans, and business licensing services. Forms are also available for those who could not travel to White Plains or do not have internet access. As a result of the reduction in passport processing hours by local post offices and neighboring county clerks, there has been a significant increase in the number of passport applications submitted through the mobile as well as the physical office.

- ✓ **Digitization of Records:** The Westchester County Clerk serves as the Clerk of the Supreme and County Courts and in that role is required to retain court records for the full retention period required by law which can range from a few years to permanent retention. The Office of the Westchester County Clerk has worked in conjunction with the Office of Court Administration to develop a program that allows the Clerk's Office to designate a scanned image of a court record as the record copy of the document for the purpose of records retention. The County Clerk also maintains legal bound books, oath cards of notaries and commissioners of deeds, and oaths of office, which have also been digitized with the funding of a \$47,600 grant through the State Local Government Records Management Improvement Fund. The continued digitization of records makes the information far more accessible to the public and staff, as well as frees up valuable floor space in the Clerk's office. The importance of the digitization has become more apparent in the implementation of the office renovation plans. With records access greatly improved, staff and customer travel is also reduced benefiting the environment.
- ✓ **Access to Westchester Records Online ("WRO"):** The County Board of Acquisition and Contract has authorized the County Clerk to enter into no cost license agreements with local municipalities, on an as needed basis, for remote access to the County Clerk's Land and Legal Public Viewer, officially known as WRO. In an effort to assist the municipalities in meeting the needs of their constituents and in preventing neighborhood blight, the municipalities now have remote online access to weekly foreclosure reports in the WRO. These reports contain data from recently commenced actions including the mortgagor, mortgagee, property location, and a reference to the pending court action. Further examination of pending court cases can then be conducted either via the online search feature of the County Clerk website or by visiting the County Clerk's office.

County Clerk (21)

- ✓ **Foreclosure Data Captured and Shared to Assist Homeowners in Need:** The Office of the Westchester County Clerk continues to capture information from foreclosure cases to provide Westchester County residents with the data needed to secure funds to assist persons impacted by the foreclosure crisis. There has been a significant reduction in the number of new foreclosure filings from 1041 in 2019, 381 in 2020 and 224 in 2021. Foreclosure judgments similarly fell from 715 in 2019, 219 in 2020 and 134 in 2021.
- ✓ **Notice of Conveyance of Residential Real Property:** Due to the rise in real estate and mortgage fraud, NYS Real Property Law Section 291 was amended, effective March 11, 2020, requiring the County Clerk, upon the recording of a conveyance of residential real property, to mail a notice of any such conveyance to the owner of record. The intent is to prevent others from posing as new owners of a home with the ability to obtain a home equity line of credit. The County Clerk has alerted the public to this law and continues to mail notices to the record owners of the real property with details of the recording of any such conveyance. The law also provides that the County Clerk is entitled to charge a reasonable fee to cover the cost of mailing and that the recording party bears the cost of such notice. The NYS Association of County Clerks, in order to provide uniformity throughout New York, has determined that \$10 per document is a reasonable fee. The fee is included in the County Clerk's revenue as a recording fee.
- ✓ **Technological Advances:** The County Clerk continues to be a leader in capturing the benefits that technology has to offer.
 - In the Land Records Division, documents such as deeds and mortgages can be recorded and paid for electronically, allowing interests to be secured more quickly and efficiently. The Clerk's voluntary eRecording program has been a tremendous success in Westchester County, shortening recording times from months to hours. Errors are corrected more quickly, often on the same day. Document control is improved as original documents are retained by the submitter and cannot be lost or misplaced during transit to and from a recording office. Customers who choose to electronically record no longer pay the cost of postage, overnight mail or courier charges. The County Clerk's Office has eliminated the cost of mailing back rejected and recorded documents, as well as the costs associated with scanning documents.
 - The Tax Commission Executive Director, County IT department, and the County Clerk are partnering with municipal assessors to provide improved integration of municipal tax data in the Clerk's Property Records Electronic Portal (PREP) system as a shared service. Up-to-date assessment data shared by local municipal tax assessors would automatically appear on real property transfer reports being prepared to support property transfers. The local municipality will benefit as the data they receive will be more accurate, facilitating their ability to pull data directly into their system. This integration will increase efficiency and accuracy of data on the real property transfer reports prepared when recording land transfers.
 - In the Legal Division, through the New York State Courts Electronic Filing (NYSCEF) system, the Clerk's Office processes filings and transmits the documents to partners in the New York State Supreme Court. The mandatory e-filing of civil cases in the Clerk's Legal Division significantly reduced manual labor while increasing the efficiency in the filing process. Reduction in paper filings has been realized with the recent authorization of e-filing of election law cases and special proceedings under the Mental Hygiene Law. Further reduction has been realized with the recent authorization of e-filing of name change applications. Programs and procedures are now being developed in coordination with the District Attorney's Office and the State courts to allow for e-filing of criminal cases which could lead to an additional reduction in paper.
 - In the Licensing Division, the County Clerk's Pistol Licensing system has been upgraded to permit the import of data initially entered by the County Police into its IMPACT data management system to the Clerk's system, eliminating duplicative data entry.
- ✓ **Facilitating E-Filing in New York State:** As co-chair of the New York State Association of County Clerks' Court Committee, member of the its legislative committee, and first ever Chair of the Supreme Court

County Clerk (21)

Steering Committee for Supreme Court E-filing, the County Clerk remains committed to advancing e-filing throughout the State. The committees coordinate responses from the county clerks and legal community leaders and make recommendations to the Chief Administrative Judge of the State of New York. Furthermore the committees advise the Chief Administrative Judge on the creation or expansion of mandatory electronic filing programs in counties stretching across New York State. Working with dedicated and diverse legal community leaders has enhanced the ability of the County Clerk's Office to serve both pro se litigants and attorneys. The committees' initiatives have resulted in 61 of the 62 counties in New York State now providing e-filing.

- ✓ **Refining Technologies to Integrate Systems:** The County Clerk's Office has received approval from the Board of Legislators for \$1.3 million in the 2018 Capital Budget to do a comprehensive multi-year integration of legal division programs and applications. The current system has served the County well but is in need of an upgrading. The plan is to integrate operating savings with the cashiering system seamlessly. A major upgrading of the department's document scanning requirements will lead to significant savings in the short term as well. This Office, jointly with the Department of Information Technology, sought proposals from qualified individuals and companies to conduct a comprehensive technology office study of the various information technology programs utilized in the operations of the County Clerk's Legal Division. However, no award was made due to the COVID-19 restrictions on public access to the Office. The Office is coordinating a revised request for proposals with the County IT department as advancing information technology capabilities will result in better services, less cost in personnel, and the environmental benefits of less commuting to White Plains and paper wasted.
- ✓ **Increasing Access to Tax Maps:** The Office of the Westchester County Clerk partnered with the Westchester County Tax Commission to convert historical tax maps to digital images. The tax maps have been digitized to preserve these documents from further deterioration, to improve access to these heavily used documents and to create a backup in case of disaster. The tax maps are being housed on the County computer servers. The images have been indexed and reviewed for quality assurance. As a result of this

project, professionals, researchers and the public are able to review the tax maps online without the need to travel to the Tax Commission to view the historical records to see how the properties of Westchester County have changed over time.

- ✓ **Notary Test Sites:** In an effort to accommodate the residents of Westchester County, the County Clerk requested the expansion of the notary examination test sites to include a location within Westchester County. The Secretary of State agreed, and the notary examination had been administered at the Westchester County Community College campus and more recently, at the County Fire Training Center 4 times a year, with 2 examination sessions on each date. The program was temporarily suspended due to COVID and thereafter by State staffing issues. This Office intends to pursue resuming use of the Center as a test site.
- ✓ **Notices of Safe Storage and Dangers of Firearm:** Upon the issuance and renewals of handgun licenses, the County Clerk has and continues to provide a warning notice of the licensee's obligations for responsible firearm storage in compliance with the Laws of Westchester County section 527.61(2) and New York State Penal Law 400.00(18). The County Clerk also provides the notices warning of the dangers of weapons and firearms to dealer licensees in accordance with the 2022 enactment of Section 529.21(b) of the Laws of Westchester.
- ✓ **Advocacy for Predictable Fees:** The process of recording documents such as deeds and mortgages has grown easier and more efficient in recent years. Documents can be delivered electronically to the Office of the Westchester County Clerk in a matter of seconds and are recorded within a few hours. The Property Records Electronic Portal (PREP) system provides transparency that allows customers to see their documents in the recording process. A study of the current recording process revealed that one of the remaining challenges to quickly record documents is that recording fees are often calculated incorrectly, resulting in both under and over payments. A review of the state laws setting recording fees reveals an antiquated fee structure based on manual indexing practices. As a result, the Westchester County Clerk has been advocating on the state and national levels, with the support of the Property Records Industry Association (PRIA), for predictable recording fees which would not require customers to count pages, or reference recordings

County Clerk (21)

within a document to establish the recording fee. The County Clerk also served on a national committee within PRIA to create a white paper which will serve as a model for national standards every state may adopt, thus avoiding interstate commerce confusion.

- ✓ **Redefining Office Organizational Behavior:** County Clerk's Office management personnel are constantly reviewing departmental policies and rules, as well as union contracts to increase operational efficiency and effectiveness. Policies on usage of sick leave, personal and vacation leaves, as well as lateness have all been reviewed reducing excessive usage and creating a more professional and respectful workplace.
- ✓ **Responses to Legal Claims:** The office is frequently named in lawsuits in which the plaintiff or petitioner needs a court order to remedy a land title issue, such as a break in the chain of title, a lost assignment of a mortgage, a discharge of mortgage that should be vacated or recorded. This Office has established a working relationship with counsel resulting in the discontinuance of the actions against this Office. The results over the past year have been a savings in the tens of thousands of dollars.
- ✓ **Smart Budgeting Contributes to Reduction in County Tax Levy:** The Office of the Westchester County Clerk continues to collect revenues in excess of expenses due to continuing efforts to reduce the operating cost of the office. Since 2006 overall staffing has been reduced by approximately forty-four percent (44%). The cumulative **negative** tax levy savings from the department has reached over \$44 million over the past sixteen years.

REVENUES:

- ✓ Federal and State laws establish fees for the processing of various land, legal and licensing documents. The County Clerk's Office receives no fee, a portion of the fee, or the entire fee depending on the nature of the document processed.
- ✓ Other revenue sources include proceeds from copying machines, sale of licenses for Internet access to records, passport photos, searches and copies.
- ✓ On June 23, 2022, the United State Supreme Court struck down that portion of the New York State firearm licensing law requiring the showing of "proper cause" or special need by anyone seeking a

license to carry a concealed handgun outside of the home. To address the consequences of the ruling, New York State enacted revisions to its firearm licensing laws, effective September 1, 2022. As a result of the June 23, 2022 decision and the impending effective date of the revisions to New York licensing laws, there has been a significant increase in initial applications for full carry concealed licenses and applications to amend and delete restrictions on current licenses. The number of initial applications increased from 605 in 2019, 499 in 2020, 949 in 2021, and 826 for the partial 2022 year - from January 1, 2022 through July 31, 2022. The amendment applications increased from 3,622 in 2019, 3019 in 2020, 3,177 in 2021 to 2,909 for the partial year of 2022 - January 1, 2022 through July 31, 2022.

Dept Of Social Services (22)

Article XVII of the New York State Constitution establishes that "the aid, care and support of the needy are public concerns" and will be provided for by the State. To fulfill this mandate, New York State Social Services Law (cf. Article 3) establishes a state-supervised, locally administered system. Even programs of assistance established by the federal government are carried out under state supervision by the 58 local social services districts in New York. Most, but not all, mandates for the provision of social services require financial participation by the local social services district and can be found in Title 18 of New York State Codes, Rules and Regulations (NYCRR).

Dept Of Social Services (22)

PROGRAM AREAS AND SERVICES:

SERVICES FOR ADULTS, CHILDREN AND FAMILIES WITH CHILDREN

The department's **Child Welfare and Adult Protective** division provides these essential services:

- ✓ **Child Protective Services (CPS)** investigates all reports of alleged child abuse and neglect in order to identify and protect vulnerable children in Westchester County.
- ✓ **Preventive Services** reduces the risk of foster care placement through direct services to families whose children are at risk of placement. These services can be court ordered or voluntarily received.
- ✓ **Foster Care** is temporary out-of-home care for children who cannot be safely left in the custody of parents or other caretakers. The range of care is from placement with a kinship foster family, foster family, or in a specialized residential facility.
- ✓ **Adoption Services** are provided to children who are unable to return to their birth families, and to the families who adopt them.
- ✓ **Independent Living Services** prepare children in the care and custody of the Commissioner to live independently as responsible adults.
- ✓ **Adult Protective Services** are provided without regard to income to assist adults age 18 or older who, because of mental and/or physical impairments, cannot provide for their basic needs for food, clothing, shelter or medical care, and who have no one willing and able to help in a responsible manner.

SERVICES TO THE GENERAL PUBLIC

The Office of Child Support Enforcement assists in the collection of support payments for both public assistance households and non-public assistance households on request.

The Office of Veterans' Services is available to assist all Veterans and their dependents in Westchester County in receiving the maximum benefits to which they are entitled.

The Westchester-Putnam Workforce Development Board

oversees Career Centers in Mount Vernon, Peekskill and White Plains and utilizes both public and private resources to train individuals in the skills needed to become employable or retain their jobs while assisting employers in building, training and/or retraining a skilled workforce.

TEMPORARY ASSISTANCE PROGRAMS

The department administers these temporary assistance programs:

- ✓ **Cash assistance programs for emergencies (EAA:** Emergency Assistance to Adults; **EAF:** Emergency Assistance to Families; **ESNA:** Emergency Safety Net Assistance).
- ✓ **Cash assistance programs for on-going financial needs (TANF:** Temporary Assistance to Needy Families; **SNA:** Safety Net Assistance to Adults; **SNF:** Safety Net Assistance to Families).
- ✓ **Child care subsidies** for temporary assistance, low-income and Title XX eligible households.
- ✓ **HEAP:** the Home Energy Assistance Program is a federally funded program that assists low income residents with the cost of heating their homes. HEAP also offers an emergency benefit for households in or heat related energy emergency, as well as cooling assistance to qualifying residents during the summer months.
- ✓ **Medicaid:** Medical assistance is available to help individuals who cannot afford to pay for their medical care. Each of the programs offered has unique eligibility criteria. Many individuals receiving Medical Assistance in Westchester County receive services through enrollment in a Managed Care plan of their choice. Medical Assistance is in a multi-year transition to a State take-over of most functions. However, applications will continue to be accepted and processed in 2022 at all department district offices.
- ✓ **SNAP:** the Supplemental Nutrition Assistance Program (formerly Food Stamps).
- ✓ **Temporary Housing Assistance: (THA) for homeless households:** whether single, a childless couple or a family with children.

Dept Of Social Services (22)

- ✓ **Office of Medical Home Care Services:** Medical Home Care Services is staffed by caseworkers and nursing staff responsible for Personal Care, Short Term Personal Care, Children's Waiver, Assisted Living Program, Managed Long Term Care Program, Comprehensive Care Management, Private Duty Nursing Services and Coordinated Care with Certified Home Health Agencies, Hospices and Hospitals, and Medicaid Eligibility workers who handle re-determination of patients in receipt of home care.

Applications for cash assistance, Medicaid and SNAP programs administered by the department may be submitted online through MyBenefits.ny.gov. They may also be submitted at any of four district offices (Mount Vernon, Peekskill, White Plains and Yonkers). Child care subsidy applications for non-public assistance households can be submitted at 10 County Center Road in White Plains. HEAP applications can be obtained at any district office or on line and mailed in. While emergency and immediate needs are assessed at a district office, temporary housing assistance cases once opened are handled centrally in White Plains.

NOTE: Cash assistance and SNAP benefits require that most, but not all, recipients engage in work activity (excluding any emergency waivers). The department has restructured its employment programs into an Office of Work Activities focused on job placement. For employable-but-not-job-ready applicants and recipients, the focus is on overcoming barriers to job placement and retention through basic educational achievement and other job preparation, as well as community work experience. Recipients unable to participate in work activities due to substance abuse and/or other mental health issues must participate in treatment and accept monitoring of their progress. Recipients with barriers to employment that cannot be overcome are evaluated for the federal SSI program.

SERVICES DURING NON-BUSINESS HOURS AND EMERGENCIES

The department's **Emergency Services** unit, based in White Plains, provides after-hours and weekend coverage for all service emergencies, including investigation of child abuse reports from the State Central Register, placements in temporary housing and responds to other service emergencies. Caseworkers are available on site and on call to respond to any immediate need for a community visit.

The department is also a key participant in the county government's emergency planning and assistance during disasters and recovery. During an emergency, the department participates in the operation of reception centers, if necessary, for residents who might be displaced from their homes.

2022 Caseload and Program Highlights

Medical Assistance Beneficiary caseload changes: for the first six months of 2022, the department's Medicaid caseload is up by 837 cases to a total of 51,621 cases, which covers 56,300 individual recipients, up by 1,057 from 55,243 in December 2021. However, MA cases opened directly by agents for NYS in the Health Benefit Exchange (HBE) on behalf of Westchester residents since January 1, 2014 represent an additional 118,273 cases covering 205,625 more individuals as of July 2022. Westchester pays the local share up to the Medicaid cap for both the cases it carries and cases opened by New York State's agent for Westchester residents.

The Non-Temporary Assistance SNAP caseload increased from 38,060 in June 2021 to 41,031 in June 2022. The individuals covered under these SNAP cases increased from 64,139 in June 2021 to 66,595 in July 2022. SNAP Emergency Allotment (EA) supplements were authorized by the Families First Coronavirus Response Act of 2020 and continue to be issued in accordance with the terms of the United States Department of Agriculture (USDA), Food and Nutrition Service (FNS) to households that otherwise would not receive the maximum SNAP benefit for the household's size. These EA supplements (and the federal unemployment insurance benefit supplement pandemic payments which continued until September 2021) have contributed greatly to stabilizing the SNAP caseload.

Adult Protective Services (APS) responds to requests from the community for information and assistance, conducts home visits in order to complete safety and need assessments and investigates allegations of self-neglect and/or abuse by others. APS provides referral information to the community for such services as legal, medical, housing and mental health support. APS arranges for professional heavy duty cleaning and sanitation of client homes in order to prevent eviction and to improve the health of the resident. APS serves 180 adults as their Social Security benefit Representative Payee, either directly or via contract, most often in order to

Dept Of Social Services (22)

preserve housing and ensure the payment of utility bills. APS partners with several food pantries in order to maintain an in-office food supply which allows APS staff to safely and quickly deliver food to those in need on a moment's notice. APS manages the Family Type Homes Program which assists New York State in the recruitment, inspection, investigation and licensing of community homes which can house up to 4 persons in need of 24 hour supervision and support. Due to a significant increase in the financial exploitation of vulnerable Westchester adults, APS is developing a specialized Financial Exploitation Investigative Team in order to investigate allegations of financial exploitation, assist residents in recouping lost monies and prevent further exploitation. This unit will provide the District Attorney's office with all gathered evidence in order to support legal action, if appropriate. As the population of Westchester ages, the number of persons requiring the appointment of a legal guardian is increasing. APS is developing a Guardianship Unit which will be responsible for assessing residents to determine the need for a legal guardian, provide the needed oversight of the resident, and ensure the safety and well-being of the incapacitated individual. The Guardianship unit will work closely with the County Attorney's office in order to file guardianship petitions expeditiously and will provide testimony to support the request for legal intervention. In the upcoming year, APS will continue to focus on addressing homelessness, reducing abuse, neglect and exploitation of vulnerable adults in Westchester County.

Child Care Assistance: The parent share remains at 10% of the countable income for 2022. It is projected that 24 absences a year will be extended to non-contracted providers while contracted providers will continue to maintain 48 absences and 5 closures per year. Other changes include: a mandated full 12-month eligibility terms for Child Care Assistance with no negative changes to benefits as long as the parent remains within the 85% State Median Income (SMI) eligibility range and otherwise eligible; expansion of the program to allow for job search and attending job training and college programs; an increase in the eligibility standard from 200% to 300% of the Federal poverty level; elimination of hourly rates in favor of part day rates; an increase in the market rate paid to providers to the 80 percentile; reduction of work requirement from 17.5(TA) or 20 (community

assistance) hours weekly to 10 hours weekly; and establishment of a 15% premium for care of children with disabilities.

Child Support Enforcement: The Westchester County Office of Child Support Enforcement collected \$78.2 million dollars through December 2021, and expects to collect \$68 million by the end of 2022. The 2021/2022 decrease is statewide due to cessation of COVID related unemployment benefits and current economic conditions.

Child Welfare - Westchester Building Futures: The Division is currently closing out its multi year multi-million dollar federal "Youth At-Risk of Homelessness" grant, received from HHS-ACF-Children's Bureau in September 2013, to support "Westchester Building Futures" (WBF) in order to reduce youth homelessness among at risk transition age youth (TAY). Through this grant, WBF funded the development and organizational capacity of the Bravehearts M.O.V.E. (Motivating Others through Voices of Experience) and evaluation of WBF's BraveLife Intervention (BLI-BraveLifers) Model. This model is an innovative evidence-informed peer to peer (P2P) navigator -positive youth development program designed to concretely support transition age youth (TAY) at risk of homelessness. BLI received ongoing reviews through the Children's Bureau, which recognized the BLI Model as an example for other jurisdictions to emulate, resulting in BLI receiving additional sustainability funding from Casey Family Programs and the Redlich Horwitz Foundation. Westchester's development of this model resulted in Children's Village and Fordham University Graduate School of Social Service contracting with New Jersey's Department of Children and Families' to replicate the BLI Model in three (3) counties. Westchester continues to work with provider agencies to reduce youth homelessness through the Foster Youth to Independence Housing (FYI) initiative, a funding partnership with HUD and HHS-Children's Bureau, which offers 3-year housing vouchers to young adults transitioning from foster care to adulthood. As of this writing, DSS, in partnership with CVR-NY and The Children's Village, which offers the necessary wraparound services, has submitted 6 housing voucher applications with a total of 3 transition-age youth finding safe and stable housing in a highly competitive and expensive WC housing market.

Office of Program Integrity: Since its inception, the Front-End Detection System (FEDS) has consistently produced significant cost avoidance during the application process with a diversion rate of almost 50%. However, New

Dept Of Social Services (22)

York State Office of Temporary and Disability Assistance suspended the FEDS program in March 2020, in response to the COVID pandemic and the desire to limit face-to-face interviews. FEDS remained suspended through May 2022. Effective June 1, 2022, FEDS/EVR resumed. This includes submitting new FEDS/EVR referrals, conducting investigations, and completing monthly reports. The total cost avoidance for June and July 2022 was \$1,800,039. The Fraud Investigations Unit, with the assistance of Westchester County Police Detectives and the Westchester County District Attorney's Office, continues to investigate reported instances of Temporary Assistance, SNAP, Child Care and Medicaid fraud. During the first two quarters 2022, the Fraud Investigations Unit has received over 246 new fraud allegations. The unit's efforts have resulted in the discovery of 57 overpayments. Furthermore, Program Integrity oversees the processing and completing of various computer matches sent to the agency from The NYS Office of Temporary and Disability Assistance (OTDA) as well as NYS Department of Health. The result of these investigations has produced a cost avoidance of \$1,674,981 in the first 6 months of 2022. The Field Investigation and Child Care Audit investigated over 716 total Child Care cases, with a total cost avoidance of \$1,070,180.

Office of Temporary Financial Services: OTFS is the Program Division for Temporary Assistance, SNAP, Medicaid, Child Care and HEAP: The recurring transportation allowances remain at the same 2019 level of \$127/ monthly or \$63.50 semi-monthly. The MetroCards base single ride fare for subways and local bus rides remains the same at \$2.75, and the cost for express bus riders is \$6.75. The 30 day Unlimited Ride remains the same at \$127. The 7 day Unlimited Ride fare remains the same at \$33. Effective January 2022 the standard mileage rates established by the IRS increased from 56 cents per mile to 58.5 cents for business mileage. For medical/ moving mileage increased from 16 cents per mile to 18 cents per mile. There was a major change in budgeting Temporary Assistance eligibility with the elimination of the Poverty Level Gross Income and 185% Standard of Need tests as well as a decrease of the Earned Income Disregard (EID) from 55% to 50% and the Work Expense Deduction rising from \$90 to \$150 monthly. SNAP benefits also saw a significant increase of 21% in the fall of 2021. The Home Energy Assistance Program (HEAP) Operations division which functions out of SNAP central operations continues to expand as a program with multiple components (Clean and Tune, Cooling Assistance, Heating Equipment Repair Replacement (HERR), three emergency benefits and the Low Income Home Energy Assistance Program (LIHEAP)

overlapping throughout the year and demanding more resources from the agency. The State Income Standard (SIS) of eligibility for Child Care Assistance has increased from 200% to 300% of the Poverty Level and the 20 hour per week of work minimum decreased to 10 hours per week with the parent fee also decreasing to 10% of family countable income. All TA and SNAP cases with households containing infants three years and younger, children 17 years and under as well as adults 55 years and older received at least one of three Pandemic Emergency Assistance Fund (PEAF) payments during 2022. Telephonic Interviews were codified in regulation for initial and recurring eligibility determinations.

CURRENT DEPARTMENT INITIATIVES

Case-banking Centers: All non-public assistance SNAP cases are handled centrally through 112 East Post Road in White Plains and all non-public assistance Medicaid cases are handled centrally through 100 East First Street in Mt. Vernon. The department offers once-a-business day on demand pick-up by messenger of applications requiring expedited processing from health care facilities.

Case Management Information Center: The Case Management and Information Center (CMIC) was created in response to the workloads of both individual staff and the needs of the Westchester County Department of Social Services as a whole. CMIC has been able to resolve 64% of the calls it has received without needing to direct customers to their workers. CMIC and the automated system, received 37,476 calls in June 2022 and CMIC agents handled 17,494 calls. Out of the 17,494 calls, 11,163 calls were resolved by CMIC agents without directing customers to case managers and only 6,331 customers were referred to case managers and/ or supervisors for resolving their issues. The average wait time for customers in queue to speak to an agent for the month of June was just over 9 minutes. This higher than normal wait time is being addressed by

Dept Of Social Services (22)

prioritizing CMIC vacancies. The goals of CMIC have evolved to include the following:

- ◆ Maintain control over the large influx of customer phone calls
- ◆ Identify, categorize and track incoming calls
- ◆ Resolve routine and non-eligibility issues so workers may prioritize processing cases
- ◆ Improve customer service experience
- ◆ Reduce customer complaints

Customer Service: Applicants, recipients and colleagues are all entitled to be treated professionally and with respect at all times. While reception areas at district offices can be busy particularly prior to the pandemic, the department's executive leadership is committed to ensuring that all applicants and recipients are treated respectfully, hence the CMIC and the "One county: One application process" initiative for district offices handling applications for assistance. (Child Welfare already employs uniform procedures through "No wrong door" and "Single Point of Access"). The goals of "One county: One application process" are as follows:

- ◆ Apply at any office
- ◆ Same-day application registry and immediate needs screening
- ◆ Same-day/next-day interviews
- ◆ Uniform and simplified processes for all offices

As a result of the pandemic, on line applications are also encouraged when possible for the convenience and safety of residents. As CMIC continues to reduce the burden on field staff, workers in the district offices not attached to application/certification units will concentrate on timely processing of recertification applications.

SNAP: benefits were increased by 21% from approximately \$4.25 per day to \$5.45 per day starting October of 2021. In addition, with a minimum of \$95 per household per month SNAP supplement. This supplement will continue through at least November 2023. Able-Bodied Adults Without Dependents (ABAWD) continue to be exempt from work requirements through September 2023. In an effort to ease the SNAP qualification for elderly and single SSI recipients the Elderly Simplified Application Project

(ESAP) and New York State Combined Application Project (NYSCAP) were introduced. Recertification mail is directed to a separate post office box to facilitate scanning and indexing of the entire application with documentation prior to electronic assignment to an eligibility worker for a determination.

Office of Temporary Housing Assistance: The Office of Temporary Housing Assistance (OTHA) consists of the following four divisions: Eligibility & Temporary Housing Assistance (THA) Placement; Casework Services; Contract Management & Shelter Compliance; and Payments & THA Program. While the eligibility and program/contracts divisions are not new, the three casework services units in OTHA are now in their seventh year. These service units continue to work directly with homeless families. Caseworkers develop realistic independent living plans and use a team approach for upfront assessment coordination for all new homeless families placed in the shelter system. In April 2022, OTHA unveiled the Retention Unit created to prevent recidivism of newly housed homeless families returning to the shelter system.

The overall Temporary Assistance homeless caseload has seen some change in 2022. The homeless average caseload has decreased by 79 cases from 483 cases in December 2021 to 404 cases in June 2022. The caseload changes are noted as follows: TANF family cases decreased from 179 to 144 cases (-35), Safety Net family cases decreased from 79 to 58 (-21) and Safety Net singles decreased from 225 to 202 (-23). The decrease in the caseload can be attributed to the successfully moving households into permanent housing utilizing Emergency Housing Grants and Emergency Safety Grant funding. The Office of Temporary Housing Assistance has 248 units in the Emergency Housing Assistance Program (EHAP). The EHAPs continue to accommodate the County's need for Transitional Housing and Domestic Violence apartments. Beginning June 30, 2018, the Department decided to keep the County's designated drop-in facilities open 24 hours during extreme hot and humid weather conditions. Currently the drop-in facilities operate on a continuous 24 hour schedule.

Fair Hearings: Beginning in March 2014 and continuing through the present, the Fair Hearings Unit, now centrally located in White Plains, has been clearing its backlog of cases by taking advantage as often as possible of new space that permits dual calendars on a given day. The Fair Hearings Unit was continuing to utilize dual calendars in order to prevent future backlogs until the Pandemic when we began to hold single calendars. As a result of the COVID crisis and the number of waivers that were put in place

Dept Of Social Services (22)

by the Federal/State governments, there was a decrease in hearing requests and reduced the need for double calendars. For example, the requirement for face-to-face interviews in Temporary Assistance was removed, the automatic updates of SNAP cases by waiving of recertifications, as well as the increase in UIB for households all contributed to the change. There is an average of 272 hearings scheduled per month with an average request rate of 193 hearings per month. The backlog for the period of July 2021 to July 2022 increased from 178 hearings, to 412 hearings, as a result of scheduling changes by the Office of Administrative Hearings caused by the current pandemic. The Unit is working with all program areas to hold preconference hearings and reduce the need for an actual Fair Hearing. The Program Office also continues to provide training on the skills of all eligibility staff in preparation of materials and presentation when required to witness at a Fair Hearing. On June 26, 2017 WCDSS began the process of reinstating the use of video conferencing for all the WC district offices. However, due to the current COVID-19 pandemic all ALJ's are teleworking and therefore, all Fair Hearings are currently being heard over the telephone. The Office of Fair Hearing continues to work towards the development of a second Hearing Room in order to allow witnesses to remain in their own offices providing improved utilization of time by further decreasing the need for travel to and from the offices.

Office of Work Activities: (OWA) This area is the employment division of the department for Temporary Assistance applicants and recipients. OWA is comprised of specialist units of social caseworkers, employment counselors and eligibility examiners who promote well-being and self sufficiency among individuals and families as well as implement and support Welfare to Work Program policies and procedures. Due to the Pandemic, all staff including contractors, worked remotely for a number of months. This created a "New Normal" for engaging customers exclusively by telephone and work activities were also virtual. It took a lot of coordination and communication but the OWA staff were able to meet the needs of the population while also ensuring safety for themselves and the community. The social case workers conducted all activities over the phone, through using email and mailing appointment referrals for customers to 'Call-In' to the worker. This included the Employment Orientation and initial Employment Assessments for TA applicants and 12-month reassessments for recipients. The engagement process also included referrals for further mental and/or medical health evaluations using contractor IMA (Industrial Medicine Associates) to help determine employability. Due to the need for safety but also to ensure that

customers were receiving treatment services, OWA proposed tele-health psychological visits and IMA created a means to conduct these evaluations using Zoom. There was also a need for virtual substance abuse assessments which were conducted by our partners, the Department of Community Mental Health's (DCMH) CASACs. OWA worked with DCMH to develop a shared MS Outlook calendar where CASAC appointments were scheduled for customers and evaluations were conducted over the phone. The Employment Counselors assist temporary assistance customers in securing employment through training, job search and job readiness services. This requires making appropriate matches when referring the customer to the appropriate work activity. Due to the pandemic and NYS waivers these services stopped taking place. Customers were screened to ensure that they had the tools to be properly engaged, i.e. computers, cell phones, internet, WiFi etc. The Eligibility unit also conducts special projects while also monitoring parts of the unemployable and work limited population. They are a critical piece in aiding the customer in securing supportive services such as child care, clothing, transportation and any additional services needed to support them in their career path. Many of the transactions performed were via telephone and email. In addition, OWA contracts with the Urban League of Westchester, a non-profit organization that provides job development and case management services to our job-ready employable customers in their Putting Westchester to Work Program (PWW). The Urban League also performs monitoring and case management services to a portion of the unemployable TA population in the Help, Empower And Lift- HEAL program. In conjunction with another contractor, Maximus, our permanently unemployables are assisted with applying/securing SSI. OWA, DCMH CASACs and the contractor staff are co-located in each district office allowing ease of access to services for the customers. Unfortunately, due to COVID-19 precautions, the Community Work Experience partnership with Westchester County Parks, was put on hold. Depending on State guidelines, OWA looks forward to resuming our County Community Work Experience (CCWEP) and Advance Through Parks (ATP) placements which proved to be beneficial activities for our employable customers. The program is in the lower and mid Westchester catchment area and has been expanded to the Department of Public Works as a result of its success. During 2022/2023 the Office of Work Activities will continue to strengthen its partnership with Westchester Community College's Job STAR Program located on the WCC campus to assist our customers with basic education, computer applications and vocational skills training programs. For the Fall 2022 semester, all classes are scheduled to

Dept Of Social Services (22)

be virtual except for the Food Prep course where customers attend 'In-Person' once a week to use the kitchen.

Despite COVID-19 there has been some progress made in our efforts to engage customers in virtual remote activities as reflected in the engagement rates from Dec 2020 to June 2022. In order to meet the federal mandate of engaging ABAWDs in a work activity, OWA has a staff person co-located at the Career Center. This person conducts orientations and assigns customers to qualifying work activities to meet ABAWD requirements. ABAWD has been waived for 2022. Once guidance is provided from the State, all activities are expected to resume in person with qualifying activities possibly virtual as well. All OWA staff co-located in the Career Centers have been cross-trained in Career Center operating systems and processes. Essentially they are the Temporary Assistance customer's direct link to the current job market and emerging job trends. Upon application for Temporary Assistance, the customers are referred to the Career Center for orientation, job search, training or any of the other various resources the Career Center has to offer.

Westchester Career Center Network (formerly known as the One-Stop Employment Center)/Westchester-Putnam Workforce Development Board (WPWDB): is designed to provide a full range of assistance to job seekers under one roof. Authorized under the Workforce Innovation and Opportunities Act of 2014 (WIOA), the centers offer a myriad of services to help individuals overcome barriers to employment and become self-sufficient. Services include training referrals, career counseling, electronic job bank listings, employment workshops and resume assistance for job seekers. In addition, the career centers provide, recruitment services, labor market information and tax credit programs for employers. Located in Mt. Vernon, White Plains, Peekskill, and Carmel (Putnam County), the staff provide services to individuals who are unemployed, underemployed and/or needing a career change. Partnerships with the NYS Department of Labor, NYS Education Department, Adult Career & Continuing Education Services, Office of Children and Family Services, NYS Commission for the Blind, Senior Community Service Employment Programs, Community Services Block Grants Programs and Temporary Assistance for Needy Families Programs provide a seamless delivery system of programs and services to promote a universal approach to providing effective workforce assistance to job seekers and businesses. During the program year ending June 2022, offices were partially closed to the public, and services were

primarily provided virtually due to the pandemic with a reduced but not unsubstantial number of job readiness and employer focused services rendered. Services included Virtual Career Center Orientations, viewed by 514 job seekers, 877 job readiness workshops in which 1,924 job seekers participated, 1,790 job seekers reported they reentered the workforce, 27 job fairs attended by 8,081 job seekers, and 146 job seekers granted WIOA funding to enhance and or learn a new skill(s) in which 22 earned either a state and or national credential or license. The WPWDB provides oversight and guidance to the network.

Workforce Development Academy for Youth (WDAY): serves between 260 and 350 youth and young adults who face barriers to employment and education in Westchester and Putnam Counties. The program focuses on supporting and addressing the educational and employment barriers faced by youth ages 16-24 while helping them attain life skills and in-demand occupational and employment skills needed in today's world. The program is designed to provide resources and services that enable youth to build the skills necessary to explore and develop careers and pursue education and occupational skills training, including education opportunities leading to high school diploma/equivalency, and to gain work experience. In PY21, (PY21 began July 1, 2021 and ended June 30, 2022), 301 were enrolled in the program; 78 gained employment; 79 were placed in work experience, and 115 received occupational skills training.

WPWDB Summer Youth Employment Programs: operate from May to September and assist youth in obtaining valuable workforce experience in a safe, productive way. The program subsidized wages for youth who work at selected employers during the summer and include job readiness training and financial literacy. Employment for youth is secured through a variety of programs and partners that have distinct and overlapping eligibility requirements. In 2022:

- ✓ The TANF Summer Employment Program will provide subsidized job opportunities for youth ages 14-21 who meet TANF eligibility guidelines. In PY 2022 the program will place 332 individuals in jobs in the private sector, public and non-profit work sites during the summer months.

The Volunteer Income Tax Assistance program (VITA): helps low- and middle-income individuals and families prepare their federal and state tax returns. VITA helps residents take advantage of the Earned Income Tax

Dept Of Social Services (22)

Credit (EITC) and all tax credits for which they are eligible including child and education tax credits. Services have historically been offered at 7 County operated tax sites and 20 sites operated by AARP. The program assists individuals and families and benefits the County tax revenue since it is estimated that approximately 80% of refunds are spent locally helping to boost the County's economy. Due to the pandemic, services which had previously been offered at multiple sites were curtailed. Despite that, a sizable number of County residents took advantage of this service. During the 2022 tax season, the program prepared and e-filed tax returns for 1,450 Westchester residents, who received \$2.4 million in refunds, \$460,000 thousand of which were in tax credits.

Staff Development and Innovation: Beginning shortly after the start of the pandemic and system wide teleworking, a daily virtual staff meeting was instituted. Weekly staff meetings were substituted for the daily meetings once staff returned to a more regular schedule. This allowed for sharing of ideas, best practices and increased camaraderie among staff. Staff were also encouraged and approved to enroll in a variety of training programs offered through DSS, Westchester County and the NYS Department of Labor.

Quality Assurance: The Director of Temporary Assistance and Program Administrators within the Central Program Office (OTFS) and the Medicaid Program Office have continued to respond to the audits conducted by the NYS Office of Disability Assistance of TA and SNAP, as well as the Department of Health (DOH) and the Office of the Medicaid Inspector General (OMIG) in ongoing efforts to improve customer service while ensuring compliance with federal, state and local mandates. However, some of the more prominent audits were postponed due to the COVID-19 pandemic throughout 2020 and 2021. While continually striving to keep our workforce up to date with current policy, due to the COVID crisis, sharing of information has to be done predominantly by teleconference and memo. Central Program has initiated a new means of conducting smaller, more frequent Program meetings as well as developing and supporting training seminars specifically developed for particular topics such as Domestic Violence, Fair Hearing preparation, immigration and eligibility of refugees, homelessness and SNAP supportive retraining. These meetings as well as teleconferences serve as a means of introducing important changes in

regulation as well as review of procedures and forms in an effort to maintain the quality and efficiency of the Department.

Prison Re-Entry Program: The Re-Entry Program assists Westchester County residents who are released from the County jail and New York State prisons. The residents in need of assistance from this department with re-entry into the community are assessed in most cases prior to their release date. The following areas have been identified as items needed to assist the re-entry individuals with the department's application process for temporary assistance benefits: housing and shelter needs, treatment goals, employability status and the coordination of services with other departments and agencies. The department works with each ex-offender towards the achievement of their goals in order to deter recidivism. Since its inception on April 15, 2019 until June 30, 2022 this department has assisted 575 County residents released from the County jail. This department has also assisted 575 county residents who have been released from the state prison system during the period of August 1, 2018 to June 30, 2022.

Child Welfare - Family First Prevention Services Act (FFPSA): required DSS significantly restructure delivery of Child Welfare Preventive Services in 2021 and prioritized keeping more children safely in their homes. FFPSA was implemented across New York State in September 2021. FFPSA legislation impacts funding for children entering foster care with specific Federal and State benchmarks. This includes reducing the number of youth residing in congregate care settings to 12% of all children in foster care, greater oversight over children in institutional placements and 50% of all children in foster care to reside with kin/fictive kin homes. FFPSA also increased federal funding to 50% of the cost of in-home preventive services delivered by approved Evidenced-Based Programs (EBMs).

With the implementation of FFPSA, DSS has made significant progress in the FFPSA metrics. This includes a significant overall reduction in the number of children in foster care, increasing the number of foster children residing in relative homes from 15% to 47.5% over a 2 year period and reducing the number of youth in congregate care facilities to 12.7% of the total foster care population. Year to date Child Welfare discharged 36 youth from residential and group home placements with significant benefits to the youth discharged to parents, relatives or to independent living. The current census of foster care children/youths in residential and group home is 40 which is a 48% reduction from the January 2022 census. Our projection is

Dept Of Social Services (22)

for an additional 15 youth to be discharged by year end. This also provides the County continued opportunity to reinvest into front-end preventive services to reduce the number of children entering care. Based on the current monthly average, DSS is expecting about 6,000 CPS reports for this year and is currently servicing 344 children in foster care and 1,132 children in preventive services. The reduction in foster care and the significant increase in families receiving preventive services is a result of Child Welfare's focus on reducing the number of children entering foster care and keeping more children safely in their homes.

Strengthening DSS Preventive Services System: WCDSS has been working on expanding the preventive services array available for families by collaborating with existing stakeholders and recruiting new stakeholders in Mental Health, Substance Abuse, Parenting and Children and Family Well-Being. When necessary, DSS also offers agencies technical support to strengthen their organizational structure, service deliverables, and outcomes. In addition, WCDSS is also supporting agencies in re-aligning their intervention with community values and culture, including those of communities of color along with assisting agencies in becoming eligible for Evidenced Based Model criteria in order to qualify for FFPSA reimbursement. WCDSS responded to the Federal Prevention Services Clearinghouse public announcement by recommending seven service providers for review as providers meeting the Evidenced Based Model threshold. Prior to implementing FFPSA there were only two Evidenced Based Service Providers providing preventive services to families involved with WCDSS. As of July 2022, WCDSS has five Preventive Service providers who fall under the Well Supported or Supported programs and two providers who meet the Promising criteria under the Title IV-E Prevention Clearinghouse. The WCDSS continues to encourage the remaining programs contracted with WCDSS to submit their programs to the Title IV-E Prevention Clearinghouse for review.

Disproportionate Minority Representation (DMR) data shows that families of color are disproportionately represented in the Child Welfare system and are likely to be linked to services culturally misalignment with the family and the community families reside in. To reduce this disparity, WCDSS implemented strategies to identify and expand services that are more representative of the children and families of color. There were concerted efforts to target small business and minority-owned service providers and the WCDSS went from 0% minority-owned to a 15% increase

in minority owned services that provide direct prevention services to children and/or families. These contracted services provide non-traditional therapeutic modalities that range from a Rite of Passage Mentoring Program, Mental Health through the Arts such as Hip-Hop Therapy and Wellness Coaches for the older youths to Academic Enrichment Programs that combine Mathematics and English to improve Speech, Critical Thinking and Self-Esteem.

In addition to expanding services representative of the families we serve, WCDSS Office of Policy, Planning, and Program Development shifted to a data-driven approach recognizing that service array is more than just the purchasing of a variety of generic services but of having a quality service array to meet the individualized needs of the children and families. Consequently, this led to the centralization and coordination of the service referrals along with monitoring service delivery and outcomes. The WCDSS Foster Care and Preventive Services Unit was established to support staff with quickly identifying and obtaining the services families need. This restructuring of preventive service delivery included a gap analysis to determine the specific array of services needed, and gaps in service availability along with tracking and measuring provider's performance with meeting the needs of families. The unit's task is to improve the quality of direct services, increase service accessibility and provide accountability and coordination among WCDSS and service providers to improve capacity of families to meet the needs of their children.

Clinical Behavioral and Assessment Unit (Qualified Individual) To ensure that congregate care is only used a last option for youth entering care, FFPSA required that DSS conduct a clinical assessment of all youth entering care and periodically while the youth remains in care in order for the County to receive federal reimbursement for the youth's care. Clinical assessments required licensed Qualified Individuals approved by the state. To meet this need, WCDSS established the Clinical and Behavioral Assessment Unit (CBAU) staffed by experienced Senior Social Caseworkers employed with WCDSS who are Licensed Master Social Workers. The role of the QI is to assess a child to determine the appropriateness of a placement in a Qualified Residential Treatment Program (QRTP), or whether the youth's needs can be met with family members, in a foster family home or in a specified non-congregate care setting. The QI assessments are time sensitive to be able to claim Title IV-E reimbursement for maintenance costs for the youth's placement.

Dept Of Social Services (22)

Assessments completed by WCSS -CBAU have been used as examples of optimal QI assessments during state forums.

Family Team Decision Making Meetings: To improve the engagement of families in Child Welfare decisions that impact them, WCDSS implemented the Family Team Decision Making model in June 2021. Family Team Decision Making (FTDM) is a collaborative meeting that includes family members for all decisions involving child removal, change of placement, reunification or other permanency plans. All meetings include parents or caregivers, children 10 years and over when appropriate and a family support network. Families are encouraged to bring their support network so that the families' voice and story are heard and valued. Decisions are by consensus with priority given to family's goals but with safety of child as the focus. The goal is reduction of children entering foster care and finding the most effective In-Home Preventive Services that meet the family's needs. As of June 30, 2022, the Department has facilitated 375 Child Safety Conferences with 79% of children diverted from foster care and out of the 299 that were diverted from Foster Care 72% accepted Preventive Services intervention. In addition, WCDSS added additional permanency meetings in April to help reduce the length of stay of children in foster care. Parent Advocates play a critical role in FTDM meetings by providing additional support for parents and helping parents understand the child welfare process. The Parent Advocates are continual support to the caregivers, and they participate in every Family Team Decision making meeting for support as well as help in navigating the multilayer system in child welfare. WCDSS contracted with a service provider to provide parent advocates to support parents during FTDMs and continued support and advocacy as necessary if parents require ongoing parent advocate support.

Safe Harbor Program The WCDSS Safe Harbor program continues to remain strong in Westchester and has been the only "graduated" county that continues to get OCFS Safe Harbor funding. The grant supplements positive youth direction programs such as the Safe Harbor Psychoeducational groups, which have returned to in-person adhering to CDC guidelines. The group curriculum continues to integrate Liberation Pedagogy which empowers our youth to become experts in their own lives, as well as Support Circles which affords our youth a safe space to begin their story-telling processes. WCDSS has incorporated the Mentoring Program for survivors who have stayed out of "the life" and become young mentors to the new youth. The mentors are selected based on overall

experience and progress through past group participation, as well as their interview performance. Each mentor serves in their role for one group cohort (12 weeks) and receive a stipend of \$25/group as well as transportation to and from the groups. WCDSS Safe Harbor Program continues to see an increase of gang-related referrals for both males and females. WCDSS consequently provided virtual gang prevention and intervention training for at risk youth. WCDSS Safe Harbor created an Internet Safety Training used with youth in the community. In 2023, there will be a shift to the presentation of the Internet Safety Training to youth in foster care including family-based foster, particularly for foster parents fostering middle school aged children and teens. This shift will provide guidance on indicators and safe markers to assist in preventing victimization.

Reducing Disproportional Minority Children in Care and Children Entering Foster Care: Recent OCFS data indicates continued significant disproportionality in the number of black children entering care compared to the percentage of black children in the county. Data also shows that black and Latino children stay much longer in care. Recent data collection reflects that the Department is making progress in reducing length of time children remain in foster care. The Department worked with Redlich Horwitz and Casey Family Programs on a DMR Project that supports the agency' efforts to reduce DMR in Westchester County. Through a two-year grant from Redlich Horwitz Foundation (RHF), DSS and RHF will work to reduce the disproportional minority representation of families throughout the WC Child Welfare System starting with reports to the state Central Register SCR reports and children entering foster care during SCR investigations. The Department is also working with other New York Counties in Prevention Planning with OCFS and OCFS consultants to increase expanding community-based prevention services to keep families together and strengthen family resiliency. Effective prevention services, including the strong potential of prevention services as a racial and equity strategy will increase positive outcomes for families.

Legal Services Family Representation Project: NYS Office of Indigent Legal Services awarded a three-year grant to Westchester County and Legal Services Hudson Valley (LSHV) to enable LSHV provide legal representation to families during SCR investigations and subsequent Family Court involvement. Families involved in Child Welfare investigations now receive legal advice and work with the LSHV social work team during

Dept Of Social Services (22)

throughout parent's involvement with Child Welfare. Westchester County Child Welfare strongly supports this novel approach of representation during an SCR investigation understanding that it provides a unique opportunity for parents to feel empowered and having a greater voice in determining case outcomes. Westchester County families are receiving flyer's from the Department to participate in the inter-disciplinary representation from LSHV. A MOU communication protocol between LSHV and DSS provides the framework for communication between LSHV and DSS staff. LSHV participates in child welfare TDM meetings and other case planning meetings that include the parent. There is a monthly meeting between LSHV and Westchester Program Development to ensure address discrepancies that may arise during DSS's work with the family and LSHV representation of the family.

DSS Child Welfare Equity Action Plan: Child Welfare will continue with the Equity Action Plan currently in place focusing on: unequal rates of abuse and neglect investigations by race and ethnicity, unequal rates of substantiated investigations by race and ethnicity, unequal rates of foster care placements by race and ethnicity and unequal length of stay in foster care by race and ethnicity. This includes ongoing data review and discussion at monthly Child Welfare Management and Supervisory Leadership Meetings, monitoring implementation of plan submitted by District Offices along with trainings related to Race and Disproportionality and Understanding and Undoing Implicit bias. Child Welfare will also continue with the DMR work group with CASEY Family Programs and Redlich Horwitz. The Redlich Horwitz partnership will allow the Department to use an Equity Consultant to help analyze and synthesize data towards racial equity practice and in decision-making. The Department has a DEI framework that will focus on messaging and increasing awareness of implicit bias, establishing agency subcommittees to support the DEI framework, addressing disproportionality through learning and organization reassessment.

Cross System Unit: (CSU) interfaces with Probation, DCMH and Girls Justice Court through an interdepartmental agreement with DSS/DCMH and Probation. Parents seeking help for their youngster that meets the PINS Criteria (age 11-17) are referred to Cross Systems Unit by DCMH and Probation where families receive Preventive Service programming with wraparound services. The mission of the Cross Systems Unit is to provide a multi-disciplinary approach in creating family-driven, strength-based,

individualized responses that promote the safety and well-being of youth and families throughout Westchester County. This approach allows for a complete and thorough assessment of family's strengths and challenges and for an appropriate response to the identified needs. PINS Reform of 2021 emphasized use of delivery of services safely in the community to exhaust all diversion efforts prior to court involvement and PINS diversion youth cannot be detained in non-secure or secured facilities. A new placement option was created under pre-Dispositional placement (PDP) where the court can utilize out of home settings provided by local Department of Social Services. In 2021, 1,862 PINS Diversion children received linkage to community-based services or preventive services through the Cross Systems Unit.

Gender Responsive Initiative and Partnership Court (GRIP) Cross Systems Unit (CSU) also works with youth involved in Girls Justice Court. Girls Justice Court evolution was first a name change to Gender Responsive Initiative and Partnership Court (GRIP), a court that moved from just girl defendants to a court where cases involving females aged 11-17 with their male co-defendant case were heard. The court was limited to non-designated felony juvenile delinquency matters for youth residing in Westchester. The court diverts placement by recommending that youth and parents accept and participate in Cross System Unit preventive services. Cross Systems Unit Senior Social Caseworkers work closely with RTA, PINS Reform and GRIP youth. Cross Systems Unit continues their strong collaboration with the Probation Department, Family Court, and the Police to reduce placement by offering youth and family preventive services.

Division of Financial Administration

Online Burial Assistance Application: The Financial Administration Department Recovery Unit worked with the County DoIT and created a web based burial eligibility wizard and burial assistance application to be available on the Department's website. This application will benefit both the general public and DSS staff. The online wizard and burial application will be available 24/7 as opposed to our current process which is limited to DSS regular business hours. The Burial Eligibility Wizard enables an individual to answer 9 general questions which detail preliminary eligibility requirements. This simple prescreening tool determines whether the decedent is likely to qualify for burial/cremation assistance. This online tool lessens unnecessary calls to the Recovery Unit and walk-ins to the District Offices.

Dept Of Social Services (22)

Since the beginning of the implementation of the Online Burial Application, we processed 937 burial cases via the Online Burial Application.

Electronic Receipt Project: Each month the department receives approximately 1,600 checks and issues 550 checks to customers. Transactions are properly recorded and maintained through preparation of receipts, allocating them to specific programs and entering/scanning them into our Case Management and OnBase systems. To create a more efficient process, a single program is being designed which will allow us to prepare receipts electronically and save them along with a copy of the check in OnBase. The electronic receipts program has been successfully launched in 2020 and the receipts are being processed by the central and program offices (Medicaid Housing offices) that receive the recoupment, refund and recoveries checks and deposit the checks in the bank. The central office takes these receipts and also processes the recoupments received and reconciles all the receipts with deposit in the bank. Since the program was developed all the receipts from 2017 through 2020 are being scanned. From 2021 on, all electronically produced receipts with the copy of the checks that are linked to an individual receipt are saved into OnBase.

Contracts Management and Compliance Unit (CMCU): Responsible for the development, acquisition and management of over 1,000 contractual agreements with community providers; local, state and federal agencies and partner organizations. Over 50% of WCDSS contractual agreements are procured through competitive sealed bids, requests for proposals (RFP), request for quotations (RFQ), requests for information (RFI) and inter-municipal agreements (IMA) and grants.

Office of Professional Development and Organizational Enhancement (OEPD): In March 2022, DSS established the Office of Organizational Enhancement & Professional Development (OEPD). Professional Development supports the multifaceted Department goals as well as individual and professional growth through effective training, planning and personnel resource management. To date, OEPD coordinated trainings delivered by the state in response to mandatory program requirements for Child Welfare and Family Investment staff. This included online/remote training due to the pandemic. OEPD is also leading learning and professional development strategies as well as equity strategies. This year, the unit developed and supported a model for structured development of newly hired staff in Child Welfare. The unit collaborated with DSS Human

Resources to develop and facilitate performance evaluation training focusing on the role of supervisors in supporting staff development and creating a culture of learning. The unit is currently creating a series of professional development seminars to support the growth and development of leaders across the Department. This series will include both Micro-learning, E-learning, and Instructor-led learning models to introduce concepts and follow up coaching in order to sustain knowledge into practice (SKIP) which is critical to supporting the Department goals and objectives.

In 2022, OEPD also developed and initiated the implementation of a Diversity, Equity, and Inclusion (DEI) strategic action plan based on responses from an all staff survey conducted in 2021. The Senior Leadership Team (SLT) had initiated a Social Justice Workgroup in the aftermath of the George Floyd murder and resulting community unrest based upon racial inequities. The mission of the Social Justice Workgroup is to provide a Departmental forum to identify and address issues of diversity, equity and inclusion and its impact upon THE Department's work with the customers we serve. The goal is to review Departmental Practices, Programs and Operations at all levels, internally and externally with a diversity lens to demonstrate our commitment to advancing social justice goals. OEPD facilitates governance committee meetings and supports messaging and equity learning strategies, including structured exploration of the impact of implicit bias on interactions and decision-making across the department.

In addition, the Department also secured several consultant contracts to assist leadership staff with staff assessment, crisis intervention, employee mental health, strategic planning goals and social justice engagement such as:

- ◆ Organizational Leadership Development (to identify individual leadership style and workplace culture, to increase engagement and strengthen organizational capacity;
- ◆ Coaching for Individual Supervisory/Management executive staff and group coaching for conflict resolution, performance management organizational change management;
- ◆ Trauma Informed Organization training;
- ◆ Motivational Interviewing skills; and
- ◆ Customer service training.

Dept Of Social Services (22)

In 2023, OEPD will continue to lead coordination and tracking of state & local trainings, anticipated to be conducted primarily through a virtual training platform. The unit will continue to support Supervisory/Management staff on conducting effective performance evaluations and promoting professional development utilizing our newly revised Interim Performance Review tool and the Annual Performance Forms. The unit will conduct current training needs assessment and work collaboratively with leadership staff to develop short term and long term SD goals as well as explore supporting higher education opportunities for staff. The OEPD Strategic Plan will incorporate developing additional training opportunities for new and existing staff, succession planning and building leadership capacity through focused Supervisory/Management Training, Coaching and Mentoring Programs as well as Individual Career Advancement, and ongoing implementation of the Department's equity action plan.

Senior Programs & Services (24)

PROGRAM AREA AND SERVICES:

ADULT & SENIOR SERVICES

✓ Access Services

- ◆ Provide information on services and benefits, referral, case assistance, case management and transportation to seniors with particular attention to those with the greatest social and economic needs. Seek out, identify and inform seniors about existing services and benefits in the most cost-effective manner and delay the need for more costly services by increasing the Department's outreach capacity. Access services include: Information and Assistance, Housing Locator and Referral Services, Shared Housing, Case Management, Outreach, Transportation, Legal Services, Emergency Medical Package, Enrichment and Recreation Programs, Elder Abuse Training and Tax Relief.
- ◆ Health insurance information and answers to questions on Medicare Parts A&B, Medicare Prescription Drug Coverage (Part D), Medicare Advantage Plans (Part C), Medicare Supplement (Medigap) Plans are provided by HIICAP certified counselors. In addition, support and guidance on complex medical insurance issues and problem resolutions are provided to seniors, caregivers and professionals as a free and confidential service. Screening and guidance on program eligibility and application assistance for low income benefit programs such as EPIC (NYS prescription assistance program), Extra Help (to help reduce Medicare Part D costs), Medicare Savings Program (to help pay for some Medicare out of pocket expenses) are also provided along with various other money saving and service resources available to Westchester County seniors and disabled population.
- ◆ Westchester County Homebound Vaccination Program was created in January 2021 in joint partnership with Department of Senior Programs and Services, Department of Health, County Executive Senior Management Team, and Empress Ambulance Corps, to ensure vaccine access to all residents of Westchester County. The program is on-going and DSPS continues to address

the follow-up needs of the Homebound and non-Homebound residents.

- ◆ The NY Connects Expansion and Enhancement Program provides for NY Connects, Westchester Choices for Long Term Care, offering information and assistance to individuals inquiring about publicly and privately funded long term care options. In addition, case assistance and family counseling services are provided to seniors, adults and children with disabilities who are seeking long term care services regardless of payment source.
- ◆ Provide information regarding available transportation options as well as services to seniors to meet the increasing demand and allow them to remain in the community. Seniors are taken from their home to nutrition sites, doctor's appointments, clinics, food and prescription shopping. In some communities, subsidized taxis are used for door-to-door transportation. Low-income senior volunteers are transported to various work opportunities or academic settings to tutor young people who need extra help with their school work. The Department facilitates group transportation to cultural, educational, recreational and other enrichment events to encourage health promotion and wellness activities and preventive services.
- ◆ Escort Services as Respite for Caregivers make compassionate escorts available to accompany senior family members to a doctor's visit, shopping trip or errands.
- ◆ Legal services are provided County-wide to seniors with the most pressing legal needs who do not have access to attorneys because of financial barriers and/or physical inability to seek legal services. Seniors are represented in court, before administrative agencies and public officials. Services are provided to isolated elderly through home visits and follow-up representation to the highest level necessary.
- ◆ Provide Elder Abuse Trainings throughout Westchester County to seniors and caregivers on various topics.
- ◆ Operate a Health and Wellness Program for seniors who reside in the Yonkers community and for homeless seniors who utilize our contractor's emergency drop-in shelter.

Senior Programs & Services (24)

✓ Support Services

- ◆ Provide support services to the elderly, especially those with the greatest needs, so that they may be served in the setting most appropriate to fulfill their needs and participate fully in family and community life. Provide vital services to older persons most at risk of losing their independence so they may remain in their homes and in the community safely and prevent premature institutionalization. Support services include Social Adult Day Services and Depression Screening.
- ◆ Social Adult Day Services provide an organized program of therapeutic social and health activities to adults in a congregate setting and follow an individualized program designed to maintain or restore optimal capacity for self-care. The programs seek to reduce isolation as well as to prevent institutionalization.
- ◆ Social Adult Day Services as respite to caregivers seeks to provide caregivers with temporary rest and relief from caregiving responsibilities while at the same time providing the benefits of the direct services to the care recipient. Providing services to caregivers can reduce caregiver depression, anxiety and stress and enable them to provide care longer.

✓ In-home Services

- ◆ Provide in-home services to older persons with functional impairments who need help with the ordinary activities of daily living. In-home services include Homemaker and Personal Care Services, Consumer Directed In-home services, Respite Care Services and Personal Emergency Response System Services.
- ◆ In-home contact and support services are provided to families caring for a frail elderly member with Alzheimer's, a related dementia or other expressed need requiring assistance with 2 ADL's. These services provide a temporary time out from the caregiving responsibilities of a dependent family member.

Families requesting services are matched with a trained "sitter-companion".

- ◆ Telephone reassurance, friendly visiting and the University without Walls Program are offered to decrease isolation and loneliness of homebound seniors.
- ◆ Other services are provided in the home to support the person including house cleaning, essential errands such as food drop-off, and items provided on loan such as assistive devices.

✓ Senior Nutrition Program Services

- ◆ Promote health and prevent nutrition-related illnesses through the provision of nutritionally balanced meals. Meal services include the congregate meals served at congregate dining centers and home delivered meals delivered to medically eligible homebound seniors. The congregate and home delivered meal program addresses those seniors with nutrition, social, economic, health and wellness needs. The home delivered meals program specifically aims to improve the well-being of those elderly who are at high nutritional risk, with particular emphasis on provision of services to low income, minority, frail and isolated elderly.

✓ Nutrition Education

- ◆ An annual nutrition education plan is carefully developed by DSPS registered dietitians to include topics relevant to improving the nutritional health and well-being of seniors. The educational program also includes presentations to senior centers, on site nutrition counseling, health fairs and in-service training to nutrition program contractors and their staff.

✓ Nutrition Counseling

- ◆ Nutrition Counseling or Medical Nutrition Therapy is provided by the DSPS registered and certified dietitian nutritionists to congregate and home delivered meal seniors who are at risk nutritionally and who are most likely to benefit from counseling with the purpose of maintaining or improving nutritional status and therefore improving overall health.

Senior Programs & Services (24)

✓ Nutrition Services Incentive Program (NSIP)

- ◆ The NSIP was established by the Older Americans Act in 1974 as the Nutrition Program for the Elderly under the Administration on Aging. NSIP provides additional funding to nutrition programs that is used exclusively to purchase food through the contractors. As an Area Agency on Aging, the Department receives generally three cash awards per year to allocate to the senior center nutrition programs throughout the County. Grants to the department (reimbursement) are based on the number of eligible meals served during specified periods. The Department receives \$300-\$400,000 annually which is allocated to the nutrition programs to assist with meal costs.

✓ Emergency Meal Program

- ◆ Plan, purchase and coordinate the county wide emergency meal order annually for all seniors who participate in congregate and home delivered meal nutrition programs. The program was implemented to provide a food emergency plan for the congregate dining and homebound seniors in the event the nutrition program was unable to provide meals, due to weather or a power outage. The weather related emergencies are on the rise, this service along with education on weather related emergency preparedness and food safety continues to grow in demand as well. During the Winter 2021/2022, 4240 shelf stable were ordered and distributed to congregate and HDM seniors.

✓ Senior Farmers Market Nutrition Program

- ◆ Collaborate with the New York State Department of Agriculture and Markets and the New York State Office for the Aging to allocate the Senior Farmers Market Nutrition Program coupon booklets to senior center nutrition programs throughout Westchester. The department received 3360 coupon booklets, with a financial value at \$84,000. The intent of the Farmer's Market program is to economically support local farmers and provide low-income seniors with access to local fresh produce. Eligibility is determined by two factors: age and income.

✓ County Wide Education, Health and Wellness Events

- ◆ Provide a variety of county wide education and recreation programs, health fairs and wellness programs for older adults at

nutrition sites, clubs, centers, libraries and other organized senior community groups as well as individuals living in the community. The events are planned at venues that are centrally located such as the County Center. County wide events are planned annually to provide educational opportunities, health & wellness activities and socialization to help seniors maintain their physical and mental health and remain active in the community. The special events for seniors include Salute to Seniors, Senior Law Day, Saxon Woods Pool Party and Barbecue, Senior Show, Golden Harvest Dance and Talent Show and the Senior Hall of Fame.

✓ Combined County Food Purchasing Program

- ◆ A program developed to reduce food costs and provide uniform food products to participating nutrition programs. Analysis of this program has shown that participation results in a 20% savings in food costs.

✓ Food Safety Training

- ◆ Teach food safety and sanitation topics to ensure state and local department of health regulations are followed by food service management, chefs and food production staff at all nutrition sites and central kitchens. Conduct on and off-site food safety in-services and provide food safety related technical assistance as needed during routine monitoring assessments and communications with nutrition programs, caterers and regional kitchens.

✓ National Nutrition Month

- ◆ An annual educational campaign declared by the Academy of Nutrition and Dietetics to provide nutrition education that promotes healthful eating and physical activity habits. Westchester County DSPS Registered Dietitian Nutritionists schedule presentations at senior nutrition programs and clubs creatively educating on good nutrition while highlighting the annual theme.

✓ Health Promotion Services

- ◆ Implement activities that support healthy lifestyles and promote healthy behaviors. Evidence-based health promotion programs, such as Breast Cancer Screening and Tai Chi for Arthritis reduces

Senior Programs & Services (24)

the need for more costly medical interventions. The department sponsors numerous programs focusing on fall prevention including exercise classes to maintain bone, muscle strength and balance, and Tai Chi for Arthritis and yoga classes. These classes are offered at numerous senior nutrition program sites throughout the County. National Senior Health & Fitness Day and Fall Prevention Awareness Day are two major county wide events planned throughout Westchester by the Nutrition Division.

✓ Employment Services

- ◆ Make referrals to agencies that promote employment and training opportunities for older workers who need to earn additional income, upgrade their skills or engage in meaningful work activities. The Senior Community Services Employment Project agencies provide, foster and promote useful part-time opportunities in subsidized community services employment for persons who are 55 years of age and older who are on a limited income.

✓ Administration/Operations

- ◆ Submit Grant Applications to provide services to the County's elderly population and develop a long-term partnership of public, private and voluntary community organizations. Promote awareness of senior issues and advocacy efforts with community groups and encouraging coordination and mutual support among service providers. Develop and enhance providers' skills and abilities to deliver quality services to senior citizens by coordinating education programs for service providers to the elderly.

✓ Family Caregiver Support Program

- ◆ Provide outreach and information to family caregivers to assist them in accessing services. Provide Access Services through Caregiver Resource Centers, Counseling, Support Groups, Training Information and Assistance service to Caregivers. Respite offered to Caregivers, Home Visits, Homemaker and Personal Care, Social Adult Day Care, Caregiver Coaching,

enhanced Caregiver Coaching + (includes information on safety, social isolation and loneliness), and Care Circles of Westchester.

- ◆ Provide various support services to the County's caregivers who are 60 and older, as well as to adult relative caregivers 55 and older of children under 18. It enables caregivers to continue to provide the assistance the elderly need to help them remain in the community and out of more expensive and less desired nursing home environments. For relative caregivers, it provides financial, emotional and informational support to assist them in caring for their grandchildren, thus avoiding the need to place them in less desirable foster care situations.

✓ Livable Communities Initiative

- ◆ The Livable Communities Initiative provides programs and services that foster the "aging in place" concept. Through an infrastructure designed to examine the needs of seniors and their caregivers on a regional basis, a wide range of activities are planned with community input. Various domains of living are considered such as housing, transportation, health and wellness, and recreational, social and cultural engagement. These domains are purposely considered since without them quality of life is compromised.
- ◆ Livable Communities provide local and focused support, education and advocacy. The county diversity is acknowledged through the programming coordinated through the six regional Livable Communities Connections with appointed coordinators that take a grass roots approach to community building. Community regional councils and task forces are comprised of stakeholders most familiar with the challenges and priorities of the geographic location represented.

✓ My Aging Plan (MAP)

- ◆ A guide developed by the Aging Network and Livable Community Collaboratives to help individuals prepare for retirement. Training on how to follow the guide is provided by Livable Communities staff.

Senior Programs & Services (24)

- ✓ Livable Communities Villages
 - ◆ The Villages are the grassroots component of the initiative. A village is a collection of people with like interests who gather to learn and participate in Livable Communities activities. Members are given education and tools to take a neighbor-to-neighbor approach to living well and they also have a choice in shaping local policies and priorities.
- ✓ Caregiver Coaching Program
 - ◆ Caregiver Coaches are community volunteers trained by professionals to help family caregivers better care for an older or disabled person. The one-on-one support enables caregivers to make more informed decisions to meet their many challenges and responsibilities. A special component of the program has been added to reflect health emergencies which includes information concerning safety measures, social isolation and loneliness.
- ✓ Care Circles of Westchester: Step Forward and Give Back
 - ◆ A care circle is a group of volunteers who assist an individual with the basic needs of daily living that cannot be met with public funds. Livable Communities staff provide training on how to follow the Care Circles of Westchester Guide.
- ✓ Health for Life Program (HeLP)
 - ◆ This is a nationwide initiative that helps seniors learn to manage their chronic conditions. Participants attend a 6 week workshop to gain information and skills from trained peer leader volunteers. Five versions of the program are offered: Chronic Disease Self Management Program; Pain Management; Building Better Caregivers; Tomando Control de Salud (for Spanish speakers) and Workplace Wellness. Health for Life is also being offered to the public through a virtual platform.
- ✓ Speakers Bureau Directory
 - ◆ This is an online listing of more than 185 professionals who volunteer their time and expertise to present free programs on over 17 topics and issues concerning seniors. Presenters include educators, attorneys, business owners, professors, clergy, government officials and the general public. Topics range from health care to legal services, safety, education, advocacy and money management.
- ✓ CarePrep Westchester
 - ◆ The CarePrep program website is designed to educate future and current caregivers by offering resources they need to prepare for and continue to provide the best care possible for their loved one and themselves. CarePrep increases public awareness and caregivers learn about policies and how to collaborate for the purpose of advocacy. Experts in all aspects of aging present information face-to-face, virtually and online including webinars offered on demand.
- ✓ Telehealth Intervention Program for Seniors
 - ◆ The Telehealth Intervention Program for Seniors consists of remote patient monitoring of vital signs including pulse, weight, blood oxygen levels and blood pressure. Monitoring is provided by trained student technicians and overseen by registered nurses. This intergenerational program also educates seniors on various wrap-around services offered by the County. Under the TIPS umbrella, TIPS-in-Touch and TIPS-at-Home is being offered to seniors. TIPS- in- Touch operates telephonically. Trained student technicians check in with seniors telephonically. Telehealth nurse is notified virtually when there is a need. TIPS-at-Home Program provides seniors with a remote patient monitoring kit that can detect potential or current illness. Seniors are trained on how to use the kits and TIPS graduate students communicate with seniors weekly to trouble shoot equipment and to provide social support. TIP- at - Home acts as a preventative health measure for people that are home-bound or sheltering in.
- ✓ Elder Abuse Prevention - Senior Law Day
 - ◆ Proactive elder fraud and crime prevention program that gives tips to seniors on how to stay safe and avoid financial exploitation and other scams combining outreach efforts of law enforcement, social service agencies and non-profit organization officials.
- ✓ Project Lifesaver
 - ◆ An electronic tracking system for seniors with Alzheimer's or a related dementia. Participants receive a personalized Project

Senior Programs & Services (24)

Lifesaver wristband that emits an automatic tracking signal every second. If a senior goes missing, the caregiver will contact their local police department who will then contact the Department of Public Safety Project Lifesaver Search and Rescue Team.

✓ Volunteerism

- ◆ Recruit and place senior volunteers at various program sites to provide services that help meet community needs. Train volunteer mentors to participate in intergenerational literacy programs and publicly recognize the contributions of senior volunteers.

✓ Food Stamp Counseling

- ◆ Provide outreach, education, prescreening and application assistance for seniors who are eligible for the SNAP Food Stamp Program.
- ◆ Distribute food through a food pantry, provide emergency food and deliver monthly food bags to homebound seniors.

✓ Guardianship Services

- ◆ Provide guardianship for incapacitated seniors who are likely to suffer harm due to their inability to manage their personal needs and/or financial affairs.
- ◆ Provide counseling to caregivers interested in becoming a guardian.

DEPARTMENT INITIATIVES:

NEW

✓ Living the Later Years Newspaper

- ◆ The DSPS Living the Later Years Newspaper will be distributed quarterly to over 141,000 Westchester households. The paper will provide information on federal, state and county policies as well as serve as an important medium for learning about DSPS activities and events.
- ◆ Living the Later Years will assist readers with their daily lives. It will provide a wealth of useful information that helps people go about their daily business and offer news of importance to our

communities. Moreover, seniors with or without the benefit of technology will be kept informed.

- ◆ Cares Connection - A collaboration between the DSPS and Phelps Hospital, Northwell Health to assist caregivers and their loved ones. Four components of the program work to provide help for the caregiver: Caregiver Navigation; Caregiver Education Forums; Assistive devices and equipment for care recipients and Caregiver Care baskets.

✓ Livable Communities Caregivers Coaching+ Program

- ◆ The program prepares volunteers for an enhanced “good neighbor” role as Caregiver Coaches. They are people who provide support and information to family caregivers. Uniquely, this program uses the telephone as its communication platform, which makes it adaptable to all situations and geographies. We have expanded the curriculum to cover COVID-19 resources and valuable information and tips on social isolation and loneliness. Seventeen additional coaches have been trained in this expanded curriculum.

✓ TIPS-INTouch Program

- ◆ Modeled after the Telehealth Intervention Program for Seniors (TIPS) that delivers remote patient monitoring targeting seniors with high health risk and access to a variety of social services or wrap around services for older adults. We are now offering TIPS In-Touch which is a telephone reassurance program to keep seniors connected to health resources.

✓ TIPS-at-Home Program

- ◆ Telehealth at Home Program is designed for home-bound or sheltering-in-place seniors in response to the COVID-19 pandemic. The goal is to remotely track and monitor participants using a pulse oximeter. Participants are provided a continuous link to health providers through regular tracking of symptoms and physiologic data while at home.

✓ Health for Life Programs (HeLP) LIVE Workshop (Virtual)

- ◆ This free online workshop is offered by Westchester County Department of Senior Programs and Services for older adult residents and their caregivers. The workshop meets once a week

Senior Programs & Services (24)

for 6 weeks. It is highly interactive with plenty of opportunity to connect with others and learn to better manage your health. Workshop sessions are scheduled at day and time convenient to participants.

DEPARTMENT ACCOMPLISHMENTS:

NEW

Living the Later Years Newsletter (LTLYs)

- ✓ Keeping older adults connected during these times of COVID has been the primary aim of the DSPS and the Living the Later Years Newsletter has helped tremendously with this goal. The LTLYs third issue was recently distributed to approximately 141,000 seniors. Meaningful feedback from the readers assures us that our efforts are beneficial and appreciated. Two very notable comments have been made by the readership; 1) the newsletter allows seniors that are not on the Internet an opportunity to stay engaged and involved and 2) Topics covers in LTLYs are relevant, focused and critical to what residents care about.

Virtual Senior Center (VSC)

- ✓ The DSPS in partnership with the New York State Office for the Aging and Self Help, one of the largest not-for-profit human service agencies in the New York metropolitan area, offering services throughout New York City and Long Island sponsored the Virtual Senior Center Pilot. The VSC gives home-bound seniors and those sheltering- in multiple opportunities to learn and to be active through a virtual platform. Classes are offered daily 24/7 to interested seniors. The DSPS committed to on boarding 50 participants for the pilot. Currently 54 participants have joined. Four more than what was promised. One hundred and eight (108) applications were received, however, due to various technicalities not all applicants chose to participate. The DSPS also shared this resource with the Westchester Library System.

Creative Aging

- ✓ The Department of Senior Programs and Services in partnership with Lifetime Arts, NY State Office for the Aging and the Westchester

Public/ Private Partnership for Aging Services to pilot three free workshops in 2021 to older adults in Westchester County. They were professionally led by teaching artists skilled in each discipline and included:

- 1.Memoir Writing
- 2.Digital Photography for Beginners
- 3.Chinese Brush Painting

These workshops met virtually once a week for 6 weeks for an hour and a half. They were designed to provide mental and social engagement while formally increasing skills and confidence in the art form. Feedback from participants was overwhelmingly positive, and seen as a welcome respite and a chance to connect during the pandemic.

Demand to participate in the workshops exceeded the capacity limits of each class. A waiting list was developed and ideally additional funding would be made available to continue to offer these workshops.

The Right Connection Matched-Up Housing (TRC)

- ✓ The Matched-Up Housing Program is a community based home sharing arrangement designed to allow a homeowner with a room to spare and someone searching for housing to connect to see if they are a match. A full administrative guide including checklist, worksheets, process steps and training modules were developed by a team comprised of DSPS staff and a Fordham University Ravazzin Center on Aging and Intergenerational Studies student researcher. Matched-Up housing training was held for houses of worship with social service agencies and caregivers on the benefits of shared housing. During the program we found there was a much greater need to assist vulnerable seniors facing evictions and foreclosures. Therefore, the Department started a new housing pilot program with the Mt. Vernon Housing Court, Legal Services of the Hudson Valley and County DSS to help seniors, prevent evictions and maintain housing. A DSPS representative was stationed in the courtroom to interview and assist with streamlining access to cover rent arrears if the senior could pay rent moving forward. Seniors and families secured legal services, filed for emergency assistance and/or

Senior Programs & Services (24)

received housing information. As a result of the increase in these court matters, many seniors had to move into extended care facilities or reached out to live with family relatives.

Cares Connection A Phelps Hospital and DSPS Collaboration

- ✓ Cares Connection is a collaboration between Phelps Hospital Northwell Health and the DSPS designed to assist caregivers with the information and services they need to better care for a loved one. The four components of the program individually and collectively bring additional resources to caregivers seeking them. Descriptions of the components are outlined below:

Caregiver Navigation: Navigation for the caregiver is provided by a credentialed professional that works not only with the caregiver but with family members when needed. Referrals, guidance and counseling are provided by the navigator who schedules regular communications with the client. Follow-up is also a part of the process

Education Forums; Educational Forum/workshops are offered to the caregiver through two evidence-based programs: 1) Building Better Caregivers and 2) Your Caregiver Contract. Each workshop is held for six weeks and each is highly participative. These workshops offer caregiver tips, advice and recommendation to make the caregiver's journey less complicated.

Equipment: Assistive Devices and equipment is available to caregiver caring for care recipient that may not meet the financial requirement for receiving these life-saving items

Care Baskets: Care baskets filled with redeemable coupons, literature, and spa products are shipped to caregivers interested in receiving one.

Through this program we expect to serve approximately 650 caregivers

Next Stage Network

- ✓ The Next Stage Network is the most comprehensive Livable Communities Initiative's information and education hub that will

connect people to dynamic experiences within all areas of life: economic, social, health, spiritual, vocational, environmental and cultural. The mission of the Next Stage Network is to make the next stage of life more meaningful, active, fulfilling and connected. The program will fit the unique interests and needs of our diverse population and inspire each participant to become and stay involved while preparing for and enjoying the next stage of life. This information and education hub addresses all areas of life and is organized into four modules: Legal and Financial Management; Living and Aging Reflectively; Nutrition; and Physical Stamina along with a calendar of events. The Next Stage Network will help seniors prepare for and take an active role in planning for the future.

Partnership in Innovation for Older Adults Program (PIOAP)

- ✓ The Partnership Innovation for Older Adults Program was designed as a local collaboration to bring mobile outreach and off-site services, including behavioral health and aging services and telehealth interventions to older adults in Westchester County, aged 55+. Once an older adult is identified and referred to the program they receive home and off-site visits and culturally respectful assessments which include the older adult's active participation in decision making and identification of appropriate resources and linkages. When possible and appropriate caregivers will be invited to participate in assessment and decision making. Older adults are also assisted with building a support system of individuals who they trust and will meet their needs. Goals of the program include reducing the isolation and decline that can accompany untreated mental health, substance abuse and aging issues in older adults as well as helping older adults maintain their dignity and independence while enhancing their quality of life.
- ✓ To date, we have provided 101 referrals utilizing existing programs and structures including Telehealth Intervention Program for Seniors (TIPS) and the IIIE Caregiver Support Program and we had over 6,300 outreach contacts.

Livable Community Weekly Update

- ✓ In collaboration with the County's Communications Department, the Livable Communities Unit has developed a weekly update that is sent electronically to thousands of email contacts, approximately

Senior Programs & Services (24)

3,000 per week. The weekly update features upcoming departmental events as well as a weekly spotlight and did you know areas.

ON-GOING

- ✓ The department maintains service levels reflected in the service indicators section of this budget. The department and its contractors are averaging over 725,692 separate contacts with older persons providing information, assistance, counseling, case management, housing assistance and meals, trips to doctors, grocery shopping, food drop-off, cultural, educational and entertainment events, health and wellness activities, recreation and other quality of life events and activities, and visits to residents in nursing homes and adult homes to provide linkages to the community and prevent and detect elder abuse. Additionally nearly 55,526 hours of home care, house cleaning, respite and adult day services are provided. These services are merely a pinpoint in comparison with the future needs of our aging community and more federal and state assistance will be needed to help counties provide quality community based services that prevent costly Medicaid services.

REVENUES:

- ✓ Interdepartmental Billings: \$290,720 from Social Services.
 - ◆ Federal and State Grants totaling \$11.87 million.
 - ◆ County tax levy leverages Federal & State Grants. County tax dollars of over \$4.08 million spent on Comprehensive Program for Aging brings in over three times that amount in State & Federal Aid.

Weights and Measures, Consumer Protection (25)

Weights and Measures, Consumer Protection (25)

Mission Statement

The mission of the Department of Weights and Measures, Consumer Protection is to protect the interests of all Westchester consumers by implementing and enforcing the Westchester County Consumer Protection Code, the laws of Westchester County, and related laws of New York State. The Department ensures a fair and equitable marketplace for consumers and merchants by mediating consumer complaints, by implementing programs and procedures to educate citizens on consumer issues, by assisting in the licensing of Mechanical Trades, and by conducting inspections of retail locations where goods and services are offered for sale. The Department has expanded its implementation of programs and initiatives to educate consumers through public appearances, social media and the department's radio show.

Weights and Measures, Consumer Protection (25)

PROGRAM AREA AND SERVICES:

ON-GOING

- ✓ Consumer Advocacy - Investigates and mediates complaints involving businesses such as home improvement contractors, utility companies, retail merchants, car dealerships, utilities and national department stores. Obtains restitution for consumers.
- ✓ Consumer Enforcement - Enforces Consumer Protection Code, conducts over 600 hearings annually for violations of Consumer Protection Code.
- ✓ Consumer Enforcement - Licenses home improvement contractors, registers automated teller machines, enforces laws such as the inflatable pool signage law.
- ✓ Consumer Enforcement - Ensures package weight and labeling accuracy; tests gasoline quality; tests accuracy of gasoline pumps and meters on heating oil delivery trucks; checks for outdated perishable commodities; tests for supermarket scanner accuracy; checks for compliance with item pricing regulations.
- ✓ Supports the Board of Plumbing Examiners and the Electrical Licensing Board by administering the licensing of plumbers and electricians.
- ✓ Consumer Education and Outreach - Raises consumer awareness through website, informational brochures, public speaking and seminars; issues consumer alerts advisories, and quick news bulletins.
- ✓ Utilizes social media (Facebook, Twitter & Instagram) to raise public awareness on the latest consumer issues.
- ✓ Hosts a weekly call-in radio show on WVOX, 1460AM, to provide a forum for listeners to discuss and identify concerns relating to consumer protection issues.
- ✓ Provide support and assistance to other County Departments when necessary, including but not limited to on-site inspections and educational outreach.

DEPARTMENT INITIATIVES:

ON-GOING

- ✓ Conduct sweeps to prosecute unlicensed home improvement contractors; investigations of retailers for violations of County rain check and item pricing laws; inspections of supermarkets to determine whether they are selling outdated food and survey of restocking and refund policies.
- ✓ Strengthen consumer protection through use of law authorizing the seizure and impound of vehicles and tools used by unlicensed home improvement contractors, and increasing penalties for repeat offenders.
- ✓ Distribution of advisory and informational brochures and creation of web pages on hiring a home improvement contractor, choosing a credit card, identity theft, how to avoid foreclosure rescue scams, food labeling, gift cards, the latest “phishing” scam and how to freeze your credit report.
- ✓ Developed Senior Outreach providing tips to seniors on how to avoid financial exploitation.

DEPARTMENT ACCOMPLISHMENTS:

ON-GOING

- ✓ Educate consumers on emerging complex issues and regulations such as identity theft, foreclosure prevention and misleading food labeling.
- ✓ Promote consumer awareness of consumer issues and problems through Social Media, Internet, email, brochures and speaking engagements.
- ✓ Protect consumers who require the services of home improvement contractors and prevent abuses in the industry by maintaining uniform County-wide requirements, including background checks.
- ✓ Protect consumers and commercial vendors engaged in the sale and resale of jewelry and other precious metals by improving the ability of police departments to recover stolen jewelry.
- ✓ Improve public safety by assuring that box cutters, lasers and spray paints are not sold to minors.
- ✓ Maintain one of the most innovative web sites in the country.

Weights and Measures, Consumer Protection (25)

REVENUES:

- ✓ Fees paid for the testing of weighing and measuring devices are established by the New York State Agriculture and Markets Law.
- ✓ Item Pricing Waiver Fee: Retailers may submit a waiver application and the appropriate fee, to obtain a waiver of the Item Pricing Law. The waiver is granted upon passing prescribed inspection by our office.
- ✓ Licensing home improvement contractors and payment of licensing fees by these contractors are required by the Westchester County Consumer Protection Code. Fees from the licensing of Plumbers and Electricians as required by Westchester County Law. Registration of non-bank ATM machines and payment of registration fees are required by the Westchester County Consumer Protection Code.
- ✓ Some revenue results from assessment of penalties for violations of State and County consumer protection and licensing laws.

Community Mental Health (26)

The Department of Community Mental Health is mandated to ensure the provision of community based preventive, rehabilitative and treatment services for those with mental illnesses, developmental disabilities and substance abuse. The Department is required to operate under the following New York State Laws and State Codes, Rules and Regulations:

Programs and Services

Responsible for community preventive, rehabilitative, and treatment services offering continuity of care for those with mental illnesses, developmental disabilities and substance abuse, and to plan for the integration of community and state services and facilities.

County is responsible for individuals who are not fit to proceed in court or are ill in jail and in need of inpatient treatment or those who are not accountable for their crimes due to their mental illness.

Assisted Outpatient Treatment allows the county to obtain a court order to require a person to comply with a specific treatment plan.

County is responsible to authorize transporting an individual in crisis in the community to a community hospital.

NYS Expanded PINS

New York Secure Ammunition and Firearms Enforcement Act (NY SAFE Act)

Requires designated mental health professionals who believe a mental health patient made a credible threat of harming others to report the threat to the Mental Health Director, who would then have to report serious threats to the State Department of Criminal Justice Services.

Department Of Health (27)

PROGRAM AREA AND SERVICES:

Prevent and Control Communicable Disease

- ✓ Control the spread of over 80 reportable diseases through investigations sampling, surveillance and case management to ensure that infected and exposed individuals receive appropriate treatment to prevent the further spread of disease to others.
- ✓ Provide and promote child and adult immunizations.
- ✓ Diagnosis and treat tuberculosis (TB), sexually transmitted diseases (STDs), and test for HIV and Hepatitis C infections.
- ✓ Inform the medical community of emerging public health issues and recommend appropriate responses.
- ✓ Reduce HIV transmission by using surveillance data to identify HIV positive persons who have dropped out of care, identify partners for testing and offer and serve as a clinical site for pre-exposure prophylaxis.
- ✓ Conduct case investigation, contact tracing and environmental health inspections for COVID-19.

Protect the Environment

- ✓ Inspect and regulate public water systems, wastewater treatment facilities, fuel oil storage tanks, gas stations, chemical storage facilities and other potential sources of environmental contamination.
- ✓ Review and approve engineering plans for septic systems, water supply and sewage conveyance systems.
- ✓ Monitor and regulate food service establishments, hotels and motels, day camps, and public bathing beaches and swimming pools.
- ✓ In cooperation with the NYS Department of Environmental Conservation, monitor oil and gas spills, identify sources and verify appropriate clean up.
- ✓ Identify and mitigate environmental sources of lead, inspect high-risk housing and provide case management for children with elevated blood lead levels.

- ✓ Inspect diagnostic radiological facilities, monitor ambient radiation levels and respond to reports of accidental exposure.
- ✓ Assist owners and operators to develop sampling, disinfection and remediation protocols for Legionella bacteria in cooling towers, investigate reports of Legionnaires disease and monitor Westchester facilities in the NYS cooling tower registry for compliance.
- ✓ Active surveillance of disease bearing mosquitoes.
- ✓ Notify the public about rabid animals, send specimens to testing and implement other public health measures.
- ✓ Ensure enforcement of codes and regulations through an administrative hearing process and collection of civil penalties.
- ✓ Investigate public health complaints.

Inform, Educate and Collaborate with the Community

- ✓ Provide population-focused health education to residents through news media, special events, social media, website updates and 24-hour public health information lines.
- ✓ Partner with community-based organizations to help residents reduce their risk of chronic and communicable diseases.
- ✓ Deliver and promote lifestyle change programs to address hypertension, diabetes and heart disease among residents.
- ✓ Provide nutrition education, breast feeding support, electronic benefits to purchase healthy foods and referrals to health and social services for low-income women, infants and children up to age five.
- ✓ Improve access to health insurance for residents and small business owners.
- ✓ Continue as an Opioid Overdose Prevention Program certified by the NYSDOH to provide Narcan training.
- ✓ Develop communications for schools, businesses and other institutions to share with their constituents during a disease outbreak or other critical public health event to help prevent the spread of disease or exposure to toxins.

Department Of Health (27)

Plan, Assess and Evaluate Services

- ✓ Analyze data to assess the health status of residents and to evaluate trends in existing and emerging public health threats.
- ✓ In close cooperation with the Department of Emergency Services, prepare and coordinate responses to public health threats and emergencies.
- ✓ Manage the department's budgeting, financial reporting, human resources and contracting functions.
- ✓ Obtain and administer grants, State aid and third party reimbursement to maximize available revenue sources and reduce tax levies.
- ✓ Work with community partners, providers and advisory groups to address the public health needs of the community.
- ✓ Support development of a Public Health Strategic Plan and departmental quality improvement program.

Support Families and Children with Special Needs

- ✓ Provide administrative and fiscal oversight for the Early Intervention and 4410 Pre-school programs for children less than 5 years old with special needs.
- ✓ Enforce federal and state regulations to facilitate placement in natural/least restrictive educational settings with appropriate and cost-effective services.
- ✓ Coordinate with the New York State fiscal agent for the Early Intervention Program to ensure appropriate funding sources are maximized.
- ✓ Provide initial service coordination and conduct quality assurance for the Early Intervention Program.
- ✓ Participate with the State Education Department in quality assurance activities for contracted 4410 SED approved providers and enforce contracted 4410 and Related Service Provider compliance with Medicaid claiming requirements through fiscal and program monitoring.

- ✓ Ensure that transportation vendors provide safe and efficient transportation for children.
- ✓ Collaborate with the State Education Department Regional staff to ensure regulatory compliance for contracted 4410 SED approved center based programs.
- ✓ Ensure compliance with Medicaid claiming requirements through fiscal and program monitoring for contracted 4410 and Related Service providers.

DEPARTMENT INITIATIVES:

NEW AND ONGOING

Activities may be limited or suspended depending on the Department's response efforts for COVID-19.

- ✓ Conduct case investigation, management and contact tracing for monkeypox and ensure appropriate treatment for cases and exposed individuals
- ✓ Vaccinate individuals either known to be exposed or at high risk for exposure against monkeypox
- ✓ Identify and mitigate COVID-19 cases in the County by conducting case notification, monitoring, education, and data management.
- ✓ Increase rates of adult and adolescent COVID 19 vaccinations, including booster shots, through regularly scheduled and pop up community vaccination clinics, including efforts to reach those 6 months - six years of age.
- ✓ Increase the rates of childhood and adult vaccinations by providing education and outreach to the public and health providers, and hosting immunization clinics to reach high risk and uninsured/ underinsured persons with a focus on Hepatitis A, MMR (Measles, Mumps, Rubella), HPV, polio, and flu.
- ✓ Reduce mosquito-borne diseases by educating the public on how to avoid mosquito bites and eliminate breeding sites, distributing minnows to the public, conducting active surveillance of disease-bearing mosquitoes and implementing targeted larviciding activities.

Department Of Health (27)

- ✓ Provide pre-exposure prophylaxis (PrEP) to persons at high risk of acquiring HIV infection and initiate rapid antiretroviral therapy for persons testing positive for HIV and connect to an ongoing medical provider.
- ✓ Collaborate with local police to enforce Westchester County Tobacco 21 legislation in an effort to reduce underage smoking and vaping.
- ✓ Update the existing Onsite Wastewater Treatment System (OWTS) Repair program so that Licensed Septic Contractors receive WCDH acceptance of OWTS repairs prior to construction.
- ✓ Provide oversight as required by NYS to ensure that public water suppliers and public schools perform lead testing.
- ✓ Undertake monitoring for PFAS once the County Laboratory becomes ELAP certified for PFAS testing.
- ✓ Comply with new state mandates to increase protective measures for children with elevated blood lead levels and ensure the reduction and remediation of lead based paint hazards in Westchester County housing stock.
- ✓ Work to develop an on-line restaurant permitting renewal system to enhance customer service and improve operational efficiencies.
- ✓ Create self-monitoring blood pressure stations in multiple community locations to increase awareness and monitoring of hypertension.
- ✓ Work in partnership with Westchester Hospitals and six other counties to create and disseminate a Community Health Assessment and use its results to develop a three-year Community Health Improvement Plan.
- ✓ Explore development of a data visualization tool.
- ✓ Support revenue generating activities through multiple strategies:
 - ◆ Continue billing for Sexual Health Clinics and explore other clinic billable activities.
 - ◆ Enhance the hearing and fine collection process, including exploring the use of a collection agency or other mechanisms.
 - ◆ Use an electronic billing system and contract with a third-party vendor to perform Medicaid billing for the Pre-K program.
- ✓ Expand use of current electronic billing system, to allow electronic versus manual transmission of billing from CSN to finance to reduce paper and ensure timely provider payment.
- ✓ Serve on the New York State Early Intervention Coordinating Council, a Governor appointed advisory body to the NYSDOH Bureau of Early Intervention Programs.
- ✓ Resume and expand CSN preschool staff participation in school district meetings of the Committee on Preschool Special Education (CPSE) to ensure compliance with preschool regulatory requirements for appropriate program placement.
- ✓ Implement eSTAC, an electronic data entry system which allows school districts to electronically transmit preschool special education program data directly into the State Education Department eSTAC system. This system eliminates manual duplication of data entry and allows County staff to rectify discrepancies and confirm agreements between STAC and IEP in real time to ensure, prompt payment of authorized services.

DEPARTMENT ACCOMPLISHMENTS:

- ✓ Successfully managed cases of Tuberculosis Disease (TB) and TB infection in person and through telemedicine, and expanded TB contact investigations.
- ✓ Maintained the PrEP program and expanded to include PEP for non-occupational exposure.
- ✓ Maintained the PrEP and PEP for non-occupational exposure programs throughout the department's COVID response efforts.
- ✓ Continued to provide Sexual Health clinics and STD investigations throughout the COVID-19 pandemic.
- ✓ Developed screening documents to support collection of data on Social Determinants of Health
- ✓ Updated electronic medical record system to enhance hepatitis C screening
- ✓ Assisted NYSDOH in collecting water samples at private wells to monitor emerging contaminants (PFAS compounds) as part of DOH environmental exposure investigation campaign.

Department Of Health (27)

- ✓ Maintained the environmental field response team that facilitates sampling, inspections and testing activities for COVID, Norovirus and Flu responses.
- ✓ Worked with Westchester County GIS Dept. to establish an interactive cooling tower mapping application to track compliance with New York State Cooling Tower Registry (CTR)
- ✓ Hosted the Annual Children's Camp Workshop via Webex for the third year in a row due to COVID restrictions. The webinar format has been successful with a higher attendance rate than when it was offered in person.
- ✓ Provided nearly 1,700 residents with Narcan, a lifesaving drug that can reverse the effects of an opioid overdose, through virtual Community Opioid Overdose group-training sessions, one-on-one trainings with individuals on the street/in homeless shelters, and through a partnership with the Westchester Syringe Exchange. WCDH also provided over 500 Narcan kits to municipal police departments for their use when responding to overdose calls.
- ✓ Provide nine County housing shelters each with Naloxboxes. Naloxboxes house Narcan kits, along with instructions for use, which expands community access to Narcan. Signage with a QR code that links to a short video clip on how to administer Narcan was also developed and will be posted near each Naloxbox.
- ✓ Completed the NYS 2021-2022 LHD Performance Incentive focused on documenting WCDH's experience in responding to the COVID-19 pandemic. The Incentive is voluntary and comprised of completing two surveys and developing a web posting/infographic that highlights WCDH's COVID response activities. WCDH will be awarded a minimum of \$26,000 for its participation.
- ✓ Working with the Office for Women and County Administration to develop a targeted educational campaign for women at high-risk of pre-eclampsia during pregnancy.
- ✓ Participated in a NYSDOH-Bureau of Early Intervention annual review to ensure compliance with federal indicators required by OSEP. Based on the review findings, Westchester County successfully met all indicators even during the pandemic.

- ✓ Successfully support Medicaid claiming and electronic Medicaid claiming processes

CORONAVIRUS RESPONSE ACTIVITIES:

- ✓ Awarded a \$3.76 million, two-year grant by the Department of Health and Human Services Office of Minority Health to reduce health disparities, improve vaccination rates and increase health literacy among residents most at risk of COVID-19. Collaborated with 8 community-based organizations, Mercy College, Pace University and Westchester Department of Corrections. Recruited 26 trusted messengers during Cohort 1 and hosted more than 180 health information sessions.
- ✓ Awarded a \$15 million ELC school reopening grant to support in-person instruction in K - 12 schools with resources to enable and expand school-based screening and testing. Provided weekly surveillance testing in 43 public school districts, 2 charter schools and 9 private schools during the 2021-2022 school year. Conducted more than 350,000 COVID tests and identified 6,106 cases of COVID-19 among students, teachers and staff.
- ✓ Awarded a \$8.65 million Public Health Corps Fellowship grant through NYSDOH to bolster the county's public health infrastructure and provide critical support to the Department of Health. Ten fellows are currently employed through the grant.
- ✓ Awarded a \$1.7 million, two-year COVID-19 Vaccine Response Grant to promote vaccine awareness and uptake particularly in communities of high social vulnerability. Strategies include media, community outreach and community mobilization. Grant funds supported a Get Boosted TV advertisement buy during March and April 2021.
- ✓ Developed a plan to purchase more than 4,000 portable air purifiers with HEPA filters for K-12 school districts. Air purifiers help prevent the spread of COVID-19, colds and flu and help mitigate the effects of asthma, allergies and other respiratory conditions in the classroom.

Department Of Health (27)

- ✓ Conducted COVID-19 vaccination through mass vaccination sites, WCDH clinic sites, pop-up community clinics, school vaccination clinics, and a homebound vaccination program. Since January 2021, we have administered more than 77,000 COVID-19 vaccines through these initiatives. Efforts included in service training and supervision for EMS who administered COVID vaccines to home bound persons throughout the county.
- ✓ Continued to assist with SARS-CoV-2 testing in select cases/ populations as needed, including schools and in communities. Distributed more than 30,000 home test kits to local colleges and university during the spring semester and more than 60,000 test kits to camps, schools and daycares during summer 2022.
- ✓ Collaborated with Quadrant Biosciences to operate a community COVID-19 testing site at Westchester County Center from December 2021 through May 2022. Conducted nearly 3500 tests and identified more than 700 cases of COVID-19.
- ✓ Collaborated with Siena College to conduct a Community Health Assessment (CHA) to determine the impact of COVID-19 on the health and well-being of Westchester County residents. Worked with 35 community organizations to gather responses from more than 1,000 residents in communities of high social vulnerability. CHA results will help inform our 2022-2024 Community Health Improvement Plan.
- ✓ Administered and encouraged WCDH employees to take the Trauma-Informed Climate Scale Survey (TICS-10) to gauge the pandemic's toll on staff's well-being and the culture of the department. The TICS-10 is an anonymous ten question survey that measures staff perceptions of the work environment and climate. The results of the survey, along with next steps, were outlined at a Staff Resilience and Wellness Day.
- ✓ Worked closely with water system operators to establish contingency plans for each water system monitoring so that water systems can continue to be in compliance with the State Sanitary Codes and monitoring requirements during Covid-19 quarantine protocols and restrictions.
- ✓ WCDH staff participated in numerous press conferences/interviews and briefings to educate the public about COVID-19 and the safety and efficacy of the vaccines, including over 100 virtual community outreach programs to educate Westchester residents about COVID prevention and COVID Vaccines.
- ✓ Expanded WCDH workforce to support COVID-19 activities.
- ✓ Supported a COVID-19 Data Dashboard, to inform residents about the coronavirus outbreak.
- ✓ Provided guidance to school officials regarding implication of COVID-19 positive cases.
- ✓ Continued to provide COVID-19 information and communicate with residents through our website and social media sites. Since the start of the pandemic, our followers on Facebook have increased ten-fold.
- ✓ Produced and disseminated education materials to promote COVID-19 vaccination, testing clinics, and treatment access.
- ✓ Developed Public Health Updates/Alerts on COVID-19 that were disseminated to the medical community on a regular basis since the beginning of the pandemic.
- ✓ Ensured the continuity of Health Insurance Access Program/ Navigator services to be delivered through telehealth in accordance with New York State of Health Marketplace guidance.
- ✓ Ensured the continuity of EI services delivered through telehealth in accordance with NYSDOH BEI guidance.
- ✓ Continued to provide WIC services via telephone and in person as needed. Appointment show rate has increased from an average of 86% in May 2021 to 91% in May 2022.
- ✓ Hosted virtual breastfeeding informational classes for WIC clients led by a Certified Lactation Counselor (CLC) twice a month for prenatal moms with an average attendance of six participants per class.
- ✓ Continued to provide TB medications and care, PreP services and administer medications to known STD cases. Routine weekly immunization clinics were also held in White Plains clinic.

Department Of Health (27)

- ✓ Continued to investigate and case manage priority reportable communicable diseases - including TB, meningitis, rabies exposures, suspected measles, mumps, HIV, and syphilis.

MONKEYPOX RESPONSE ACTIVITIES:

- ✓ Administered Monkeypox vaccinations to high-risk individuals at our White Plains Clinic and on-site at The Loft.
- ✓ Partnered and redistributed Monkeypox vaccine to providers serving populations at risk for the virus to administer vaccinations.
- ✓ Worked with hospitals, FQHCs, medical practices and urgent care centers to develop procedures for screening, reporting, testing, and obtaining approval for treatment and vaccines for exposed individuals.
- ✓ Arranged for our Sexual Health and PrEP/PEP patients at high risk for Monkeypox to be vaccinated at our White Plains clinic.
- ✓ Developed Public Health Updates/Alerts on monkeypox, disseminated to the medical community, and posted on the Physician's Page of our website.
- ✓ Developed and promoted, through social media platforms, a Monkeypox web page to inform residents about this virus and scheduling appointments for vaccinations at WCDH and community partner sites.

REVENUES:

- ✓ The Health Department collects departmental revenues from three major sources: clinical services, environmental health permits, and penalties. Clinical service revenues are generated by billing to Medicaid. Environmental permit fees are established by determining the cost of issuing the permits and the related costs for inspection and enforcement. Services to Children with Special Needs revenues are generated by claiming preschool Medicaid, initial service coordination activities, flow through funds and State Aid. Funds are also received from local districts for departmental administrative costs.

- ✓ State Aid reimbursement is based on a percentage of the total eligible expenditures determined by the State Health Department, the State Education Department, the State Department of Social Services, and the State Legislature and has varied in recent years.
- ✓ Grants -The Health Department receives grant funding for close to twenty programs from various outside government agencies including the New York State Department of Health and the New York City Department of Environmental Protection. These funds support and enhance the Department's various public health activities including nutrition, emergency preparedness, children with special needs, drinking water protection, lead poisoning prevention services, Ryan White HIV/AIDS Treatment services, Tuberculosis control, and adolescent tobacco use and prevention.

Labs and Research (31)

The Department of Laboratories and Research is New York State government's agent for the implementation and management of New York State's Program for Public Health. In order to be eligible for full State aid, counties are required to maintain a maintenance of effort for public health programs and services. The Department is required to operate under the following New York State Laws and State Codes, Rules and Regulations:

Programs and Services

Medical Examiner

Public Health Laboratories

Microbiology/Virology/Environmental Health

State Law or Regulations

NYS Consolidated Laws, Article 8 Section 400 & Section 670.

NYS Consolidated Laws, (Public Health) Section 520;

Section 2200 & 2300.

PROGRAM AREA AND SERVICES:

PUBLIC HEALTH & SAFETY

- ✓ Medical Examiner
 - ◆ Determine cause and manner of death in sudden, suspicious and apparent violent cases.
 - ◆ Extend help to grieving families in time of intense grief.
 - ◆ Partnership with other divisions to provide accurate and actionable results and answers to public health or criminal justice questions.
- ✓ Division of Forensic Sciences (DFS)
 - ◆ Perform crime lab analysis such as DNA, drugs, gunshot residue, arson, trace evidence and audio/video.
 - ◆ Training of law enforcement on various aspects of evidence recognition, collection and preservation.
 - ◆ Provide expert witness testimony upon request by prosecution or defense on cases processed.
 - ◆ Provide education to county entities (Public Safety, Criminal Justice, schools) on Forensic topics
- ✓ Forensic Toxicology
 - ◆ Analyze biological samples from autopsies, DWI/DWAI and DFSA specimens for alcohol, drugs and medications.
 - ◆ Toxicology supports the Breath Alcohol Instruments and testifies in court.
- ✓ Environmental Laboratories
 - ◆ Analyze drinking water, waste water, soil, and hazardous materials for harmful chemicals and microorganisms, and for regulatory compliances.
 - ◆ Assisting the public for the analysis of lead in drinking water.

- ✓ Microbiology/Virology/Immunology/Biodefense Laboratories
 - ◆ Identify bacteria, viruses and parasites of public health concern in clinical and environmental samples.
 - ◆ Maintain the Laboratory Response Network Level B Biodefense Laboratory as a national security asset to identify agents of Bioterrorism.

DEPARTMENT INITIATIVES:

NEW

- ✓ Implement testing for non-Variola Orthopox PCR utilizing the CDC LRN method to address the Monkeypox Public Health Emergency
- ✓ Implement molecular testing for Herpes Simplex Virus 1&2 and Varicella Zoster Virus (Chickenpox). This will drastically reduce turn-around time for patients testing and complement Monkeypox PCR testing.
- ✓ Streamline vendor instrumentation troubleshooting for clinical bacterial culture and sensitivity testing instruments via remote vendor support.
- ✓ Validation of new instrumentation to streamline DNA extraction lab quantification, amplification and analysis.
- ✓ Validation of upgraded software to enhance interpretation of complex DNA mixture results.
- ✓ Train new analysts in the Chemistry and Trace analysis sections in additional techniques to fill knowledge gaps and ensure cases can be analyzed and reviewed in a timely fashion.
- ✓ Validation of new instrumentation and method to detect Mercury in wastewater at part-per-trillion levels
- ✓ Joined NYS Wastewater Community of Practice Forum with the aim to identify direction and progress of laboratory method development in regarding epidemiological wastewater surveillance.
- ✓ In the process of upgrading the Laboratory Information System in the Environmental Lab to a more secure and supported database.

Labs and Research (31)

ON-GOING

- ✓ With the influx of synthetic opioids, validation of a new instrumental technique, Gas Chromatography-Vacuum Ultraviolet Spectrometer-Mass Spectrometer (GCMS-VUV) is occurring, which will allow us to differentiate between the various analogs of Fentanyl.
- ✓ Validation in progress is a new Scanning Electron Microscope with Energy Dispersive Spectrometer (SEM/EDS) instrument for the analysis of gunshot residue.
- ✓ The Forensic Division as a member of the Heroin Overdose Task Force provides analysis on overdose cases and information to the DA Intel Center.
- ✓ The Forensic Division working with NYS Investigative Genetic Genealogy (IGG) working groups supports the attempt to identify individuals such as missing persons using advance techniques.
- ✓ Perform pesticide residue analysis for NYC DOHMH Office of Vector Surveillance & Control. Pyrethrins and Pyrethroids pesticides are applied in lakes and ponds for mosquito control.
- ✓ Assist local schools in advocating for STEM disciplines by maintaining an easily accessible internship program for high school and college students by attending career days in all levels of education.
- ✓ Continue to expand Forensic DNA science applications through research and new methodologies in lab automation.
- ✓ Continue to perform real-time PCR test for the automated detection and differentiation of genomic DNA from Chlamydia trachomatis (CT) and/or Neisseria gonorrhoeae (NG) to aid in the diagnosis of chlamydial and gonorrheal disease in the urogenital tract and extragenital sites (pharynx and rectum).
- ✓ Division of Microbiological services continues to work with Westchester County Department of Health to ensure each department's needs are being met.
- ✓ Continue to support and maintain a bi-directional computer interface between microbiological services laboratory information system and County health department.
- ✓ Update current testing methodologies for agents of bioterrorism as required by revisions of National Laboratory Response Network protocols.
- ✓ Continue to provide COVID-19/Flu A&B/RSV PCR testing for the Medical Examiner and to respond to any clustered outbreaks that occur.
- ✓ Video and audio image analysis of surveillance tapes and other associated forensic evidence.
- ✓ Toxicology will continue to institute drug analyses using new LC/MS/MS technology.
- ✓ Toxicology is transitioning to ISO17025 accreditation.
- ✓ Toxicology is adding "dilute and shoot" methods for the confirmation of drugs in urine for the DWI cases. This will decrease turnaround times as well as cost when compared to the traditional solid-phase column extraction methods.
- ✓ Toxicology is in the midst of an opioid/opiate and Fentanyl crisis. The lab continues to report heroin, Fentanyl and oxycodone in DWAI and Medical Examiner casework. Fentanyl, the abused Fentanyl analogues, new opioid drugs and new designer drugs continue to be detected in Medical Examiner and DWI/DWAI casework.
- ✓ Toxicology trains ADAs on breath instruments, the effects of alcohol and other drugs in preparation for court testimony.
- ✓ Providing web based access to the Forensic LIMS that allows law enforcement agencies to track case status and receive reports electronically.
- ✓ Training the legal community in various topics in the area of forensic science.
- ✓ Moving toward a more paperless, more electronic way of storing instrument output.
- ✓ In response to the 2020 New York State Law regarding discovery and bail, the Forensic Division now electronically generates and sends discovery material through an electronic portal to the DA's Office thus reducing time and cost of retrieving, copying and mailing thousands of documents.

Labs and Research (31)

- ✓ Medical Examiner's Office maintains their role as a key player, presenter, consultants and supporters of county-wide sate mandated or initiated programs including the Child Fatality Review Team and Suicide Review Team.

DEPARTMENT ACCOMPLISHMENTS:

NEW

- ✓ Maintained accreditation with National and State accrediting bodies.
- ✓ Hosted high school interns and college interns in all divisions of the department.
- ✓ Renewed state and federal grant funding to support the Forensic division, with specific focus on opioid/fentanyl testing and DNA analysis.
- ✓ Forensic, Environmental, Toxicology and Microbiology staff visited local county high schools to give career opportunity presentations.
- ✓ In continued compliance with accreditation requirements a new wireless temperature and humidity monitoring system was installed in the Forensic division. This system gives real-time information of equipment but can aid in assessing trends for troubleshooting of analytical issues.
- ✓ Received a supplemental LRN Emergency Laboratory Response grant to purchase two new Biosafety Cabinets for the Biodefense Laboratory.
- ✓ Renewal of LRN Biodefense Laboratory grant.

ON-GOING

- ✓ Identified new cases of active tuberculosis, STDs and communicable diseases.
- ✓ Operation of Biodefense Lab as part of National Laboratory Response Network.
- ✓ Collaborate with CDC for identifying newer strains of influenza viruses and other emerging pathogens.
- ✓ Provide surveillance testing for Chlamydia and Gonorrhea via NYS grant and other STD testing as required.

- ✓ Provide diagnostic lab testing to identify causative biological agents associated with foodborne illness communicable outbreaks and occurrences of vaccine preventable diseases.
- ✓ Maintain and optimize the use of wireless data loggers for refrigerators, freezers and incubators in Microbiological and Environmental services to provide continuous temperature monitoring and real time electronic notification of temperature excursions outside of acceptable ranges.
- ✓ Provide WCDOH with analytical support for detailed pediatric lead exposure assessments. This requires monitoring the child's environment for lead in paint, carpets, furnishings, toys, food, and removable dusts (wipes).
- ✓ Provide regulatory compliance monitoring to local water companies for disinfectants and disinfection byproducts, microbiological contaminants and inorganic and organic chemicals.
- ✓ Participating in the New York State Free Lead Testing Pilot Program to assist homeowners in determining the level of lead in their drinking water.
- ✓ Maintain mobile crime scene investigation laboratory to aid gathering and processing of evidence.
- ✓ TOF (Time of Flight) LC/MS is screening for many drugs in all toxicology cases. New drugs are constantly being added to the library.
- ✓ Working with Westchester Departments of Health and Emergency Services in order to provide radiological and laboratory testing assistance in the event of a local emergency.
- ✓ Operation of CODIS database for searching forensic DNA profiles locally, state-wide and nationally.
- ✓ Remote logging in of forensic evidence by external law enforcement agencies through our new LIMS. Software enhancements to allow better communication between lab and user agencies and the DA's office.
- ✓ Software enhancements to allow better communication between the lab, user agencies and the Westchester County DA's office.

Labs and Research (31)

- ✓ Training course provided to local police departments in various Forensic topics.
- ✓ Providing electronic forensic reports to user agencies reducing paper, printing and mailing costs.
- ✓ Providing video analysis of surveillance films to law enforcement to aid in their investigations.
- ✓ Training in DNA and evidence awareness in sexual assault type cases to Sexual Assault Nurse Examiners/Sexual Assault Forensic Examiners (SANE/SAFE).

REVENUES:

- ✓ Departmental Revenues - The Department develops a per test fee schedule that is updated annually.
- ✓ State Aid - Public Health costs are partially reimbursed by New York State as a percentage of costs net of revenue.
- ✓ Grants
 - ◆ State and Federal funds to assist with Forensic Science and DNA testing.
 - ◆ State Grant to assist the operation of the Biodefense Lab for select agents, and new and emerging pathogens.
 - ◆ State Grant for surveillance testing of Chlamydia and Gonorrhea.
 - ◆ State Grants to assist with Forensic Toxicology accreditation, equipment, supplies and service contracts.
 - ◆ State Grants from Governor Traffic Safety for DWI/DWAI caseload.
 - ◆ Milk Bank revenue generated for testing of human donor milk for premature infants.
 - ◆ Department of Corrections Health Services revenue generated for STD testing.
 - ◆ TB revenue generated for TB testing for Rockland County.

Department Of Correction (35)

- ✓ St. Johns Riverside Hospital - Programs have reviewed and updated current forms and charting format to reflect best practices.
- ✓ St. John's Riverside Hospital - Solutions Program has updated its program screening form to include the DAST-10 substance use disorder measurement tool.
- ✓ St. John's Riverside Hospital Substance Abuse Treatment - Solutions began implementation of CBI-S and are monitoring fidelity.
- ✓ St. John's Riverside Hospital - RSVP staff are currently attending the Manalive training via zoom.
- ✓ The department has expanded its education tablet capacity to continue to support and maintain high school education and workforce development. The department will be working with nonprofit providers to deliver adult basic education through preparation for the TASC exam. Two cohorts of students on a rolling admission basis, not to exceed 25 students per cohort at any one time, will be participating. One cohort will receive self-study education material and tutoring support exclusively via the tablet and the other cohort will participate in a blended model of live classroom instruction further supported by homework and study assignments delivered via tablet. An 18 month comparative analysis will be conducted to determine which model is best suited for future use. In addition to education, the tablets will utilize a workforce development platform, "National Corrections Works" which will aid in career exploration, resume writing and career coursework tied with a live job search. This platform is designed to assist the user in finding their passion and available careers in their area after release with the ability to apply for a position pre-release.
- ✓ The department took an existing mental health housing unit and has modified it to enhance security for staff and provide a more therapeutic setting for residents. The restructured Acute Mental Health Unit (A.M.H.U.) is designed to house Westchester County Department of Correction patients suffering from significant psychiatric impairment who require intensive evaluation and treatment within a specialized mental health setting. The purpose of the A.M.H.U. is to help patients achieve their highest level of functioning by offering a range of individual and group psychotherapeutic interventions within an interdisciplinary treatment team model. The goal is to provide acute psychiatric stabilization through multifaceted clinical approaches in order for patients to sustain emotional and behavioral improvement.
- ✓ Continued application of multiple COVID-19 protocols to prevent, detect and respond to any suspected cases. WCDoc will also maintain regular contact with the Department of Health, SCOC and other relevant agencies to ensure compliance with any COVID-19 related updates and changes.
- ✓ Continued full compliance with Federal Prison Rape Elimination Act by outside federal auditors (first and still only jail in New York State). Preparing for 2020 recertification.
- ✓ Expansion of scope of review of Incident Review Board regarding serious incidents and response protocols.
- ✓ Continued use of de-escalation protocols to minimize uses of force with such efforts as videotaping on handheld cameras.
- ✓ Maintenance of dual national accreditation from the American Correctional Association and National Commission on Correctional Healthcare (only large jail in New York State with this distinction).
- ✓ Maintenance of relationships with local medical care providers (Westchester Medical Center, Montefiore Mount Vernon, Montefiore New Rochelle Hospitals and several community based clinics and specialists).
- ✓ Maintenance of relationships with local service providers: Family Services of Westchester, Department of Social Services, One Stop Employment Centers, Department of Community Mental Health and the District Attorney's Re-Entry Task Force.

Department Of Correction (35)

- ✓ Continued use of electronic medical records and electronic medication administration records through medical vendor.
- ✓ Linking WCDOD Computer Booking System to the statewide Crime Victim Hotline. (Crime victims can call a toll free hotline to obtain information about whether or not their assailant is in our County jail or has been released back into the community. This service is especially important to victims of domestic violence).
- ✓ Continued coordination with city police departments for successful reentry of inmates to home communities.
- ✓ Continued use of remote credit card and internet bail allowing bail to be posted nationally over the Internet.
- ✓ Continued ability for family members and friends to make deposits to inmates' accounts remotely via credit or debit card.
- ✓ Maintenance of 21+ on site medical specialty clinics, including OB-GYN, optometry, dental services, x-ray and physical therapy, and expansion of tele-medicine and tele-psych capabilities.
- ✓ Continued recoupment of Medicaid for off site hospitalization through medical vendor and off site hospitals.
- ✓ Continued defense and indemnification of inmate medical claims provided by inmate healthcare provider.
- ✓ Ongoing upgrades to facility CCTV and security system integration throughout the facility through capital projects.
- ✓ Collaborated with NYS Office of Probation and Correction Alternatives and WCDCMH on "Justice/Mental Health" Intercept Initiative.
- ✓ Streamlined Medicaid enrollment efforts with WCDSS in response to Affordable Care Act's expansion of Medicaid coverage to inmates.
- ✓ Internal Quality Control self-assessments.
- ✓ Continuation of Daily Medical and Mental Health rounds of prisoners on administrative segregation and detoxification.

District Attorney (37)

PROGRAM AREA AND SERVICES:

The goals of the District Attorney's Office are to provide the fair, effective, and efficient investigation and prosecution of criminal offenses committed in Westchester County to keep our communities safe, while also working in collaboration with other government and community partners to prevent the over-utilization of incarceration in the criminal justice system and seek ways to proactively prevent crime and recidivism. The District Attorney has continued the process of adjusting the organizational structure of the office to provide for more efficient, effective and fair prosecutions, and to better serve victims. In addition we have worked within the existing County budget framework to staff our new initiatives aimed at combatting gun violence and ghost gun proliferation ensuring conviction integrity, and expanding alternatives to incarceration and mental health treatment.

Appeals and Special Litigation Division

- ✓ The Appeals and Special Litigation Division responds to legal challenges to criminal charges or convictions. These include direct appeals of convictions, challenges to the admissibility of evidence, federal writs of habeas corpus, extraditions and other matters. This Division previously included a dedicated motions bureau, which was staffed by new Assistant District Attorneys (ADAs) who drafted legal motions for cases in all other divisions of the office. The District Attorney eliminated the Motions Bureau in order to allow new ADAs to move expeditiously into the local branches, which have a large and steady case load, and also to allow the local court supervisors to provide ADAs with comprehensive on-the-job training, thereby allowing new ADAs the opportunity to handle their own cases sooner. Attendant with the elimination of the Motions Bureau is the requirement that ADAs draft their own motions and motion responses, resulting in more well-rounded attorneys that have an increased connection and understanding of the legal issues that may impact their cases. The change also had the effect of allowing more senior ADAs to progress from the local court branches to county superior court to conduct felony proceedings more quickly. Lastly, this change helped create a more vertical model of prosecution for the Westchester County District Attorney's Office (WCDAO) in which each prosecutor has ownership of and responsibility for their cases from beginning to end.

- ✓ In January 2022, the District Attorney created the Discovery Bureau. This Bureau-staffed by a combination of lawyers and paralegals and supervised by a senior prosecutor-is exclusively devoted to fulfilling office-wide compliance with the new discovery law in all pending prosecutions. The discovery law was implemented in January 2020, but the effects were not fully felt until the restrictions caused by the pandemic were lifted. While necessary, the burden of complying with the law's strict time limits has made the job of an ADA far more clerical in nature and is cited by prosecutors throughout the state as one of the main forces driving mass-resignations from District Attorneys' Offices State-wide. One way we hope to bring some relief to our ADAs is by pooling prosecutorial resources into a single bureau, whose expertise and exclusive function is discovery compliance; we are working towards achieving effective and efficient compliance with the law as well as uniformity in decision-making in this area throughout the Office. As we continue to expand this Bureau's discovery compliance function to the entire office, we will continue to evaluate its staffing needs, and we hope to be awarded a grant from the Department of Justice, allowing us to fund additional paralegals. The new Bureau is housed in the Appeals Division because the pre-trial legal and factual issues handled by the Bureau impact all other prosecutorial divisions.

Trials and Investigations Division

- ✓ The previously separate Trials Division and Investigations Division were combined by the District Attorney to a single, larger Trials and Investigation Division (T&I Division) in order to more accurately reflect the work being done by the WCDAO prosecutors, make better use of the Office's limited resources, and to further her goal of adopting a vertical model of prosecution, which will increase prosecutor accountability. The T&I Division handles both proactive investigations and reactive prosecutions via Indictment or Superior Court Information. The Division employs a wide variety of investigative tools including the latest technology, experienced investigative resources, and a core group of experienced prosecutors to handle felony matters throughout the County. Cases are resolved via trial or by a plea of guilty in the Superior Courts of Westchester County. The Division is comprised of the following Bureaus: Economic Crimes, Cybercrimes, Homicide, Major Case, Pleadings and Diversion, Vehicular Crimes, and Violent Criminal Enterprise,

District Attorney (37)

and within those Bureaus, there are also the following specialized areas: Animal Cruelty, Arson, Auto Crimes, Crimes Against Revenue Prosecution, Environmental Crimes, Felony Diversion Courts, Hate Crimes, Identity Theft, Narcotics, Economic Elder Fraud, Labor Fraud and Wage Theft, and Violation of Probation. The Division also houses the Public Integrity and Law Enforcement Integrity Bureau, which was created by the DA to investigate and prosecute matters involving public corruption and law enforcement integrity, such as allegations of excessive force. The Bureau is supervised by two deputy bureau chiefs who report directly to the District Attorney.

Criminal Courts and Training Division

- ✓ This Division is comprised of the Local Criminal Court Branches and the Felony General Crimes Bureau. The Local Criminal Courts includes eight branch offices, which are responsible for the prosecution of all misdemeanor and violation offenses, and which support the initial stages of felony prosecutions in the 40 city, town and village criminal courts located in Westchester County. These branch offices are located in Greenburgh, Mount Kisco, Mount Vernon, New Rochelle, Rye, White Plains, Yonkers and Yorktown. The Division also houses the new misdemeanor diversion program, Fresh Start, which diverts first-time, low level offenders from the criminal justice system, to alternative programs to comprehensively address their conduct. Fresh Start was launched at the end of 2021, and is now a county-wide program. The Division is responsible for training new ADAs with an approximately six-week long classroom and observational training program in both technical skills and ethical obligations. The Division also works with the Appeals and Special Litigation Division on the continuing legal education program for all ADAs and the Westchester Police Academy to provide instruction on a broad range of topics. In the coming year, this Division will work to eliminate the practice in some jurisdictions of police drafting criminal complaints without input from prosecutors - a practice not in line with other modern criminal justice systems.
- ✓ Last fall, the DA established the Felony General Crimes Bureau. This new Bureau replaced the former Grand Jury Bureau as part of the effort to handle more prosecutions vertically. The Bureau handles lower-level felony investigations and prosecutions and is staffed by the Office's ADAs who have finished their rotation through the local

court branch offices. The Federal General Crimes Bureau oversees a wide variety of cases and ADAs in the FGCB vertically prosecute the cases from inception to indictment and handle any motion practice, hearings and trials.

Special Prosecutions Division

- ✓ The Special Prosecution Division (SPD) investigates and prosecutes all cases of domestic violence, child and elder abuse, human trafficking, and sex crimes. This includes cases of sexual assault of a victim who is a child, intimate partner or relative of the defendant, and adult-stranger sexual assaults. The Division is comprised of the Domestic Violence Bureau, the Child and Elder Abuse Bureau, the Sex Crimes Bureau, and the Victim's Justice Center. The SPD ADAs work hand in hand with a team of domestic violence aides who assist prosecutors in supporting and guiding victims. Last year, the District Attorney reintegrated the Sex Crimes Unit, which handles adult stranger sex crimes, into the SPD to ensure that all victims of sex crimes have full access to the SPD's special resources and victim-centered, trauma-informed approach.
- ✓ In 2022, the DA established the Misdemeanor Domestic Violence Bureau. The Bureau is supervised by a Bureau Chief and Deputy Bureau Chief who also oversee felony DV work. The Bureau is staffed by more junior ADAs who are exposed to the important work of handling these important cases, and the goal is to have a dedicated misdemeanor domestic violence ADA responsible for each local court branch. We have not yet been able to see the full impact of the Bureau because we have lost staff due to salary competition from other offices and have not fully been able to replace the staff lost with new hires

Criminal Investigators

- ✓ The WCDAO employs 34 sworn criminal investigators with an average of 20-years law enforcement experience. The primary mission of the criminal investigators is to provide proactive and reactive support to the prosecutors and over 40 local police departments in the investigation and prosecution of crimes committed in Westchester County. The Criminal Investigators squad addresses over 200 complaints a year submitted by the public to the

District Attorney (37)

WCDAO through USPS, email, or the dedicated tip line. In addition to traditional investigative activities such as witness interviews, surveillance, undercover operations, and the execution of arrest and search warrants, the Criminal Investigators squad consists of various specialized units that generally are not available in most local police departments. Those specialized units include the High-Tech Crime Unit, Narcotics Unit, Economic Crimes Unit, Auto Theft Unit, Violent Criminal Enterprise Unit, Trials and Special Prosecution Unit, and Public Integrity and Law Enforcement Integrity Unit. The Criminal Investigators Squad is also responsible for the operation of the Crimes Strategies Center ((CSC) the former Westchester Intelligence Center (WIC)), which provides criminal intelligence, crime analysis and support services to the various federal, state and local law enforcement agencies in Westchester and the New York City metropolitan area. DA Rocah recruited an extremely experienced and skilled former Westchester-based supervisor from the FBI as Chief Investigator. Under his leadership, there is an increased focus on utilizing the investigators of the office to carry out investigative duties which ADAs were too often doing themselves; on working with our law enforcement partners collaboratively, including at the County Police Real Time Crime Center, and in task forces focused on violent crime and overdoses; and on rigorous oversight of confidential informants and ethical guidelines. We are also currently working on ways to better utilize the resources of the CSC under the supervision of our Chief and Deputy Chief Investigators as a resource for law enforcement across the county. In addition, the Criminal Investigators help investigate and handle threats made against judges in our jurisdiction, which have increased in frequency. Finally, we are reevaluating how the WCDAO handles re-location of witnesses and victims whose safety and security is impacted by their participation in the criminal justice process. Under the Investigators' supervision, and in conjunction with the Administrative Division, we are looking to make the process more cost-effective, including with the possibility of hiring a dedicated employee to handle victim and witness travel and relocation.

Administration Division

- ✓ The Administration Division facilitates financial reporting, budgeting and forecasting, payroll, personnel, purchasing and procurement, accounts payable, grant administration, information technology,

contract administration, record center operations, training and travel requests, and victim witness assistance. During the COVID 19 pandemic, the Administration Division worked to support remote work capabilities by expanding the virtual network and procuring computers, PPE and other equipment to ensure the work of the DA's Office continued uninterrupted while helping to keep employees safe.

DEPARTMENT INITIATIVES:

In order to accomplish her goals, for the WCDAO, The District Attorney has instituted several new initiatives including the following:

NEW AND ONGOING INITIATIVES AND ACCOMPLISHMENTS:

In order to accomplish her goals for the WCDAO and proactively confront gun violence, the District Attorney established several new initiatives and continued the important work of previously created initiatives, including the following:

Combatting Gun Violence

Prosecutions:

- ✓ In the face of rising gun violence in other parts of the state, high profile mass shootings around the country, and the proliferation of illegal firearms including ghost guns, DA Rocah strengthened the Office's priority of removing illegal guns from our streets and prosecuting gun traffickers and people who use firearms in crimes of violence. The Office will continue to focus on prosecuting gun crimes through proactive investigations with law enforcement partners. A recent example includes the recent multi-agency investigation that shut down a group of inter-state ghost gun traffickers from Washington, DC to Westchester where four individuals were arrested and 31 ghost guns were seized. This followed a county-wide operation and prosecution where more than 100 ghost guns were seized

Gun and Gang Initiative:

- ✓ The Gun and Gang Initiative began last summer in which the WCDAO with community partners and local, state and federal law

District Attorney (37)

enforcement agencies use a precision police and prosecution model to combat gun crimes and gang violence focusing on repeat violent offenders who commit the majority of violent crimes. Following the creation of the initiative, we indicted 13 members of the notorious 300 Bloodhound Brims street gang for a violent gang assault, and have collaborated with law enforcement on several other investigations and prosecutions.

ERPOS, Outreach and Education:

- ✓ Mass shootings around the country have heightened the nationwide focus on identifying solutions to rising gun violence. Red flag laws are a critical tool in preventing mass shootings as well as suicide deaths by firearm. New York has expanded the scope of its red flag laws, mandating that police officers and district attorneys apply for an Extreme Risk Protection Order (ERPO) when there is probable cause that someone poses a danger to themselves or others. This has resulted in an increase in ERPO applications and a greater need for training on how to file these petitions for law enforcement and community members alike. As of July 2022, Westchester County had the 6th highest number of ERPO petitions filed of counties across the state. Westchester County has responded by assigning at least one judge to specifically handle those applications. The WCDAO is also looking to establish a dedicated ADA position that will be responsible for the Office's handling of ERPO petitions in direct response to the increase in ERPO petitions being filed. The WCDAO has also expanded its training for various groups on New York State's Red Flag Law, including hosting a virtual community forum in June 2022 dedicated to increasing awareness about this important law and how it can be effectively used to save lives. The WCDAO will also work to reduce gun violence in the community by conducting gun buybacks like the one co-hosted with the Attorney General's Office last fall and by increasing public awareness about safe storage laws. In doing so, the Office will continue to partner with community groups such as SNUG and Moms Demand Action. Together with Moms Demand Action, the DA's office is working with local schools to provide free resources for families to learn more about the secure storage of firearms through the Be SMART program. The DA's office rolled out this Safe Storage Initiative last year, sending home information with every school-aged child about NY's safe storage laws, proper firearm

storage procedures, and providing access to the Be SMART program. We will continue this work in the coming year.

Conviction Review Unit:

- ✓ The District Attorney deemed confidence in criminal convictions a core tenet of the WCDAO. Accordingly, the DA established the first independent conviction review unit in the WCDAO (CRU). The CRU examines credible, investigable claims of actual innocence and wrongful convictions and presents findings and recommendations directly to the District Attorney. The CRU will strive to conduct thorough case reviews and, where an evidence-based review leads the DA to lose confidence in the integrity of the conviction, to seek appropriate remedies. CRU is staffed by attorneys hired from outside the WCDAO - vitally important in this area - with extensive experience in reinvestigation and exoneration work. CRU also advises the Executive Team on systemic approaches to prevent any wrongful convictions going forward. CRU has received more than 80 requests for review. They have reviewed approximately 50 matters for possible investigation and are currently working on approximately 20 investigations. In 2022, we were pleased to be selected to host a Summer Fellow from Fair and Just Prosecution, who worked with CRU, as well as on other matters.

Cold Case Bureau:

- ✓ Recognizing the growing problem of unsolved violent crimes, the District Attorney established the first Cold Case Bureau (CCB). The CCB investigates unsolved homicides and other violent crimes that were committed more than five years ago, are no longer being actively investigated by law enforcement, and have the potential to be solved through newly acquired information or advanced technologies, particularly DNA and other scientific means, to analyze evidence. The CCB works to unify county resources and subject matter experts into a multidisciplinary team to methodically review and investigate violent crime cold cases with the goal of holding offenders accountable and bringing justice to victims and their families. Following the establishment of the Office's Cold Case Bureau, we were able to successfully identify "Jane Doe Mount Vernon," who was found dead more than 30 years ago, bringing closure to her family. Last fall, we announced the indictment of Robert Durst, 40 years after Kathleen Durst's death, followed by a

District Attorney (37)

detailed report into the investigation of her murder to help law enforcement learn from the delay. This spring, we announced murder charges for two suspects in the 2012 Yonkers murder of a 26-year-old woman. Currently the Bureau is reviewing more than 100 cases. We have also submitted a grant request to the Department of Justice to provide funding for an additional ADA to focus on investigating and prosecuting cold cases.

Multilingual Complaint Lines and Access to Interpreters:

- ✓ The District Attorney established a multilingual hotline, 914-995-TIPS (914-995-8477), for the public to report hate crimes, bias incidents, victimization of immigrants, elder abuse, wage theft and other labor-related violations, law enforcement misconduct, public corruption, and other potential criminal matters. The hotline is available 24 hours a day, every day of the year. Callers can choose English, Spanish, Mandarin, Haitian Creole or Korean and use an automated menu to specify the area of their complaints. They are then directed to voicemail boxes to leave information. Experienced investigators and coordinators have been designated for each hotline area. The coordinators are automatically notified whenever a voicemail message is received and a member of the DA's investigative team follows up on all tips and complaints received. The hotline has been actively used by the community and we are pleased that the community has an opportunity to refer matters directly to our office.

Labor Fraud/Wage Theft Coordinator:

- ✓ The District Attorney appointed a Labor Fraud and Wage Theft Coordinator to bring focus on how to bring criminal prosecutions against law-breaking employers. These prosecutions address a range of employer-committed crimes: wage theft, evasion of unemployment and workers' compensation laws, labor trafficking, egregious workplace safety violations, tax violations and more. Since the appointment of this coordinator, the Office has opened several investigations into labor fraud and wage theft in our County.

Combating Hate in Westchester:

- ✓ With the appointment of a new Hate and Bias Crime Coordinator, herself an immigrant to this country, and under the District Attorney's leadership, the Office has been at the forefront of speaking out

against and proactively working on combating hate and bias in all its forms in Westchester. We put out several joint statements with law enforcement across the county denouncing hate and bias incidents when they occurred, established the hotline described above, launched with the County Executive's Office #SpeakUpWestchester to encourage reporting, and have been proactive in reaching out and speaking to community groups frequently. We have also focused with our law enforcement partners on increasing law enforcement reporting of hate and bias crimes and incidents to allow for better tracking and prevention. This focus has led to the creation, with the collaboration of the Westchester Department of Public Safety and the County IT Team, of the Law Enforcement Hate and Bias Portal. The portal will eventually be adapted for other law enforcement focuses to help police departments across the County better share information and allow the DA's Office to more efficiently prosecute cross border offenses. Since the appointment of the Hate and Bias Crimes Coordinator, the Office has investigated approximately 175 allegations of hate or bias incidents in our community.

The Immigration Affairs Coordinator and the Immigration Committee

- ✓ The Office established and hired an experienced attorney as the Immigration Affairs Coordinator to administer a new Immigration Committee to handle requests to consider potential immigration consequences of matters investigated and prosecuted by the Office. The Immigration Affairs Coordinator also advises and provides training to Office personnel on immigration and collateral consequences of criminal convictions, and when appropriate, assists in crafting plea offers that will not adversely impact a defendant's immigration status or have adverse collateral consequences such as access to housing, jobs, or a professional license, and much more. Since being hired, the Coordinator has reviewed approximately 250 cases for possible immigration or collateral consequences, and for potential consideration by the larger Immigration Committee.
- ✓ The Immigration Affairs Coordinator also conducts education and outreach to members of the immigrant community in Westchester on potential scams that target immigrants and tips to avoid victimization. Too often, immigrants fall victim to theft, fraud, and other acts at the hands of criminals. These individuals target those seeking residency, citizenship, or legal services and offer assistance in exchange for

District Attorney (37)

large sums of money or personal identifying information, sometimes without providing promised services at all. Undocumented immigrants who may fear cooperation with law enforcement due to their immigration status are particularly vulnerable to exploitation. Additionally, the Immigration Affairs Coordinator manages an Immigrant Affairs hotline where victims can safely and anonymously report crimes.

Fresh Start and Other Diversion Initiatives:

- ✓ Recognizing that some violent crimes can be prevented by early intervention for low level non-violent crimes, and recognizing that people of color are disproportionately impacted by traditional prosecution methods, the WCDAO is moving toward expanding alternative programs for many lower-level offenses. To that end, the WCDAO is working on several diversion initiatives. Project Fresh Start is a prosecutor-led, pre-arraignment diversion program where participants accused of certain misdemeanors and violations who choose to participate in a proportionate social services session will avoid traditional prosecution and will receive a declination of their criminal charges. Fresh Start launched in several locations, including White Plains and Greenburgh, in the fall of 2021, before expanding countywide in June 2022. The District Attorney understands that the criminal justice system can play a critical role in addressing behavioral health problems, such as substance use disorders and mental illness, which affect many offenders including veterans. In that regard, the WCDAO is seeking to expand and improve the use of Westchester County's problem-solving courts with the goal of increasing enrollment and participation in these courts in an effort to provide needed social services to offenders as alternatives to incarceration, and in some cases, conviction. The goal of each of these programs is to increase public safety while reducing reliance on traditional retributive outcomes; to reduce the harms associated with such punishment; and to deliver, instead, a response that is perceived by participants as affirmatively fair, thereby building trust in the justice system. In this vein, in the fall of 2021, we partnered with the Office of Court Administration and various stakeholders, including DCMH, to work toward the creation and implementation of a countywide misdemeanor mental health court by the end of 2022 to ensure that individuals with mental health issues get the services and support they need regardless of the level of offense they may have

committed. The court will meet in White Plains City Court and it will function as a hub such that it can receive referrals from any court in the County.

Youth Court Expansion - Mount Vernon City Court Emerging Adult Justice Part:

- ✓ The District Attorney partnered with the Mount Vernon City Court, Youth Shelter of Westchester, and the Legal Aid Society to develop and implement the Mount Vernon Emerging Adult Justice Part. This initiative aims to provide meaningful opportunities and alternatives to conventional prosecution for the vulnerable and impressionable population of emerging adults in the city of Mount Vernon charged with non-violent offenses. Emerging Adults represent a distinct population of young people between 18 and 25 years of age who are becoming more independent and exploring various life possibilities, which at times intersects with the criminal justice system. The District Attorney recognizes the importance of reaching these young people early and connecting them to services, resources, and opportunities to curtail their involvement in criminal activity, deter re-offending, and provide an avenue for more positive experiences. This initiative identifies young people who: are between the ages of 18-25; have social service needs that can be provided in the community; are not in school; are unemployed or under-employed; and, are charged with misdemeanors, non-DWI vehicle and traffic offenses, violations, and certain non-violent felonies. Through the MV EAJP, participants are connected to services, resources, and opportunities through a collaborative effort involving public and private stakeholders to place them on the path to becoming productive members of society. Likewise, the Opportunity Youth Part in the New Rochelle City Court aims to achieve similar goals of providing a more effective and meaningful approach to criminal justice for emerging adults. By connecting young people to a spectrum of services and supports for mental health, substance use disorder, workforce development, and education, OYP endeavors to disrupt the trajectory of justice-involved youths' lives and set them on a path to success. In June 2022, we celebrated the first anniversary of the MVEAP. Our efforts in this area are being supported by the Vera Institute of Justice Motion for Justice initiative, which will fund and assist the office with data analysis, staff training, community engagement and policy expertise to address racial disparities in prosecutions.

District Attorney (37)

Providing Support to Veterans Transitioning to Civilian Life

- ✓ The Chief Administrative Judge of the Ninth Judicial District established a Veterans Treatment Track Program in Westchester County which is open to any criminal defendant who has served in the military of the United States. If appropriate, the case is transferred to the Veterans Track court and a veteran mentor is assigned to the defendant. The defendant is assessed and appropriate services are provided. The program recognizes that the behavior that resulted in criminal charges may be the result of a traumatic period in the military. The objective of the program is to provide the necessary services so the defendant can make a smooth transition to civilian life and avoid the stigma of a criminal conviction. Assistant District Attorneys assigned to our lo-cal branch offices are managing cases assigned to the Veterans Track in our local courts, and a designated prosecutor is assigned to the part in County Court. We have been working internally and with DCMH to make sure that we are using every available tool to identify veterans who come into contact with our courts and expand access for veterans where appropriate.

Drug Court Initiative

- ✓ The Office of the District Attorney has partnered with the Chief Administrative Judge of the Ninth Judicial District to create “hub” courts for the adjudication of appropriate cases where the defendants are suffering from substance use disorders. Designating City Courts as “hub courts” allows Village and Town Justices to transfer cases to a drug treatment court where defendants will receive substance use disorder treatment and supportive services to promote long term recovery. This encourages disposition of criminal cases that will reduce incarceration rates and allow offenders to get the help they need without the stigma of a criminal conviction.

Covid-19 Vaccination Fraud Task Force

- ✓ Recognizing the public health risk posed by individuals possessing and using fraudulent COVID-19 vaccination cards, the District Attorney formed a coalition of county prosecutors statewide to develop a public campaign to increase awareness about the dangers associated with COVID-19 vaccination card fraud. Two months later, after consulting with members of the task force, Governor Hochul

signed legislation enabling law enforcement to better protect our communities against the virus, and made it a crime to possess or sell fake COVID-19 vaccine cards including computer tampering related to vaccine provisions.

Implementing Criminal Justice and Law Enforcement Reform:

- ✓ While many of the new initiatives in this section fall under the umbrella of criminal justice reform, two in particular have had and will continue to have a dramatic impact on how criminal justice is instituted in Westchester. First, the District Attorney created the new position of Deputy Chief Investigator of Law Enforcement Relations, and appointed a former White Plains Police Sergeant, who was a co-lead of the Westchester/Rockland chapter of the Guardians Association, a national organization of black law enforcement advocating for police reform. The Deputy Chief advises the District Attorney and her staff on issues of police accountability and reform and the WCDAO works collaboratively with police departments on new trainings, enhancing community policing, implementing reforms and reducing excessive force complaints. In keeping with this focus on law enforcement accountability, DA Rocah asked a former federal judge to assist, pro bono, the WCDAO in a review of two previous police shootings in Westchester that led to the deaths of county residents Danroy Henry, Jr. and Kenneth Chamberlain, as well as the subsequent handling of these matters by the WCDAO. We are currently awaiting feedback from the outside pro-bono counsel based on their investigation. In addition, the DA and an experienced team of prosecutors and investigators personally review every complaint against law enforcement that comes to her office.
- ✓ The District Attorney is focused on the importance of data collection and analysis to fight crime, create safer communities, and identify racial and gender bias in the criminal justice system. To aid in that effort, the District Attorney appointed a Chief Data Officer. Now that we have substantially completed the roll out of the case management system created by the prior administration, we hope that the Chief Data Officer's work will focus on being able to mine that case management system in a way that will allow better access to data and information, which will facilitate the work of the DA's Office, improve public accountability, reduce racial and gender disparities in prosecutions, and generally help ensure that the criminal justice system treats everyone as equitably as possible. We hope that she

District Attorney (37)

will be able to work on creating reporting systems for measuring and monitoring outcomes; improving real-time access to records related to witness integrity; and designing data dashboards and tools for monitoring the origins and dispositions of complaints and referrals.

Hiring and Pro Bono Partnerships:

- ✓ The District Attorney hired a dedicated Director of Development who is focused on finding grants and outside funding to support the WCDAO's new and ongoing strategic initiatives. Our goal is that by securing grant and outside funding, the District Attorney will be able to provide additional money for re-sources and staff, beyond what the county provides, to support our work in many different areas. Last year, we were thrilled to apply for and receive a Department of Justice grant, which allowed us to fund a dedicated hate crimes and bias incident analyst. As discussed above, we are currently waiting to hear whether we have been selected for grants from the Department of Justice to support the Discovery and Cold Case Bureaus. Similarly, the District Attorney has sworn in several attorneys acting in a pro bono capacity as Special Assistant District Attorneys to work on discrete, special projects. By utilizing these pro bono attorneys, the WCDAO is not only able to save valuable office resources, but the attorneys are able to provide an independent assessment and review of their designated matters.

ONGOING INITIATIVES:

The critical work of the WCDAO continued this year, despite the challenges posed by the COVID-19 pandemic. The WCDAO responded quickly and capably to support remote work and virtual court proceedings and our investigations and prosecutions did not suffer despite tremendous disruption.

Enhanced Training Program for Our Prosecutors

- ✓ Offices across the country have been asked to intensify their in-house training of prosecutors as one measure to ensure ethical prosecutions and avoid wrongful convictions. Additionally, enhanced training instills confidence in our ADAs by providing them with a strong foundation and a better understanding of their essential role in our office and let them know that we want to support them and allow them to succeed as prosecutors. To achieve these ends, our

new junior ADAs will attend six weeks of initial training which will include: (1) an orientation familiarizing them with the work of our office and office structure through guest presenters representing each of the divisions and specialized units in our office; (2) a series of lectures and interactive skills workshops that cover topics including local criminal court practice, drafting accusatory instruments, plea parameters and sentencing, suppression issues, hearings and trial technique, and ethical obligations; and (3) an opportunity to shadow colleagues in the local criminal courts and observe the proceedings in diversionary courts. As these junior ADAs transition from the initial training phase, they will be assigned to one of our eight local court branch offices where, under the supervision of a Branch Chief, they will inherit their own case load, draft motion responses, participate in court proceedings, and attend ongoing lectures in advanced topics which will continue throughout their tenure in the office. Additionally, and recognizing a need to acclimate and train lateral hires (from other DA's offices), our Criminal Court and Training Division also created a week-long onboarding and training program for new ADAs. This program focuses on the introduction to the structure and practices of the office by meeting with key personnel on ethics, data systems, discovery and other specialized training necessary for work as a prosecutor in Westchester County.

Domestic Violence High Risk Training Initiative and VICTR Task Force (Victim Informed Care and Recovery)

- ✓ The Westchester County District Attorney's Office collaborates with the County Office for Women, the Pace Women's Justice Center, Westchester Medical Center (WMC) and a group of active and retired police chiefs to train police departments throughout in Westchester in the use of a lethality assessment measurement tool to assess risk in high-risk cases of domestic violence. Every member of 37 Westchester police departments have been completely trained thus far and the training team is actively involved in additional training. Additionally, and on a regular basis, the DV High Risk Training Initiative also conducts in-service classes at the Westchester County Police Academy. Finally, the WCDAO is a member of the VICTR task force super-vised by WMC and brings together many government and non-government agencies to combat sexual violence and

District Attorney (37)

domestic violence in Westchester and to address issues related to the care of victims.

Child Abuse Multidisciplinary Team

- ✓ The Office of the District Attorney is a key member of this team which works together to reduce trauma to child victims by conducting joint investigations of child abuse by professionals throughout the County from law enforcement, child welfare, mental health professionals, child abuse pediatricians, and the staff at the Child Advocacy Center. The collaborative investigation includes sensitive forensic interviews of children and medical examinations by forensically trained medical professionals. The interviews and medical exams take place at the Children's Advocacy Center, a child friendly environment at the Westchester Institute for Human Development and are coordinated by the Investigations Information Coordinator who is a member of the WCDAO'S Special Prosecutions Division.

Child Fatality Review Team

- ✓ This multidisciplinary team examines the circumstances that led to any suspicious death of a child or death of a child receiving services from the Westchester County Department of Social Services with a focus on the prevention of future harm to children. The team includes the District Attorney's Office, the Medical Examiner, a forensic pediatrician, local police departments, Emergency Medical Services, the County Attorney, the Department of Social Services, and others. The team investigated 18 child fatalities in 2021 and has reviewed a total of 169 child fatalities since its inception in 2006. The DA's Office also participates as a leader in the CFRT's Safe Sleep safety initiative program, including forming a partnership with Buy Buy Baby to provide co-sleepers and sleep sacks to Westchester families.

Northern Westchester Risk Reduction Team/Westchester County High Risk Team

- ✓ The Northern Westchester Risk Reduction Team is a collaboration among five northern Westchester police departments, domestic violence advocates, the District Attorney's Office, and the Westchester County Department of Probation to scrutinize high-risk domestic violence cases and offer intervention strategies in those

communities and throughout all of Westchester to combat and reduce risk in those high-risk domestic violence cases in those communities.

Westchester County Anti-Trafficking Task Force

- ✓ The Westchester County Anti-Trafficking Task Force, which is co-chaired by the Office of the District Attorney, has developed protocols for the investigation of sex and labor trafficking cases and has worked closely with the United States Attorney's Office, the Federal Bureau of Investigation, and the Department of Homeland Security in a continuing effort to encourage inter-agency cooperation in the investigation and prosecution of human traffickers. The WCDAO and the Task Force also work collaboratively with government and non-government advocacy organizations who are active in the area of supporting victims of human trafficking. In 2020, the WCDAO sought and received funding from the US Department of Justice to increase the work of the WCDAO and the Task Force to combat human trafficking in the county.

Victim's Justice Center

- ✓ This multilingual center helps victims and their families cope with the emotional physical and financial impact of the crime. The center facilitates victim services ranging from counseling to funeral expense reimbursement to shelter placement. The center also has a full-time on-site trauma therapist able to provide counseling to victims and their families. Notwithstanding the challenges of the COVID-19 pandemic, in 2021 the center handled 632 new cases providing a wide variety of different services to crime victims in Westchester County. Moreover, the trauma center therapist provided 858 therapy sessions. In 2022, we requested and received additional funding from the state to hire a Spanish-speaking trauma therapist

Combating Opioid Deaths

- ✓ Ending the scourge of opioid overdoses takes a commitment to investigating the dealers who bring opioids, and the violence it spawns, into our communities. Through the Opioid Response and Overdose Prevention Initiative (ORI), the WCDAO partners with the Westchester County Departments of Community Mental Health, Health, Social Services, Public Safety, the Medical Examiner's Office

District Attorney (37)

and the County Executive's Office, and local and federal law enforcement work collaboratively to prevent overdose deaths, and save lives. ORI partners meet regularly to collaborate on public health and law enforcement data sharing, including conducting increased data collection, analysis and transparency about overdoses in Westchester County. The data collected and analyzed by the WCDAO is essential to these efforts. The ORI also works to increase community education, outreach and support services to populations in need and to find and implement evidence-based treatment approaches for individuals with substance use disorders who are also struggling with co-occurring mental health needs. The ORI is actively working to propose new programs, including diversion and treatment programs, that could be funded with opioid settlement funds. Additionally, our newly formed Violent Criminal Enterprise Bureau continues to work closely with local police and federal partners to investigate and prosecute those responsible for selling opioids to support gang activity

Suspicious Activity Report Review and Action

- ✓ The Economic Crimes Bureau of the Investigations Division developed a proactive data-driven system to review information contained in reports generated through the Federal Financial Crimes Enforcement Network, part of the United States Treasury Department. The Bureau, in conjunction with Crime Analysts, reviews Suspicious Activity Reports to identify identity theft and related crime patterns, and develop methods to investigate those patterns and dismantle criminal networks attempting to victimize County residents.

Crime Analysts

- ✓ Crime Analysts, under the supervision of the Division Chief and Deputy Chief and Chief Criminal Investigator, are fully engaged in developing evidence for long-term investigations; preparing analyses for presentation to the Grand Jury; and reviewing data from multiple law enforcement sources to identify trends, such as financial crime patterns, and also patterns relating to gang violence. Analysts respond to subpoena requests from police departments and are involved in helping to draft the subpoenas. The WCDAO has made efforts to use these analysts more effectively and has provided several trainings to the analysts to better focus their important efforts.

Community Outreach

- ✓ The WCDAO is committed to promoting public safety and crime prevention. ADAs, criminal investigators and other staff fulfill this mission by speaking at schools, senior centers, civic organizations and other community settings where the public can learn more about crime prevention. In 2021, crime prevention topics included but were not limited to Cybercrime, sexual assault, elder abuse and senior safety, bullying, drinking and driving, internet safety, fraud, drug abuse, hate crimes and the role of the District Attorney's Office.

Gun Involved Violence Elimination (GIVE)

- ✓ The Office of the District Attorney coordinates the Gun Involved Violence Elimination (GIVE) Initiative, funded by the New York State Division of Criminal Justice Services. The GIVE Initiative's goal is to reduce and prevent shootings and homicides in Mount Vernon and Yonkers. To accomplish this goal, the WCDAO has partnered with local police departments, the New York State Department of Corrections and Community Supervision, the Westchester Departments of Public Safety and Probation, and other community stakeholders.

DEPARTMENT ACCOMPLISHMENTS

DEPARTMENT STATISTICS:

- ✓ 17,229 cases were prosecuted in the Local Criminal Courts by the Office of the District Attorney
- ✓ Prosecutors presented 166 cases representing 208 defendants resulting in indictment to 19 Grand Jury Panels on which over 437 Grand Jurors served.
- ✓ The Special Prosecutions Division handled 8,659 complaints and referrals, including (but not limited to) reports to the New York State Register of Child
- ✓ Abuse and Maltreatment and the New York State Justice Center for the Protection of People with Special Needs, which are reviewed to determine if there has been criminal conduct.
- ✓ The Domestic Violence Bureau of the Special Prosecutions Division prosecuted 2054 domestic violence cases.
- ✓ The Child Abuse/Elder Abuse Bureau of the Special Prosecutions Division sought justice for our most vulnerable populations by

District Attorney (37)

prosecuting 135 child abuse charges and 132 elder abuse charges, while reviewing almost six thousand reports from the State Central Registry for Child Abuse.

- ✓ The multilingual Victims Justice Center handled 632 new cases providing a wide variety of services to 752 crime victims in Westchester County.
- ✓ The Public Integrity and Law Enforcement Integrity Bureau handled 33 new investigations and 121 new civilian complaints.
- ✓ 196 defendants were prosecuted for gun related arrests and over 300 pistols and revolvers were recovered. Those items were submitted for testing to the Westchester County Department of Public Safety Ballistics Unit.
- ✓ The Westchester County Supreme Court issued 70 Extreme Risk Protection Orders for 39 individuals between 8/25/19 and 7/8/22.
- ✓ Under supervision of the ID Theft coordinator, the WCDAO investigated and prosecuted 31 Identity Theft cases.
- ✓ The Economic Crimes Bureau opened 45 investigations and recouped over \$968,428.13 for crime victims.
- ✓ The Appeals Bureau of the Appeals and Special Litigation Division filed 57 briefs in the New York State Supreme Court, Appellate Division and Appellate Term, the New York Court of Appeals, and the United States Court of Appeals for the Second Circuit. The Special Litigation Section of the Appeals and Special Litigation Division responded to 177 FOIL requests and 15 FOIL appeals.

REVENUES:

- ✓ State Aid is fixed by the State of New York at \$79,981.
- ✓ Grant Funding. The District Attorney aggressively pursues grant funds from State and Federal agencies to help offset the cost of new and existing law enforcement programs that benefit County residents. It is estimated that approximately \$2.2 million will be received in grant funds in 2022 to offset the cost of these programs.

DEPARTMENT ACCOMPLISHMENTS:

ON-GOING

The Department has continuously been accredited by NYS Department of Criminal Justice since 1992. The following units within the Department hold

separate accreditations or certifications within their specific fields of expertise:

- ✓ Forensic Investigations Unit
 - ◆ Crime Scene
 - ◆ Fingerprints
 - ◆ Ballistics
 - ◆ Digital Evidence
- ✓ Civil Division
- ✓ Special Response Team
- ✓ Hazardous Devices Unit (Bomb Squad)
- ✓ Canine Unit

Patrol Services Division (PSD)

- ✓ Regular patrol units enforce DWI laws, and STOP-DWI details (checkpoints and mobile patrols) enhance roadway safety and security by reducing the risks of accidents associated with DWI. In 2018, there were 203 DWI arrests made.
- ✓ While driving at excessive speeds continues to be an unnecessary risk for drivers, the increase in distracted driving, specifically the use of hand-held cell phones and text messaging, continues to grow as a major cause of motor vehicle accidents. In 2018, 1,956 summonses were issued for speeding and 390 summonses were issued for using a cell phone while driving.
- ✓ In addition, unauthorized vehicles (including tractor trailers) continue to improperly access our parkway system. In response to this ongoing problem, this Department issued 1,182 restricted vehicle summonses in 2018.
- ✓ PSD partners with various other agencies to conduct Commercial Vehicle Enforcement details.

Police Academy

- ✓ PFrom January through December 2021, a total of 482 courses were held for a total of approximately 21,930 student-training days. A total

Public Safety Services (38)

of 155 courses were held at the Academy's Firing Range for a total of approximately 2,985 student-training days.

Special Operations Division (SOD)

- ✓ SOD continues to participate in the Secure the Cities (STC) Counter Terrorism Program with NYPD. Our agency continues to receive STC grant funds for training, drills, and exercises associated with detecting, locating, and responding to radiological/nuclear events.
- ✓ SOD continues to support local public safety agencies with Hazardous Devices, HAZMAT/CBRNE Incidents, Tactical Situations, Crisis Negotiation, Aviation, Emergency Services Response and Maritime support.
- ✓ Special Response Team continues to support local municipalities with resolution of high risk search warrant executions, barricaded suspect events and suspect searches and apprehensions.
- ✓ Canine Unit (arson, electronic storage detection, explosive detection, narcotics, tracking, and apprehension) continues to support department functions as well as local agencies with expertise and canine services in each of the specialized canine areas.

Investigative Services

Intelligence Unit

- ✓ Is actively engaging in threat assessment analysis in order to pursue any and all threats made to public officials, including but not limited to police officers, judges, district attorneys and any elected officials, whether made in person, in writing or electronically, including social media outlets.
- ✓ Broadcasted over 400 stolen car alerts via the Real Time Crime Center.

Detective Division

- ✓ Warrant-Fugitive Unit is expected to perform approximately 45 extraditions as well as over 300 prisoner transports in 2023.
- ✓ Forensic Investigations Unit processed over 63 crime scenes in 2021 and also assisted with 307 latent print cases.

Taxi and Limousine Commissioner (TLC)

- ✓ Continues outreach to municipalities to take advantage of WCTLTC Fine Revenue Sharing Initiative whereby participating police departments will receive a portion of TLC fine revenue collected from local enforcement efforts.
- ✓ Continues outreach to municipalities to take advantage of WCTLTC shared-service process for licensing of taxi drivers. Local benefits include cost savings and decreased liability.
- ✓ Continues to strengthen cooperative measures for the identification and recoupment of TLC Scofflaw revenue.

REVENUES:

The Department raises revenue from the following sources:

- ✓ Statutory fees for the service of process and executions and related enforcement actions by the Civil Process Unit.
- ✓ Statutory fees for the reproduction of records for the public by the Records Unit.
- ✓ Fees charged for accident reports provided to the public by the Records Unit and contractors.

Department Of Transportation (44)

The Department of the Public Works and Transportation - Transportation Division provides surface transit services and maintains the vehicles, garages, and bus stops of the Bee-Line System. In order to access Federal funds, the division is required to collect data and provide demographic breakdowns of the bus system ridership. In addition, as the division is responsible for the purchase of equipment through its Capital program; federal funds are available for reimbursement of eligible administrative costs. Transportation staff also represent the County in federally mandated transportation planning activities in order to maintain the County's eligibility for federal transit and federal highway funds.

- ✓ Participated in the development of specific recommendations for employer-based regional TDM and transportation benefits programs.
- ✓ Completed various bus stop improvement projects.
- ✓ Continued enhanced drug and alcohol testing oversight in accordance with FTA Triennial Review recommendations.
- ✓ Worked with WCC to promote bus service and alternative mobility options for the college.
- ✓ Completed several capital projects at the Yonkers Central Maintenance Facility and Valhalla Bus Garage.
- ✓ Initiated new systems integration project for the fixed route bus system.

ON-GOING

- ✓ Continue the SmartCommute program to encourage employers to adopt policies that will reduce their employees carbon footprint.
- ✓ Export data to 511 system for regional use.
- ✓ Conduct "Transit Fairs" with Westchester County businesses, community organizations and the general public.
- ✓ Undertake numerous senior citizen outreach efforts, focus groups and surveys to identify the transportation needs of that expanding community and promote use of the Bee-Line system.
- ✓ Maintained federal compliance requirements regarding both the use of federal capital funds by the Bee-Line System and operating requirements imposed by Title VI of the federal Civil Rights Act.
- ✓ Monitor DBE compliance for FTA and FAA funded projects; undertake outreach efforts to ensure DBE participation.

- ✓ Continued outreach to corporate and institutional employers to increase bus ridership and familiarize employees with bus services, and incentive programs.
- ✓ Provided up to date route schedules, informational brochures and bus stop schedules to the riding public in English and, where appropriate, other languages, both in printed format and at the County website, westchestergov.com.

REVENUES:

Bus Operations

- ✓ Departmental Revenues
 - ◆ The Department receives departmental revenue through advanced sale of fare media for fixed route and ParaTransit services, Metrocard reimbursement from the NYC Transit Authority, advertising agreements, incidental rent and concessions, reimbursements for grants administration by operating budget employees, services to other departments and employers, and from audit payments and recoveries.
- ✓ State Operating Assistance
 - ◆ The Department receives State Transit Operating Assistance (STOA) for its bus operations. The Department requests its annual allocation of State funding through the submission of an Annual Report and Budget (17-a) to the New York State Department of Transportation. As a specified recipient in the NYSDOT budget, the Department is allocated STOA based on direct annual legislative appropriation.

State Funding for New/Demonstration Services

- ✓ State Funding for New/Demonstration Services is received for limited periods (1-3 years) from the New York State Department of Transportation. The State typically funds from 50% to 100% of the service deficit for a limited period, with the understanding that the service will either be self-sustaining or eliminated after the funding period. These funds are awarded to the Department through a formal State grant process. The amount of funding awarded for New/Demonstration Service is based upon justifications provided in the grant application.

Department Of Transportation (44)

Federal Aid

- ✓ Since 1998 the Federal Transportation Administration permitted the use of Section 5307 formula funds for the reimbursement of certain preventive maintenance operating expenses. Eligible preventive maintenance expenses are justified as reported on the Annual Section 15 National Transit Database Report for the Westchester County Bee-Line System. In addition, the department has been awarded 5339 funding for buses and bus related facilities. The Department has been awarded FTA Section 5310 funding for capital programs and services which exceed the FTA's ADA mandate. The Department was also awarded Federal COVID relief funds.

Grant Reimbursements to Operating Budget

- ✓ Federal and State Grants are pursued and awarded on a regular basis to fund capital acquisitions and the administrative expenses related to specific projects. Federal funds for the administration of capital projects are awarded to the Department based on National Transit Database Reporting, which identifies the cost and service parameters of the Bee-Line System. State funds for the administration of capital projects are awarded to the Department based on a formal State grant process. Funds are also received to undertake work mandated as part of the Metropolitan Planning process.

Acct T-041 44-041Y. Granting Agency: Federal Highway Administration. This program involves the development and administration of a Commute Alternative Program for Westchester County in order to limit or reduce growth in vehicle miles of travel, mitigate traffic congestion and reduce air pollution. This program will focus on strategies intended to change the travel behavior of employees commuting to work, in order to reduce single occupant vehicle use, especially during the peak period. Term: 01/01/23 - 12/31/23. Positions: 4.

Department Of Public Works (46)

The Commissioner of Public Works and Transportation is appointed by the County Executive, subject to confirmation by the Board of Legislators.

Department Of Public Works (46)

Mission Statement

The mission of the Department of Public Works and Transportation - Public Works Division is to construct, operate and maintain necessary infrastructure for those who live, work and travel in Westchester County in order to ensure public safety, public health, and economic viability.

Department Of Public Works (46)

The Department of Public Works and Transportation - Public Works Division is New York State government's agent for the maintenance and management of the New York State Courts under the New York State Court Facilities Act. Under the New York State Highway Law, the Department is required to maintain all County roadways. In order to be eligible for full State aid, counties are required to maintain a maintenance of effort for all court facilities and roadways. Federal laws controlling navigable waterways require that the Fulton Ave. bascule bridge be maintained and operated without hindrance to marine traffic. The Department, therefore, is required to operate under the following U.S. and New York State Laws and Codes, Rules and Regulations:

Programs and Services

Court Facilities

Road Maintenance (Including Highway Superintendent)

Fulton Avenue Bridge

State Law or Regulations

NYS Unified Court System, Chapter 686 Laws of 1986.

PROGRAM AREA AND SERVICES:

GENERAL GOVERNMENT SUPPORT

- ✓ Engineering services for repair and rehabilitation of County roads, bridges, parks, buildings, and structures.
- ✓ Maintenance and repair of County owned and leased buildings to provide a clean, safe and comfortable environment for the public, County staff and tenants.
- ✓ Maintenance, repair and snow removal on County roads and bridges to provide a safe, properly maintained County road system for the traveling public.
- ✓ Purchases, performs maintenance and repairs of vehicles and motor equipment that are energy-efficient, safe and dependable to support County programs.
- ✓ Management of the capital program and oversight of construction projects for all County departments including Parks Recreation and Conservation, Environmental Facilities, Corrections, in addition to oversight of other County real estate projects.

PUBLIC HEALTH & SAFETY

- ✓ Administers the Plan 4 Safety Community Traffic Program to increase public awareness about traffic safety through County-wide partnerships.

DEPARTMENT INITIATIVES:

NEW

- ✓ Plan and install electric vehicle charging infrastructure on County owned property.
- ✓ Establish a program for building code review and inspection of eligible construction projects on County property in compliance with the Building Code of New York State.

ON-GOING

- ✓ Systematically replace eligible vehicles solely powered by gasoline or hybrid powered vehicles with plug-in hybrid or fully electric vehicles.
- ✓ Utilize a road maintenance service contract to repave sections of roads that have degraded at a faster rate than the remainder of the road and increase the longevity of the road between capital improvements.
- ✓ Focus on increasing operational efficiencies and identifying cost savings during the upcoming fiscal years in support of the County's cost cutting efforts.
- ✓ Continue to work with County departments to modify employee workspaces in accordance with changing needs. These measures include, but are not limited to the ongoing installation of no-touch devices in bathrooms and other common areas, reconfiguring of office space to allow for social distancing along with setting up polycarbonate partitions when interfacing with the public is required.
- ✓ Spearhead ambitious County-wide Capital Program to spur economic development in Westchester.
- ✓ Encourage sustainability in County capital projects with the goal of exceeding standards and reducing the County's carbon footprint. The Department has partnered with NYPA on numerous projects involving lighting and HVAC upgrades, solar panel installations, window replacements, as well as developing a centralized building management system.
- ✓ Support the MWBE Program for Minority- and Women-Owned businesses to increase participation in County projects. Recently expanded outreach to include Service-Disable-Veteran-Owned Businesses.
- ✓ Continue partnering with local governments to share resources and information in order to increase government efficiency and minimize cost to taxpayers. Areas of interest have been our "Nitrogen in Tires" program, salt brine, hybrid vehicles, standardized agreements, shared consultant lists, project labor agreements, model bidder specifications and minority contractor listings.

Department Of Public Works (46)

- ✓ Continue NACO-award winning Westchester Educational Safety Training (WEST) program to teach and implement best practices in selecting, purchasing, installing, operating, maintaining and repairing safety equipment and vehicles used by emergency responders throughout Westchester.
- ✓ Evaluate the County fleet of approximately 1,700 vehicles and motorized equipment to “right-size” the number and vehicle types including conversion of fleet to hybrid or fully electric vehicles. The goal is to achieve maximum reliability and carefully tailor each vehicle to the intended use. Result - more efficient use of funding for vehicle acquisition and operation.
- ✓ Implement GPS tracking systems to allow DPW to identify cars that deviate from their official destination(s) and/or exceed speed limits. In conjunction with follow-up by the Vehicle Safety Review Board, this has reduced abuse of County vehicles, will encourage safe driving, and is aimed at reducing accidents involving County vehicles.

DEPARTMENT ACCOMPLISHMENTS:

ON-GOING

- ✓ Enter into an agreement with a factory authorized vehicle repair service to supplement the in-house vehicle repair garage to ensure a faster turnaround and minimize downtime of vehicles on an as needed basis.
- ✓ Make a concerted effort to improve efficient operation and maintenance of buildings, parking structures, and grounds in White Plains, the Grasslands Campus, and buildings owned throughout Westchester.
- ✓ Maintain and ensure safe condition of County roads and bridges.
- ✓ Continue to optimize motor pool efficiency by adjusting distribution of fleet vehicles among 13 motor pool locations to match changing needs for service.
- ✓ Continue to minimize the number of vehicle-related injuries and fatalities and increase public awareness of traffic safety within the County by providing safety information and educational programs targeting car occupant restraint, pedestrian safety, bicycle and helmet safety and school bus safety.

- ✓ Maintain UV filtration in office building ventilation systems that could be retrofitted.
- ✓ Established on-call consulting agreements to streamline the consultant engagement process.
- ✓ Perform succession planning and recruitment to address pending and anticipated retirements.
- ✓ Develop project database to facilitate management of the capital construction program.

REVENUES:

- ✓ Departmental Revenue
 - ◆ Rents are collected from County departments based on actual rental agreements and by prorating gross maintenance expense on a uniform basis of square footage of space occupied.
 - ◆ Revenues collected from operations of the Valhalla campus are based on actual services provided, operations of the central heating plant, electric charges and actual repair and contract expenses.
 - ◆ For repairs to vehicles and equipment, an hourly rate for mechanics' services is charged.
 - ◆ The county auto fleet is charged based on an annual rate for cars dedicated to user departments and on an hourly basis for the motor pool fleet.
- ✓ Interdepartmental Revenues
 - ◆ General Fund County departments are charged a per square foot rate for space occupied in County leased and owned buildings.
 - ◆ Repairs to vehicles/equipment are billed at an hourly rate to departments who use Garage services. Use of Motor Pool vehicles is also billed based on the length of time the vehicle is used.
- ✓ State Aid
 - ◆ Consolidated Highway Improvement Program (CHIPS) funds are received on a formula reimbursement basis; the formula takes

Department Of Public Works (46)

into account County Capital and operating costs, lane miles of road and auto registrations.

- ◆ State Aid funds are received for the Pave Our Potholes (POP) Program to resurface and renew roadway payments.
- ◆ State Aid to partially reimburse the County for Court program costs is booked as Miscellaneous revenue.
- ✓ Grant Funds are administered to enable the County to provide safety and education programs that increase public awareness of traffic safety issues.

Retirement Systems:

Westchester County belongs to the New York State Employees Retirement System (ERS) and the Police and Fire Retirement System (PFRS). The county is mandated to contribute to the system for retirement costs of employees based on salaries and membership in a specific tier. Based on the 2004 New York State Pension Relief Law, the county can choose to prepay the discounted amount by December 15th or the full amount by February 1st. Tier membership is based on enrollment dates as per below. ERS Tier 3 and Tier 4 enrollees contribute 3% of their income to the retirement system in addition to the County's contribution for the first ten years of service. All Tier 5 & 6 enrollees contribute to the retirement system in addition to the County's contribution for their entire length of service.

Employee Retirement System (ERS)

- ✓ Tier 1 (enrolled prior to July 1, 1973);
- ✓ Tier 2 (enrolled July 1, 1973 to June 30, 1976),
- ✓ Tier 3 (enrolled July 1, 1976 to August 31, 1983)
- ✓ Tier 4 (enrolled September 1, 1983 to December 31, 2009)
- ✓ Tier 5 (enrolled January 1, 2010 to March 31, 2012)
- ✓ Tier 6 (enrolled on or after April 1, 2012)

Police and Fire Retirement System (PFRS)

- ✓ Tier 1 (enrolled prior to July 31, 1973)
- ✓ Tier 2 (enrolled July 31, 1973 to June 30, 2009)
- ✓ Tier 3 (enrolled July 1, 2009 to January 8, 2010)
- ✓ Tier 5 (enrolled January 9, 2010 to March 31, 2012)
- ✓ Tier 6 (enrolled on or after April 1, 2012)

PFRS members who joined July 1, 2009 through January 8, 2010 and did not elect to be covered by Article 22 (opt into Tier 5), can be covered by Article 11 or Article 14 benefits, depending on their retirement plan election.

FICA/Medicare:

Westchester County and its employees are mandated to contribute to Social Security (FICA) and Medicare Funds. Employees and employers currently contribute 7.65% of paid salary for income up to \$147,000 (2022 Level) for FICA and a rate of 1.45% for Medicare without income limitations. Additional withholding of 0.9% is paid by the employee on wages in excess of \$200,000.

Health Insurance:

In 1981, Westchester County became a self-insured, self-administered health insurance program. The County plan provides benefits for in-patient and out-patient hospitalization; major medical coverage; HMO's; dental and prescription drugs and is subject to collective bargaining agreements between the County and each union. The County extends medical coverage to both active and retired employees and their spouses or domestic partners when applicable. Additionally, the County reimburses retirees for Medicare premiums for retirees and their spouses over 65 years of age.

Miscellaneous Budgets (52)

Metropolitan Commuter Transportation District Mobility Tax:

As an employer located within the 12 county Metropolitan Commuter Transportation District (MCTD) with quarterly payroll in excess of \$437,500, Westchester County is statutorily required to remit a tax equal to 0.34% of payroll to the State of New York for the benefit of the Metropolitan Transportation Authority (MTA).

Employee Benefit Fund:

Westchester County through contractual obligations with the United Federation of Police Officers, Westchester County Police and Superior Benevolent Associations, Westchester County Correction and Superior Officers Associations unions provides for benefits including dental and disability to its members. In addition, death benefits for active employees are expensed in full.

Pension Contribution Stabilization Program:

Authorized by the State of New York under Chapter 57 of the Laws of 2010, the Pension Contribution Stabilization program gives participating employers the option to defer a portion of their current pension liability to be paid over ten (10) years. Westchester elected to participate in the program for State Fiscal Years 2013 through 2019. A summary of the County's participation is shown below.

- ✓ Annual comprehensive TSA inspection - achieved successful inspection
- ✓ Air Carrier audits - achieved multiple successful results and earned a JetBlue Business Partner award for aircraft cabin cleanliness
- ✓ Supported new entrant air carrier Breeze Airways

ON-GOING

- ✓ Maintained the Airport's status as fiscally self-sustaining without recourse to tax levy funds
- ✓ Continued enforcement of the Terminal Use Regulations (TUR) governing air carrier access
- ✓ Provide safe ground handling and excellent customer service for air carrier operations
- ✓ Ensure safety and security regulatory compliance with the FAA's Airport Certification Manual, the TSA's Airport Security Program, respectively, and effective collaboration with the Customs and Border Protection (CBP) and other partner agencies

- ✓ Continued industry leadership in developing best management practices for environmental, safety and security
- ✓ Support County Departments and Community Organizations by hosting/facilitating airport tours

REVENUES:

- ✓ The Airport became a Special Revenue Fund effective January 1, 1998. The Airport generates its revenue through a variety of sources including corporate hangar rentals, ground handling fees and concession fees. Office and hangar rental rates for tenants are based on square footage occupied. A competitive rate is based upon market analysis; additional expenses (utilities, taxes) and general facility maintenance, which are paid by the tenant.
- ✓ The commercial airlines operate under the restriction identified in the Terminal use Agreements (TUA). All ground handling fees are charged to the airline community through their TUA permit. Ground handling rates, which cover all baggage handling, ramp operations, security and aircraft servicing, are determined by the airport operator based on operating costs plus overhead. Optional aircraft services such as aircraft towing, aircraft deicing/anti-icing, and special services generate additional fees. These rates are charged by the type of aircraft and the frequency of scheduled flights. Concessionaire fees are collected for rental of space by car rental agencies, food service companies and parking operations. Fees may be negotiated on a flat rate basis and/or a percentage of gross receipts.
- ✓ Other revenues to the Airport include: fuel flowage fees, which are fees charged to the fixed base operators for each gallon of fuel pumped; transient aircraft landing and parking fees along with operating cost recovery and reimbursement of taxes.

ACT NO. 161 of 2022 (As Amended)
(Corrected)

HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK

Your Committee on Budget and Appropriations is in receipt of a transmittal from the County Executive of his proposed 2023 County Budget and Budget Act making appropriations and levying real property taxes for the support of County Government for the year Two Thousand Twenty-Three.

The Department of Budget has advised that this legislation is necessary for the conduct of County Government for the fiscal year beginning January 1, 2023.

Therefore, the Committee recommends the adoption of the attached Budget Act making appropriations and levying real property taxes for the support of County Government for the year Two Thousand Twenty-Three.

ACT NO. 161 of 2022 (As Amended)
(Corrected)

AN ACT adopting the County Budget and making appropriations and levying real property taxes for the conduct of the County Government for the year Two Thousand Twenty-Three.

Be it enacted by the Board of Legislators of the County of Westchester as follows:

Section 1. The accompanying County Budget including the current plan and the capital program for the County of Westchester and the several districts therein, as listed below, is hereby adopted for the fiscal year Two Thousand and Twenty-Three:

County of Westchester

Section 4. Within 30 days after the close of the Second Quarter and the Fourth Quarter for the Calendar Year 2023, the Commissioner of Finance shall verify and provide the Board of Legislators with:

- (i) A combined statement of the County's cash balances for all accounts
- (ii) A statement of the County's cash balances for all enterprise funds

Section 5. With respect to the Executive Branch of County government, the positions shown in the budget are hereby authorized, created and/or continued and the number appearing on the line items of the positions shall be the number of positions under such title.

Section 6. All elective officers, appointive officers and other positions are to be paid at salaries set in accordance with the provisions of the personnel rules and amendments thereto adopted by this Board and with respect to the Executive Branch of County government, may be filled only in accordance with procedures approved by the County Executive.

Section 7. Where personal service is required to accomplish the intended purpose of an appropriation, such personal service may be employed in accordance with the provision of the personnel rules and amendments thereto adopted by the Board, when approved and allocated by the Budget Director as appropriate.

Section 8. Where personnel are employed under a trust or grant, such employment shall terminate at the expiration of the funds provided by the trust or grant.

Section 9. The Commissioner of Finance is hereby authorized to advance from funds on hand to Year 2023 Budget accounts such amounts as may be required, pending receipt of taxes and/or other revenues.

Section 10. Transfer of appropriations between departments and transfer of appropriations between a department and the Miscellaneous Budget are made upon the prior recommendation of the County Executive with the prior authorization of the County Board of Legislators.

Section 11. Transfer of appropriations between general classifications of expenditures within the same department and transfers of appropriations between account lines in the Miscellaneous Budget are made with the prior authorization of the County Executive on the recommendation of the Budget Director and with the prior approval of the Committee of the County Board designated by resolution of such Board.

Section 12. The "Trusts" section presented after the operating budget of a department is provided for informational purposes only. Adoption of this budget act shall not be considered to be acceptance of any grant requiring the expenditure of County funds.

Section 13. The invalidity of any provisions, paragraphs, or portions of this Act shall have no effect upon the validity of any other part or portion hereof. Should any provision(s) of this Act be held by a court of competent jurisdiction to be invalid or for any reason unenforceable, the remainder shall nonetheless be of full force and effect.

**COMMITTEE ON BUDGET AND APPROPRIATIONS REPORT
CONCERNING THE 2023 COUNTY BUDGET (Final Report)**

December 9, 2022

Honorable Board of Legislators
County of Westchester
800 Michaelian Office Building
White Plains, New York 10601

Honorable Colleagues:

On October 14, 2022, County Executive George Latimer forwarded his proposed 2023 County Capital Budget and on November 10, 2022 forwarded his proposed 2023 County Operating and Special Districts Budgets to the Committee on Budget & Appropriations. The Budget & Appropriations Committee of this Honorable Board has devoted full attention to analyze and discuss them.

Meetings of the Board of Legislators and its committees are held at the Michaelian Office Building, 148 Martine Avenue, White Plains, New York, 10601, and remotely via the WebEx video conferencing system allowing both in-person and remote participation via Webex. The Budget & Appropriations Committee has held two in-person Public Input Sessions, the first on November 16, 2022, at 7pm, at the New Rochelle Public Library, and the second on November 30, 2022, at 7pm, at the Chappaqua Performing Arts Center. The Committee also held a public hearing, as required by the County's Charter, on Wednesday, December 7, 2022, at 7pm. The hearing was attended by concerned residents who were able to comment both in-person, and via the County Board's Webex video conference system. In addition, the Budget & Appropriations Committee has benefited from the testimony of Commissioners and heads of major departments, as well as from analysis of the proposed budgets by the Citizens' Budget Advisory Committee and by our auditors.

On Monday, December 5, 2022, pursuant to Section 167.81 of the Westchester County Charter as amended by Local Law 8-1994, the Committee on Budget & Appropriations filed a memorandum of proposed additions to the proposed 2023 Budgets.

The Board of Legislators will continue to debate the legally required balanced budgets for 2023. We are committed to continuing to find the balance between investment in our residents, services and infrastructure while stabilizing the tax levy.

Your Committee finds that amounts appropriated in the 2023 County Budgets pursuant to the policies of this Board are for the purposes of performing the operations of the County and providing essential services to County residents. Therefore, the Budget & Appropriations Committee offers the attached amendments at this time.

CLERK OF LEGISLATION

COMMITTEE ON BUDGET & APPROPRIATIONS

CONCERNING THE 2023 COUNTY BUDGET (Additions)

December 5, 2022

Board of Legislators
County of Westchester
800 Michaelian Office Building
White Plains, New York 10601

Honorable Colleagues:

On October 14, 2022 County Executive George Latimer forwarded his proposed 2023 County Capital Budget and on November 10, 2022 he forwarded his proposed 2023 County Operating and Special Districts Budget to the Committee on Budget and Appropriations. The Budget & Appropriations Committee of this Honorable Board immediately began to analyze and discuss them.

Pursuant to Section 167.81 of the Laws of Westchester County as amended by Local Law 8-1994, your Committee on Budget & Appropriations, within a specified time period, has the authority to file with the Board a memorandum of any proposed additions to the Proposed Budget. In keeping with Board policy, your Committee on Budget & Appropriations notes that any additions contained in this Memorandum, as well as any other item, may still subsequently be reduced or entirely deleted from the Proposed 2023 County Operating, Capital, and Special Districts Budget prior to their adoption.

As is its practice during the process of considering additions, your Committee on Budget & Appropriations has called on various County departments and agencies to testify.

It has also relied on the expertise of its auditors and has taken into account the views of all Legislators, the Citizens Budget Advisory Committee, numerous groups and organizations, individual citizens, and has held two in-person Public Input Sessions. Additionally, meetings of the Board of Legislators and its committees are held at the Michaelian Office Building, 148 Martine Avenue, White Plains, New York, 10601, and remotely via the WebEx video conferencing system allowing both in-person and remote participation via Webex. All of these perspectives have been factored into this Memorandum, ensuring that it is the product of government decision-making truly shared by all those affected.

In addition to the attached document of additions to the 2023 County Operating Budget, your Committee on Budget & Appropriations has identified existing funding in the 2023 budget to be allocated to reduce the Child Care Parent Share Subsidy program to 5% through child care block grants; and an additional \$500,000 for Neighborhood Health Centers through ARPA funding.

Through its issuance of this Memorandum, your Committee on Budget & Appropriations hereby complies with the Westchester County Charter. While obviously it believes the actions contained within this Memorandum are prudent, that evaluation must ultimately be made by this Honorable Board. Likewise, the County tax rate can only be changed by a majority of this Honorable Board when it passes a budget and/or acts on a County Executive's veto (or vetoes) on specific, Charter-allowed items.

With these understandings, your Committee on Budget & Appropriations hereby recommends the following additions to this Honorable Board for its full deliberation and ultimate decision (see attached schedule):
