

Fleet Management Plan PRC

Policy for Fleet Management

****All fleeted vehicles and big equipment have regular scheduled maintenance and where required NYS Registration and Inspections performed by the mechanics for Westchester County/DPW's Central County Garage, done every six months. All major repairs are done by DPW garage or an outside automobile repair shop contracted by the County. For scheduled maintenance please refer to the monthly calendar list that is sent to the department.***

Department of Public Works Fleet Management Responsibilities:

- Six-month preventative maintenance multi point inspections
