Good Morning!

I have the job spec ready for review. Please take a look at the DFOC and the MQ specifically. It is a better fit for the farm structure with the Admin. Let me know what you think, and then I can pass it along to Helen before we settle on it.

Hi Kim,

Please see attached my edits. What do you think?
Thank you!
Jess

Hi Kim,

Here's the spec for review. It's already posted, but we can make minor edits to the DFOC or the quals for the posting, if necessary. Otherwise, we're really just looking at the examples of work to add the grants and/or contract stuff I removed.
