# Volunteers in the Parks

Volunteers are the heart and spirit of the Westchester County parks system.

### Pitch In for Parks

Every year, thousands of civic-minded individuals, organizations and groups volunteer their time and efforts to contribute making their county parks more enjoyable for the benefit of all Westchester residents. [Sign up](#) .

### Volunteers in the Parks

Volunteers in the Parks orient visitors to the parks, lead field trips through the nature preserves for local elementary schools, take photographs, help children learn to swim, lead tours of historic sites and help maintain our parks. Our volunteers come from all walks of life with a variety of skills, abilities, experiences and

interests. But they all have one thing in common: a desire to be involved in protecting and preserving the park system for future generations. Westchester County volunteers enjoy a rewarding learning and work experience and have countless opportunities to develop their interests and utilize their skills.

### Apply to volunteer
